COOK-DUPAGE TRANSPORTATION CO., INC. PROFIT SHARING AND 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – Description of the Plan

The following brief description of Cook-DuPage Transportation Co., Inc. Profit Sharing and 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing and savings plan organized in accordance with Section 401(k) of the Internal Revenue Code. It was established by Cook-DuPage Transportation Co., Inc. (the “Company”) for eligible employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

All full-time employees, who are age twenty-one or older, are eligible to participate in the Plan on the first day of the calendar quarter following completion of 1,000 hours of service within the previous twelve month period. If an employee does not meet the 1,000 hour requirement when otherwise eligible, they will be eligible for participation on the next enrollment date following the completion of 1,000 hours of service in a Plan year.

Contributions

Eligible employees may elect to defer up to 100% of their compensation annually, not to exceed Internal Revenue Service mandated limits. All employer contributions are discretionary.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans (rollover).

The Company matches 100 percent of the lesser of 1 percent of gross compensation or one-third of the participant’s 401(k) deferral.

The Plan agreement contains various limitations on the amounts of employee and employer contributions to the Plan in accordance with Sections 401 and 415 of the Internal Revenue Code. The maximum amount of compensation a participant could defer was \$17,500 in both 2014 and 2013, respectively. Participants 50 and over could contribute up to an additional \$5,500 in 2014 and 2013.

Participants direct the investments of their contributions and employer match into various investment options offered by the Plan.

Participant accounts

Each participant’s account is credited with the participant’s contributions and Company discretionary matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

COOK-DUPAGE TRANSPORTATION CO., INC. PROFIT SHARING AND 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – Description of the Plan, continued

Vesting

Participants are immediately vested in the portion of the trust fund attributable to their own contributions and the earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service, or upon death or disability.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate, determined quarterly, is set at the prime rate, as defined. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive their benefit in either a lump-sum payment amount equal to the value of the participant's vested interest in his or her account or in equal installments over a period not exceeding the life expectancy of the participant or the life expectancy of the participant and his or her designated beneficiary. If the account balance exceeds \$1,000, a terminated participant may elect to postpone the distribution of the account balance to a later date subject to limitations by law related to the attainment of age 70 ½. Under certain circumstances of financial hardship, as defined, a participant may elect to receive a hardship distribution.

Forfeitures

Forfeitures are used to reduce the Company's matching contributions.

Administration

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivables from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note B – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

COOK-DUPAGE TRANSPORTATION CO., INC. PROFIT SHARING AND 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note B – Summary of significant accounting policies, continued

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

New accounting pronouncements

In July 2015, the FASB released ASU 2015-12, “Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.” Part I eliminates the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, Part II simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose (i) individual investments that represent 5% or more of net assets available for benefits, (ii) net appreciation (depreciation) by individual investment type, and (iii) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. Part III also allows plans to measure investments and investment-related accounts as of month-end date that is closest to the plan’s fiscal year-end, when the fiscal period does not coincide with a month-end. ASU No. 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively. Management has elected to early adopt Part II.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining fair value, the Plan administrator considers the principal or most advantageous market in which the Plan would transact, and the assumptions that market participants would use when pricing the asset or liability. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

COOK-DUPAGE TRANSPORTATION CO., INC. PROFIT SHARING AND 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note B – Summary of significant accounting policies, continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recognized on the accrual basis. Related fees are recorded to administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance remains an outstanding receivable until the participant fully pays back the loan or receives a full distribution of vested funds from the Plan.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.

NOTE C – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full-term of the asset or liability.

COOK-DUPAGE TRANSPORTATION CO., INC. PROFIT SHARING AND 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE C – Fair value measurements, continued

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and December 31, 2013:

	Fair Value Measurements at December 31, 2014

NOTE D – Information certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of the year), including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Reliance Trust Company (the custodian of the Plan). The certified information has not been audited by the Plan's independent auditors.

NOTES TO FINANCIAL STATEMENTS

NOTE E – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE F – Income tax status

The Plan has adopted the volume submitter/profit sharing plan sponsored by HPL&S, Inc. The Internal Revenue Service has informed HPL&S, Inc. by an opinion letter dated March 31, 2008, that the volume submitter Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the volume submitter Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer open to income tax examinations for years prior to 2011.

NOTE G – Related party transactions and party-in-interest transactions

Certain Plan investments are managed by MassMutual Life Financial Group, an affiliate of the MassMutual Retirement Services, LLC, the Recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to \$1,968 for the year ended December 31, 2014.

NOTE H – Risks and uncertainties

Reliance is the Custodian of substantially all of the Plan's assets. The Plan administrator does not require Reliance to provide collateral to mitigate this concentration of credit risk.

The Plan invests in securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
