Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Landmark Retirement Plus Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the accompanying 2014 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The following description of the Landmark Retirement Plus Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a 401(k) savings plan covering employees of Landmark Media Enterprises, LLC (LME) and its affiliates, as defined (the Plan Sponsor or the Company). The Plan is administered by a committee of employees of the Company who were appointed by the board of directors of the Company.

The Plan was adopted and became effective July 1, 1985. It was then amended and restated January 1, 2002, January 1, 2005, January 1, 2007, September 12, 2008, December 31, 2008, and January 1, 2010. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of January 1, 2008, the Plan Sponsor operates the Plan under the Pension Protection Act (PPA) safe harbor features.

(b) Eligibility

The Plan allows employees who are scheduled to work 30 hours or more per week and have attained the age of 21 to participate after completing 30 days of employment. In addition, part-time employees who complete 1,000 hours of service during any calendar year and have attained the age of 21 are eligible to join the Plan 30 days after they have met this 1,000-hour requirement.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Employees may elect to contribute from 0.50% to 50.00% (or from 0.50% to 15.00% if a highly compensated employee) of their annual compensation on a pretax basis, subject to current Internal Revenue Service (IRS) limitations of \$17,500 for both 2014 and 2013. The Plan Sponsor makes a matching contribution to participant accounts equal to 100% of the amount of payroll deferral contributions up to 1% of compensation, plus 50.00% of payroll deferral contributions on the next 5.00% of compensation.

Newly eligible employees are automatically enrolled in the Plan and are defaulted to contribute 3% of their eligible compensation, unless the participant specifically elects another contribution rate or not to participate. In absence of a participant election, contributions are invested in the Vanguard LifeStrategy Moderate Growth Fund but can be moved by the participant at any time.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

Each year after the first year of participation, a participant's deferral rate is increased by 1% until the Plan's 6% automatic savings limit is reached, unless the participant specifically elects otherwise. This automatic savings rate increase generally occurs on the first payroll date of each year.

In addition to regular contributions, participants who are at least age 50 or will attain age 50 during the year and are contributing the maximum allowable under the Plan are eligible to make contributions over and above the limits stated previously. For 2014 and 2013, participants could contribute up to an extra \$5,500. The Company does not provide matching contributions on catch-up contributions.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Allocations are based on the participant's elective deferrals or the ratio of the participant's account balance to the plan total, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Investment Options

A participant may direct contributions in increments of 1% to any of fifteen mutual fund investment options. Participants may change their investment options at any time.

(g) Vesting

Participants are immediately vested in all employee and voluntary contributions plus actual earnings thereon. Effective with the September 12, 2008 and December 31, 2008 amendments to the Plan, employees of the Company and its affiliates who were hired before December 31, 2008 are fully vested in the employer contribution portion of their account. Employees who are hired after December 31, 2008 must complete two or more years of service for vesting purposes. A year of service is defined as any year in which a participant worked 1,000 hours. Participant balances also become fully vested in the event of death, disability, or the attainment of age 65, regardless of the number of years of plan participation.

(h) Forfeitures

Forfeitures represent the unvested portion of terminated employees' matching contributions to the Plan. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$50,682 and \$47,832, respectively. Forfeitures are used to reduce future employer contributions. During 2014 and 2013, forfeitures were used to reduce employer contributions in the amount of \$103,884 and \$217,389, respectively.

(i) Payment of Benefits

Upon death, disability, retirement, or attainment of age 59½, participants or their beneficiaries are entitled to withdraw all or a portion of the vested balance in their account. A participant who

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

discontinues service with the Company for any other reason may elect to receive a single, lump-sum benefit payment equal to the vested portion of his/her account or postpone receipt of benefits until the normal retirement age of 65. If such postponement of benefits is elected, the participant's account balance will be invested in those funds as designated by the participant. In the absence of the participant's election, any lump-sum distribution in excess of \$1,000 must be made as an automatic rollover to an Individual Retirement Account initially invested in the Vanguard Prime Money Market Fund. The Plan also permits withdrawals in the event of financial hardship, subject to certain limitations. Participants can also withdraw for burial or funeral expenses of the participant's deceased parent, spouse, children, or dependents, and expenses for the repair of damage to the participant's principal residence that would qualify for a casualty deduction under Section 165 of the Internal Revenue Code (IRC).

