Independent Auditors' Report

The Plan Investment Committee
Dura-Line Corporation 401(k) Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements (modified cash basis) of the Dura-Line Corporation 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note (2); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (3), which was certified by Principal Life Insurance Company and Principal Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note (2) of the financial statements, which describes the basis of accounting. The financial statements (and supplemental schedule) were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Other Matter

The supplemental Schedule of Assets (Held at End of Year), is required by the DOL's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
(Modified Cash Basis)

December 31, 2014 and 2013

(1) Description of plan

The following description of the Dura-Line Corporation 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution (401(k) salary deferred) retirement plan established to provide savings benefits to eligible employees. Under the Plan, all employees of Dura-Line Corporation (the "Plan Sponsor" or the "Company") who have met eligibility requirements can participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Plan administration

The Plan is administered by the Investment Committee (the "Committee"), which is governed by the Board of Directors of the Company. The Committee is generally responsible for the selection of the Plan investment options, except where such responsibility has been properly delegated. The Plan's trustees, Principal Life Insurance Company and Principal Trust Company (the "trustees") are responsible for the custody and management of the Plan's assets.

(c) Participation

An eligible employee may elect to participate in the Plan on the first day of January, April, July, or October, coinciding with or following attainment of the age of 19 and completion of at least six months of service during the eligibility computation period.

(d) Contributions

Participating employees may elect to contribute from 0% to 100% of eligible compensation on a pre-tax basis. These elective pre-tax contributions may not exceed the maximum annual amount as determined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan automatically enrolls all new employees at a deferral rate of 3%, unless the employee elects to not participate in the Plan. Each enrolled employee's deferral percentage will automatically increase by 1% per year, to a maximum of 6% unless the employee elects otherwise.

The Plan Sponsor match is defined as 100% of the first 1% of pay employees contribute through salary deferral, and 50% of the next 5% of pay employees contribute through salary deferral.

(e) Participant accounts

Each participant's account is credited or charged with the participant's contributions, Plan Sponsor contributions, investment earnings (losses) of investment options selected by the participants, and an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's contributions is based on years of continuous service. Participants vest after two years of credited service as follows:

Years of Service	Percentage Vested
Less than one year	0%
One year	50%
Two years	100%

Participants may also become 100% vested upon full or partial termination of the Plan, or in one of the following ways, if incurred while employed: (1) death, (2) disability, or (3) reaching early retirement age of 55.

(g) Payment of benefits

Benefits become payable upon the participant's death, disability, retirement, termination of service, or attainment of age 59 1/2. On termination of service, a participant may elect to receive either an annuity or lump sum amount if his or her accrued benefit exceeds $5,000. Accrued benefits that are greater than $1,000 but do not exceed $5,000 are distributed to the participant as a lump sum or rolled over into an Individual Retirement Account. Accrued benefits that are less than $1,000 are distributed as a lump sum.

(h) Investment options

Participants designate individual investment elections among the available alternatives. Such designation must be expressed as a percentage or a specific dollar amount. Plan Sponsor matching contributions are invested in the same proportion as the participants' contributions and are allocated to each participant's account.

(i) Notes receivable from participants

Participants are permitted to borrow from their participant accounts a minimum of $1,000 up to a maximum equal to the lesser of (1) $50,000 reduced by the excess of the participant's highest outstanding loan balance during the 12 months preceding the date on which the loan is made over the outstanding loan balance on the date the new loan is made, or (2) 50% of the participant's vested account balance. Notes receivable are secured by the vested balance in the participant's account and bear interest at rates that range from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Notes receivable are available for a maximum of five years, unless issued for purchase of a primary residence, in which case, the note is for a maximum period determined by the plan administrator.

(j) Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. Plan Sponsor contributions were reduced by $19,012 and $9,521 during the years ending December 31, 2014 and 2013, respectively. There were no forfeited non-vested accounts as of December 31, 2014 and 2013.

(k) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants with a hardship withdrawal are not allowed to make contributions to the Plan for six months after the withdrawal.

