S.W. MANAGEMENT LLC PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2014

1. Description of Plan

The following brief description of the S.W. Management LLC Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

a. Sponsorship and administration

The plan is defined as a contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Trustees.

S.W. Management LLC (the "Plan Sponsor", as defined by ERISA) serves as the Plan Administrator, and is responsible for reporting and fulfilling disclosure requirements. The Plan Sponsor retains VOYA Retirement Insurance and Annuity Company ("VOYA") as the asset custodian of the Plan.

b. Participant accounts

The Plan covers substantially all active employees of the participating employer not covered by a collective bargaining agreement. Employees are eligible to participate in the Plan if they are 21 years of age and have attained two years of service.

The Plan credits the participants' deferral contribution account with the participating employers' contribution amount, and an allocation of the Plan's net earnings and administrative expenses. Allocations are based on participant account balances, as defined. The benefit which a participant is entitled is the benefit that can be provided from the participant vested account. Investments of the Plan are participant directed.

c. Contributions

The Plan is non-contributory by the participants. A participant may rollover amounts representing distributions from other qualified contribution plans.

The Plan currently offers various mutual funds as investment options for participants. The Company may make a discretionary contribution allocated to the various eligible participant accounts.

1. Description of Plan (continued)

d. Expenses of the Plan

The Plan Sponsor is responsible for the management and control of Plan assets. The participants of the Plan pay certain administrative expenses relating to their loans and benefit disbursements. The participants may also be subject to a daily asset charge on their investment options.

e. Vesting

Participants are immediately vested in the Company's contribution.

f. Forfeitures

Non–vested portions of a participant's account balance will be forfeited when the participant receives a distribution of the entire vested benefits. The forfeited amounts are transferred to a forfeiture account until they are used to reduce participating employers' contributions. There were no forfeitures that were used to reduce the participating employers' contributions during the year ended December 31, 2014 .

g. Payment of benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies

a. Date of management's review

Subsequent events were evaluated through September 22, 2015, which is the date the financial statements were available to be issued.

b. Basis of accounting

The accompanying financial statements are prepared on the accrual basis, with investments adjusted to fair market values based on financial information provided by VOYA.

2. Summary of Significant Accounting Policies (continued)

b. Basis of accounting (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. See Note 6.

c. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of benefits

Benefit payments to participants are recorded when paid.

e. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

f. Operating expenses

All expenses of maintaining the Plan are paid by the Company.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1: Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of common stocks, certain corporate bonds and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded.

3. Fair Value Measurements (continued)

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

		Fair Value Measurements Using:	
December 31, 2014	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 3)**
Mutual funds:			
Growth funds	$ 419,240	$ 419,240	$ -
Balanced funds	4,559,492	4,544,459	15,033
Value funds	508,779	508,779	-
Index funds	819,413	819,413	-
Bond funds	46,234	46,234	-
Total assets at fair value	$ 6,353,158	$ 6,338,125	$ 15,033

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investment contract with insurance company for the year ended December 31, 2014:

Beginning balance	$ 11,325
Total gains or losses included in changes in net assets available for benefits	1,449
Purchases, sales, issuances & settlements (net)	2,259
Ending balance	$ 15,033

4. Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with VOYA. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals or distributions and administrative expenses. The contract is included in the financial statements at contract value which approximates fair value as reported to the Plan by VOYA. Contract value represents contributions and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the VOYA contract value for credit risk of the contract issuer. The average yield and crediting interest rates for guaranteed new and old interest accounts was approximately 2.00%, not to fall below 2.00%, during 2014. The crediting interest rates are based on an agreed-upon formula with the issuer and are set annually. Withdrawals from the Fixed Account other than the payment of benefits to participants may be subject to a Market Value Adjustment and a surrender charge.

5. Related-Party Transactions

Certain investment funds were managed by VOYA during 2014. VOYA is the asset custodian and record-keeper of the Plan (except for participant loans) as of December 31, 2014, and therefore these investments and investment transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Plan has been designed to qualify as a tax-exempt defined contribution plan under applicable sections of the Internal Revenue Code and, therefore, is not subject to Federal income taxes. The Plan is utilizing a prototype plan document, which in its prototype form has received a favorable determination of such qualification from the Internal Revenue Service. The Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore is tax exempt as of December 31, 2014.

Other Indirect Compensation

Float

Voya and its affiliated companies ("Voya") earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or "float"). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:

Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:

Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan's behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan's investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors

Voya processes your Plan's investment instructions on an "omnibus" or aggregated basis. If Voya's correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company's Policy for Correction of Processing Errors ("VRIAC Policy"). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing
In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support
Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2014 such amount was approximately $2.50 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

Self Directed Brokerage Account
TD Ameritrade pays Voya a quarterly amount equal to the table below. TD AMERITRADE, Division of TD AMERITRADE, Inc., member FINRA/SIPC. - **Fund No:** The fund number assigned by Voya
- **Fund Name:** The name of the Fund

Please note that some of the funds available under your plan may include Voya proprietary funds. Proprietary funds are funds which are owned by Voya companies. The mutual funds listed for your plan which start with Voya's name are Voya proprietary funds.

FUND EXPENSES

- **Management Fees**: Fees paid to the Fund for investment advisory activities related to the selection and management of fund investments. These fees may include fees paid to the trustee of a collective investment trust.
- **12b-1 Fees**: Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.
- **Other Expenses**: Fees paid to the Fund for other expenses associated with maintenance of a fund, such as: accounting, audit, recordkeeping, prospectus delivery, proxy support, periodic fund reports printing and/or mailing, etc.
- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments**: An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. For certain funds, the investment adviser or other service provider to the fund may waive a portion of its fees or reimburse certain fund expenses, which will reduce the expense ratio of the fund for the period of the waiver or adjustment. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense**: The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date**: The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

- **Daily Asset Charge**: A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This charge may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.

- **Voya Admin Fee**: An adjustment (positive or negative) to the Daily Asset Charge. This fee paid to Voya varies based on the fund revenue sharing agreement between Voya and the respective fund families.

- **Total Daily Asset Charge**: The sum of the Daily Asset Charge and Voya Admin Fee.

- **Total Investment Expense**: The Net Fund Expense plus the Daily Asset Charge.

REVENUE TO VOYA:

- **Total Daily Asset Charge**: The sum of the Daily Asset Charge and Voya Admin Fee.

- **Sub Transfer Agent (Sub TA) Expense Reimbursement**: The amount paid to Voya Retirement Insurance and Annuity Company ("VRIAC") or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.

- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund's 12b-1 fees for distribution services.

- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the "Service Fee" column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so "netted" should be reported as a fee charged against the Plan's investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

  The rate credited to your Plan's Fixed Account and/or GAA ("fixed accounts") balance is a "net" rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the "Service Fee" column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

  First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan's fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.

- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.