(j) *Notes Receivable from Participants*

Participants may borrow the lesser of \$50,000, reduced by the participant's highest outstanding note balance during the preceding 12 months, or 50.00% of the participant's vested account balance, in amounts greater than \$1,000. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates as determined by the plan administrator (rates ranged from 5.00% - 7.50% at December 31, 2014 and December 31, 2013). All loans must be fully repaid within 5 years from the date the note is made, except notes used to purchase a primary residence, which must be fully repaid prior to the earlier of the participant's normal retirement date or a period of years, not to exceed 25 years, from the date of the note. Upon termination of service, the entire outstanding principal balance and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results may differ from those estimates.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) *Contributions*

Contributions are recorded on the accrual basis.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

(h) *Transfers*

Activity that occurs between Dominion Enterprises 401(k) Employees' Savings Plan and Landmark Retirement Plus Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits. In 2014 and 2013, assets transferred out includes activity that related to the sales of LME subsidiaries (see note 9).

(i) *Risks and Uncertainties*

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Unaudited Information Certified by Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by VFTC was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by VFTC, is presented as follows:

	2014		2013

(6) Income Tax Status

The Plan received a favorable determination letter dated November 1, 2011, whereby the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has since been amended; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(7) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2014 and 2013 were \$47,794 and \$54,212, respectively, as compensation for its duties as trustee and for other services, including administrative expenses for transaction fees associated with notes to participants.

(8) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(9) Plan Transfers

As a result of the sale of News Channel 5 in 2012 and the sales of Greensboro News and Record and Roanoke Times World in 2013, the accounts of all employees within these companies were transferred out of the Plan. These accounts were transferred to other existing plans controlled by the acquiring companies effective January 8, 2013, May 2, 2013 and September 4, 2013, respectively. As a result of the sale of Capital Gazette in 2014, the accounts of certain employees within this company were transferred to other existing plans controlled by the acquiring company effective July 29, 2014. Total assets transferred out of the Plan to other plans were \$72,274 and \$46,693,278 in 2014 and 2013, respectively.

(10) Subsequent Events

Subsequent to year end, it was discovered that one of the plan's provisions was not properly applied in the daily operation of the plan. The definition of vesting as per the plan document was not properly applied when determining termination withdrawals. An internal investigation is currently underway and, once complete, any necessary corrections will be made to participant accounts.

The Company has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued, and determined there are no other items to disclose.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the accompanying 2014 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The following description of the Landmark Retirement Plus Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a 401(k) savings plan covering employees of Landmark Media Enterprises, LLC (LME) and its affiliates, as defined (the Plan Sponsor or the Company). The Plan is administered by a committee of employees of the Company who were appointed by the board of directors of the Company.

The Plan was adopted and became effective July 1, 1985. It was then amended and restated January 1, 2002, January 1, 2005, January 1, 2007, September 12, 2008, December 31, 2008, and January 1, 2010. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of January 1, 2008, the Plan Sponsor operates the Plan under the Pension Protection Act (PPA) safe harbor features.

(b) Eligibility

The Plan allows employees who are scheduled to work 30 hours or more per week and have attained the age of 21 to participate after completing 30 days of employment. In addition, part-time employees who complete 1,000 hours of service during any calendar year and have attained the age of 21 are eligible to join the Plan 30 days after they have met this 1,000-hour requirement.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Employees may elect to contribute from 0.50% to 50.00% (or from 0.50% to 15.00% if a highly compensated employee) of their annual compensation on a pretax basis, subject to current Internal Revenue Service (IRS) limitations of \$17,500 for both 2014 and 2013. The Plan Sponsor makes a matching contribution to participant accounts equal to 100% of the amount of payroll deferral contributions up to 1% of compensation, plus 50.00% of payroll deferral contributions on the next 5.00% of compensation.