(l) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees incurred by the Plan for investment management services or recordkeeping are charged against the funds and reflected in the value of the Plan's investments. Fees for participant notes receivable are charged against the participant's account.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

(m) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

The Plan prepares its financial statements on the modified cash basis of accounting, which recognizes transactions, except for changes in the fair value of investments, when cash is either received or disbursed. Consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present the net assets and changes therein in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Collective investment funds held by a defined contribution plan that hold investment contracts are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

(a) Investment valuation and income recognition

Investments are reported at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividend and interest income is recorded when received.

(b) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the plan document. Participant notes receivable are measured at their unpaid balance. Delinquent notes are reclassified to benefits paid based upon the terms of the plan document.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Recently issued accounting standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent),* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement.* Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016 with retrospective application to all periods presented. Early application is permitted.

In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, *"Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient."* ASU No. 2015-12 simplifies accounting for employee benefit plans as follows:

Part I

(a) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value,

Part II

(a) the requirement to disclose investments that represent 5 percent or more of net assets available for benefits has been eliminated,

(b) the net appreciation or depreciation in investments for the period should be presented in the aggregate, but are no longer required to be disaggregated and disclosed by general type,

(c) it eliminates the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820,

Part III

(a) provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures.

The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Management of the Plan is currently evaluating the impact of these standards.

(f) Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2014 and October 8, 2015, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by trustees

The following information was certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, trustees, as of and for the years ended December 31, 2014 and 2013.

	2014	2013
Registered investment companies	$ 1,490,430	$ 1,664,006
Pooled separate accounts	$ 10,479,536	$ 8,656,746
Collective investment fund, at contract value	$ 1,603,610	$ 1,619,750
Notes receivable from participants	$ 341,107	$ 247,278
Net appreciation in fair value of investments	$ 628,642	$ 1,585,801
Interest and dividend income	$ 85,960	$ 44,435
Interest income on notes receivable from participants	$ 15,048	$ 8,973

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3). The Plan does not have any fair value measurements using significant unobservable inputs (Level 3) as of December 31, 2014 and 2013.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

(i) *Registered investment companies*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

(ii) *Pooled separate accounts*: Valued at NAV, which is based on the market value of the underlying investments held by the pooled separate account at year end. The NAV is not a publicly-quoted price in an active market. Each pooled separate account provides for daily redemptions by the Plan at reported net asset value per share with no advance notice requirement.

(iii) *Collective investment fund*: The value of the Plan's interest in the collective investment fund is based upon the current value of and net investment gain or loss relating to the units of participation held by the Plan. The collective investment fund provides for daily redemptions by the Plan at reported NAV's per share with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Fair Value Measurements as of December 31, 2014 using the following inputs

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2014	2013
Registered investment companies	$ 103,829	$ 123,564
Pooled separate accounts	505,011	1,482,431
Collective investment fund	19,802	(20,194)
	$ 628,642	$ 1,585,801

(6) Income tax status

The Plan Sponsor adopted a prototype 401(k) profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008. The letter stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and is therefore, qualified and exempt from taxation.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

(7) Party-in-interest transactions

During the years ended December 31, 2014 and 2013, fees were paid by the Plan to the trustees of $71,866 and $67,031, respectively. The pooled separate accounts and the collective investment fund are managed by the trustees. The trustees also serve as the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor also provides to the Plan certain accounting and administrative services for which no fees are charged. The Plan holds notes receivable from participants, which also qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	$ 13,914,683	$ 12,187,780
Contribution receivables	-	43,719

Net assets available for benefits per the Form 5500	$ 13,931,724	$ 12,241,362

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2014 and 2013:

	2014	2013
Change in net assets available for benefits per the financial statements	$ 1,726,903	$ 1,892,344
Change in contribution receivables	(43,719)	36,817
Change in adjustments from contract value to fair value for interest in collective investment fund relating to fully benefit-responsive investment contract	7,178	(34,030)
Change in net assets available for benefits per the Form 5500	$ 1,690,362	$ 1,895,131

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
