EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

(1) Description of plan

The following description of the Eastern Plating 401(k) Plan (the "Plan")(formerly, "Eastern Plating, Inc. 401(k) Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Eastern Plating, Inc. (the "Plan Sponsor"). The Plan covers substantially all full-time employees who have completed one year of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. In order to participate, employees must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 100% of compensation subject to certain IRC limitations.

The Plan automatically enrolls all newly eligible employees at a deferral rate of 3%, unless the employee elects to not participate in the Plan. Each enrolled employee's deferral percentage will automatically increase by 1% per year after the second year, to a maximum of 6% unless the employee elects otherwise.

The Plan Sponsor will match an amount equal to 100% of the participant's contributions up to 6%. Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

The Plan also provides that the Plan Sponsor may contribute each year a profit-sharing amount authorized by the Plan Sponsor's Board of Directors; however, an annual contribution by the Plan Sponsor is not required. There was no profit-sharing contribution made in 2014.

EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, Plan Sponsor contributions, investment earnings (losses) of the investment options selected by the participant, and an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The Plan accepts rollovers from other tax-qualified plans. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferrals and Plan Sponsor matching contributions plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's discretionary contribution is based on years of continuous service. Participants vest over six years as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants may also become 100% vested upon full or partial termination of the Plan, or in one of the following ways, if incurred while employed: (1) death, (2) disability, or (3) reaching normal retirement age of 65.

(e) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(f) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$1,171 and \$741, respectively. These accounts will be used to reduce future Plan Sponsor contributions.

EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. If a participant receives a hardship withdrawal from the Plan, the participant will be unable to make contributions to the Plan for a period of six months.

(h) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain fees incurred by the Plan are charged against the funds and reflected in the value of the Plan's investments.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust.

EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

Management has determined that the estimated fair value of the Plan's indirect investments in fully benefit-responsive contracts as of December 31, 2014 and 2013 approximates contract value, and any difference between fair value and contract value is insignificant. Therefore, the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits are prepared using an amount which is considered to be equal to both contract value and fair value for the common collective trust.

(c) Investment valuation and income recognition

Investments are stated at fair value as reported by the custodians. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Recently issued accounting standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016 with retrospective application to all periods presented. Early application is permitted. Management is reviewing this new guidance.

EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, *"Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient."* ASU No. 2015-12 simplifies accounting for employee benefit plans as follows:

Part I

- (a) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value,

Part II

- (a) the requirement to disclose investments that represent 5 percent or more of net assets available for benefits has been eliminated,
- (b) the net appreciation or depreciation in investments for the period should be presented in the aggregate, but are no longer required to be disaggregated and disclosed by general type,
- (c) it eliminates the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820,

Part III

- (a) provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures.

The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Management of the Plan is currently evaluating the impact of this standard.

(g) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between December 31, 2014 and October 9, 2015, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by custodians

The following information was certified as complete and accurate by Sentry Life Insurance Company, custodian, as of December 31, 2014 for the period from November 14, 2014 through December 31, 2014 and by Transamerica Financial Life Insurance Company, custodian, as of December 31, 2013 and for the period from January 1, 2014 through November 13, 2014.

	<u>2014</u>	<u>2013</u>
Investments, at fair value	\$ <u>2,531,401</u>	\$ <u>2,370,725</u>
Net change resulting from investment activity	\$ <u>138,551</u>	

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3). The Plan does not have any fair value measurements using significant unobservable inputs (Level 3) as of December 31, 2014 and 2013.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- (i) *Pooled separate accounts:* Valued at net asset value, which is based on the market value of the underlying investments held by the pooled separate account at year end. The net asset value is not a publicly-quoted price in an active market. Each pooled separate account provides for daily redemptions by the Plan at reported net asset values per share with no advance notice requirement.

EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

- (ii) *Common collective trust fund:* The value of the Plan's interest in the common collective trust fund is based upon the current value of and net investment gain or loss relating to the units of participation held by the Plan. Each collective trust fund provides for daily redemptions by the Plan at reported net asset values per share with no advance notice requirement.
- (iii) *Guaranteed investment contract:* Valued at fair value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

(6) Investment contract with insurance company

The Plan has a benefit-responsive investment contract with an insurance company, Sentry Life Insurance Company. The insurance company maintains the Plan's contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates was 2.00% as of December 31, 2014. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

(7) Income tax status

The Plan Sponsor adopted a prototype profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

EASTERN PLATING 401(K) PLAN
(Formerly, "Eastern Plating, Inc. 401(k) Plan")

Notes to the Financial Statements

December 31, 2014 and 2013

(8) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld in 2013, the funds were not remitted timely.

(9) Party-in-interest transactions

Certain plan investments are units of pooled separate accounts and a guaranteed interest account managed by Sentry Life Insurance Company and Transamerica Financial Life Insurance Company, the custodians of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees of \$6,468 in 2014 were paid by the Plan to the custodians.

(10) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per the financial statements	\$ 2,534,899	\$ 2,371,057
Contributions Receivable	<u>(3,498)</u>	<u>-</u>
Net assets available for benefits per the Form 5500	\$ <u>2,531,401</u>	\$ <u>2,371,057</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2014:

	<u>2014</u>
Change in net assets available for benefits per the financial statements	\$ 163,842
Contributions receivable	<u>(3,498)</u>
Change in net assets available for benefits per the Form 5500	\$ <u>160,344</u>

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