Newly eligible employees are automatically enrolled in the Plan and are defaulted to contribute 3% of their eligible compensation, unless the participant specifically elects another contribution rate or not to participate. In absence of a participant election, contributions are invested in the Vanguard LifeStrategy Moderate Growth Fund but can be moved by the participant at any time.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

Each year after the first year of participation, a participant's deferral rate is increased by 1% until the Plan's 6% automatic savings limit is reached, unless the participant specifically elects otherwise. This automatic savings rate increase generally occurs on the first payroll date of each year.

In addition to regular contributions, participants who are at least age 50 or will attain age 50 during the year and are contributing the maximum allowable under the Plan are eligible to make contributions over and above the limits stated previously. For 2014 and 2013, participants could contribute up to an extra \$5,500. The Company does not provide matching contributions on catch-up contributions.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Allocations are based on the participant's elective deferrals or the ratio of the participant's account balance to the plan total, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Investment Options

A participant may direct contributions in increments of 1% to any of fifteen mutual fund investment options. Participants may change their investment options at any time.

(g) Vesting

Participants are immediately vested in all employee and voluntary contributions plus actual earnings thereon. Effective with the September 12, 2008 and December 31, 2008 amendments to the Plan, employees of the Company and its affiliates who were hired before December 31, 2008 are fully vested in the employer contribution portion of their account. Employees who are hired after December 31, 2008 must complete two or more years of service for vesting purposes. A year of service is defined as any year in which a participant worked 1,000 hours. Participant balances also become fully vested in the event of death, disability, or the attainment of age 65, regardless of the number of years of plan participation.

(h) Forfeitures

Forfeitures represent the unvested portion of terminated employees' matching contributions to the Plan. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$50,682 and \$47,832, respectively. Forfeitures are used to reduce future employer contributions. During 2014 and 2013, forfeitures were used to reduce employer contributions in the amount of \$103,884 and \$217,389, respectively.

(i) Payment of Benefits

Upon death, disability, retirement, or attainment of age 59½, participants or their beneficiaries are entitled to withdraw all or a portion of the vested balance in their account. A participant who

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

discontinues service with the Company for any other reason may elect to receive a single, lump-sum benefit payment equal to the vested portion of his/her account or postpone receipt of benefits until the normal retirement age of 65. If such postponement of benefits is elected, the participant's account balance will be invested in those funds as designated by the participant. In the absence of the participant's election, any lump-sum distribution in excess of \$1,000 must be made as an automatic rollover to an Individual Retirement Account initially invested in the Vanguard Prime Money Market Fund. The Plan also permits withdrawals in the event of financial hardship, subject to certain limitations. Participants can also withdraw for burial or funeral expenses of the participant's deceased parent, spouse, children, or dependents, and expenses for the repair of damage to the participant's principal residence that would qualify for a casualty deduction under Section 165 of the Internal Revenue Code (IRC).

(j) *Notes Receivable from Participants*

Participants may borrow the lesser of \$50,000, reduced by the participant's highest outstanding note balance during the preceding 12 months, or 50.00% of the participant's vested account balance, in amounts greater than \$1,000. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates as determined by the plan administrator (rates ranged from 5.00% - 7.50% at December 31, 2014 and December 31, 2013). All loans must be fully repaid within 5 years from the date the note is made, except notes used to purchase a primary residence, which must be fully repaid prior to the earlier of the participant's normal retirement date or a period of years, not to exceed 25 years, from the date of the note. Upon termination of service, the entire outstanding principal balance and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results may differ from those estimates.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) *Contributions*

Contributions are recorded on the accrual basis.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

(h) *Transfers*

Activity that occurs between Dominion Enterprises 401(k) Employees' Savings Plan and Landmark Retirement Plus Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits. In 2014 and 2013, assets transferred out includes activity that related to the sales of LME subsidiaries (see note 9).

(i) *Risks and Uncertainties*

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(3) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Unaudited Information Certified by Trustee

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by VFTC was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by VFTC, is presented as follows:

(6) Income Tax Status

The Plan received a favorable determination letter dated November 1, 2011, whereby the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has since been amended; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(7) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2014 and 2013 were \$47,794 and \$54,212, respectively, as compensation for its duties as trustee and for other services, including administrative expenses for transaction fees associated with notes to participants.

(8) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(9) Plan Transfers

As a result of the sale of News Channel 5 in 2012 and the sales of Greensboro News and Record and Roanoke Times World in 2013, the accounts of all employees within these companies were transferred out of the Plan. These accounts were transferred to other existing plans controlled by the acquiring companies effective January 8, 2013, May 2, 2013 and September 4, 2013, respectively. As a result of the sale of Capital Gazette in 2014, the accounts of certain employees within this company were transferred to other existing plans controlled by the acquiring company effective July 29, 2014. Total assets transferred out of the Plan to other plans were \$72,274 and \$46,693,278 in 2014 and 2013, respectively.

(10) Subsequent Events

Subsequent to year end, it was discovered that one of the plan's provisions was not properly applied in the daily operation of the plan. The definition of vesting as per the plan document was not properly applied when determining termination withdrawals. An internal investigation is currently underway and, once complete, any necessary corrections will be made to participant accounts.

The Company has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued, and determined there are no other items to disclose.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 29, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The following description of the Landmark Retirement Plus Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a 401(k) savings plan covering employees of Landmark Media Enterprises, LLC (LME) and its affiliates, as defined (the Plan Sponsor or the Company). The Plan is administered by a committee of employees of the Company who were appointed by the board of directors of the Company.

The Plan was adopted and became effective July 1, 1985. It was then amended and restated January 1, 2002, January 1, 2005, January 1, 2007, September 12, 2008, December 31, 2008, and January 1, 2010. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of January 1, 2008, the Plan Sponsor operates the Plan under the Pension Protection Act (PPA) safe harbor features.

(b) Eligibility

The Plan allows employees who are scheduled to work 30 hours or more per week and have attained the age of 21 to participate after completing 30 days of employment. In addition, part-time employees who complete 1,000 hours of service during any calendar year and have attained the age of 21 are eligible to join the Plan 30 days after they have met this 1,000-hour requirement.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan Trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

Employees may elect to contribute from 0.50% to 50.00% (or from 0.50% to 15.00% if a highly compensated employee) of their annual compensation on a pretax basis, subject to current Internal Revenue Service (IRS) limitations of \$17,500 for both 2014 and 2013. The Plan Sponsor makes a matching contribution to participant accounts equal to 100% of the amount of payroll deferral contributions up to 1% of compensation, plus 50.00% of payroll deferral contributions on the next 5.00% of compensation.

Newly eligible employees are automatically enrolled in the Plan and are defaulted to contribute 3% of their eligible compensation, unless the participant specifically elects another contribution rate or not to participate. In absence of a participant election, contributions are invested in the Vanguard LifeStrategy Moderate Growth Fund but can be moved by the participant at any time.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

Each year after the first year of participation, a participant's deferral rate is increased by 1% until the Plan's 6% automatic savings limit is reached, unless the participant specifically elects otherwise. This automatic savings rate increase generally occurs on the first payroll date of each year.

In addition to regular contributions, participants who are at least age 50 or will attain age 50 during the year and are contributing the maximum allowable under the Plan are eligible to make contributions over and above the limits stated previously. For 2014 and 2013, participants could contribute up to an extra \$5,500. The Company does not provide matching contributions on catch-up contributions.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Allocations are based on the participant's elective deferrals or the ratio of the participant's account balance to the plan total, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Investment Options

A participant may direct contributions in increments of 1% to any of fifteen mutual fund investment options. Participants may change their investment options at any time.

(g) Vesting

Participants are immediately vested in all employee and voluntary contributions plus actual earnings thereon. Effective with the September 12, 2008 and December 31, 2008 amendments to the Plan, employees of the Company and its affiliates who were hired before December 31, 2008 are fully vested in the employer contribution portion of their account. Employees who are hired after December 31, 2008 must complete two or more years of service for vesting purposes. A year of service is defined as any year in which a participant worked 1,000 hours. Participant balances also become fully vested in the event of death, disability, or the attainment of age 65, regardless of the number of years of plan participation.

(h) Forfeitures

Forfeitures represent the unvested portion of terminated employees' matching contributions to the Plan. Amounts are not considered to be forfeited until a distribution is taken. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$50,682 and \$47,832, respectively. Forfeitures are used to reduce future employer contributions. During 2014 and 2013, forfeitures were used to reduce employer contributions in the amount of \$103,884 and \$217,389, respectively.

(i) Payment of Benefits

Upon death, disability, retirement, or attainment of age 59½, participants or their beneficiaries are entitled to withdraw all or a portion of the vested balance in their account. A participant who

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

discontinues service with the Company for any other reason may elect to receive a single, lump-sum benefit payment equal to the vested portion of his/her account or postpone receipt of benefits until the normal retirement age of 65. If such postponement of benefits is elected, the participant's account balance will be invested in those funds as designated by the participant. In the absence of the participant's election, any lump-sum distribution in excess of \$1,000 must be made as an automatic rollover to an Individual Retirement Account initially invested in the Vanguard Prime Money Market Fund. The Plan also permits withdrawals in the event of financial hardship, subject to certain limitations. Participants can also withdraw for burial or funeral expenses of the participant's deceased parent, spouse, children, or dependents, and expenses for the repair of damage to the participant's principal residence that would qualify for a casualty deduction under Section 165 of the Internal Revenue Code (IRC).

(j) *Notes Receivable from Participants*

Participants may borrow the lesser of \$50,000, reduced by the participant's highest outstanding note balance during the preceding 12 months, or 50.00% of the participant's vested account balance, in amounts greater than \$1,000. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates as determined by the plan administrator (rates ranged from 5.00% - 7.50% at December 31, 2014 and December 31, 2013). All loans must be fully repaid within 5 years from the date the note is made, except notes used to purchase a primary residence, which must be fully repaid prior to the earlier of the participant's normal retirement date or a period of years, not to exceed 25 years, from the date of the note. Upon termination of service, the entire outstanding principal balance and accrued interest shall be immediately due and payable. Principal and interest are paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results may differ from those estimates.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(c) *Investment Valuation and Income Recognition*

Investments in mutual funds are valued at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. There is no allowance for credit losses. The Form 5500 presents notes receivable from participants as an investment.

(e) *Contributions*

Contributions are recorded on the accrual basis.

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Administrative Expenses*

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

(h) *Transfers*

Activity that occurs between Dominion Enterprises 401(k) Employees' Savings Plan and Landmark Retirement Plus Plan is reflected as assets transferred in (out) in the Statements of Changes in Net Assets Available for Benefits. In 2014 and 2013, assets transferred out includes activity that related to the sales of LME subsidiaries (see note 9).

(i) *Risks and Uncertainties*

The Plan's investments, as described previously, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurements date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual funds – Valued at fair value based upon quoted market prices from national security exchanges, which represents the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(6) Income Tax Status

The Plan received a favorable determination letter dated November 1, 2011, whereby the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has since been amended; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(7) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2014 and 2013 were \$47,794 and \$54,212, respectively, as compensation for its duties as trustee and for other services, including administrative expenses for transaction fees associated with notes to participants.

(8) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(9) Plan Transfers

As a result of the sale of News Channel 5 in 2012 and the sales of Greensboro News and Record and Roanoke Times World in 2013, the accounts of all employees within these companies were transferred out of the Plan. These accounts were transferred to other existing plans controlled by the acquiring companies effective January 8, 2013, May 2, 2013 and September 4, 2013, respectively. As a result of the sale of Capital Gazette in 2014, the accounts of certain employees within this company were transferred to other existing plans controlled by the acquiring company effective July 29, 2014. Total assets transferred out of the Plan to other plans were \$72,274 and \$46,693,278 in 2014 and 2013, respectively.

(10) Subsequent Events

Subsequent to year end, it was discovered that one of the plan's provisions was not properly applied in the daily operation of the plan. The definition of vesting as per the plan document was not properly applied when determining termination withdrawals. An internal investigation is currently underway and, once complete, any necessary corrections will be made to participant accounts.

The Company has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued, and determined there are no other items to disclose.
