Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wilmington College Defined Contribution Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF"), the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan administrator that TIAA and CREF (together "TIAA-CREF") and the directed custodian, JPMorgan Chase Bank, N.A., hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Report on Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Prior Period Financial Statements

The statement of net assets available for benefits of the Plan as of December 31, 2013, was audited by Joseph Decosimo and Company, LLC ("Decosimo"), who merged with Elliott Davis Decosimo, LLC as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed Decosimo not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 11, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Wilmington College Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2014

Note 1. Description of the Plan

The following description of the Wilmington College Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan sponsored by Wilmington College (the "College") for the benefit of its employees. Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the College. Students who are employed by the College are generally excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Upon obtaining 3 years of service, the employee is required to make mandatory employee contributions in the amount of 5% of eligible compensation. Participants may elect to contribute more than the mandatory 5% of eligible compensation. The contributions in excess of 5% are remitted to the Wilmington College Tax Deferred Annuity Plan. Each year mandatory employee contributions are made the College will make a matching contribution equal to 7% of eligible wages. Such matching contributions totaled \$548,908 during 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and College contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions and College contributions plus earnings thereon.

Payment of benefits:

On termination of service or incurring a disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship.

Note 2. Summary of Significant Accounting Policies and Activities

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the College or the Plan, at the College's discretion and are excluded from these financial statements. Fees related to the redemption of certain investments are deducted from the payment and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications:

\$3,164,618 of mutual funds were reclassified out of variable annuities in the December 31, 2013, statement of net assets available for benefits in order to conform with the current year presentation.

Subsequent events:

The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies and Activities, Continued

Recently issued accounting pronouncements:

In May 2015, the Financial Accounting Standards Board ("FASB") amended the Fair Value Measurement topic of the Accounting Standards Codification by issuing guidance that removes the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The retrospective approach requires that an investment for which fair value is measured using the net asset value per share practical expedient be removed from the fair value hierarchy in all periods presented in an entity's financial statements. The Plan does not expect these amendments to have a material effect on its financial statements.

In July 2015, the FASB amended the Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans topics of the Accounting Standards Codification by issuing guidance that (I) removes the requirements that fully benefit-responsive investment contracts be measured at fair value for purposes of presentation and disclosure and (II) removes the requirement that investments (both participant-directed and nonparticipant-directed) be grouped and disclosed on the basis of nature, characteristics, and risks in the fair value disclosures of the financial statements of employee benefit plans, thereby allowing that such investments need only be grouped and disclosed by general type. These amendments will be effective for fiscal years beginning after December 15, 2015, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The Plan is currently evaluating the impact of these amendments on its financial statements.

Note 3. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets:

	<u>2014</u>	<u>2013</u>
TIAA Traditional Annuity	\$ 12,687,062	\$ 11,976,619
CREF Stock	9,988,309	10,478,610
CREF Social Choice	2,107,047	1,953,312

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$1,584,669 as follows:

Guaranteed fixed annuity accounts	\$ 375,197
Insurance company pooled separate accounts	126,462

Note 4. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that the information provided to the Plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and related income:

	<u>2014</u>	<u>2013</u>
Investments at fair value:		
Guaranteed fixed annuity accounts	\$ 12,687,062	\$ 11,976,619
Insurance company pooled separate accounts	1,174,814	1,039,064
Variable annuities	17,405,442	17,710,119
Mutual funds	<u>4,058,352</u>	<u>3,164,618</u>
	<u>\$ 35,325,670</u>	<u>\$ 33,890,960</u>

The trustee also certified to the completeness and accuracy of \$1,584,669 net appreciation in the fair value of investments and \$426,582 of interest and dividends for the year ended December 31, 2014.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Wilmington College Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2014

Note 5. Fair Value Measurements, Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Guaranteed fixed annuity accounts: These investments are guaranteed fixed income annuities backed by the Teachers Insurance and Annuity Association of America's (TIAA) claims paying ability whereby the annuity guarantees principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. Annuity contracts are not traded and significant other observable inputs are not available. The contracts are classified within Level 3 of the valuation hierarchy.

Insurance company pooled separate accounts: The TIAA Real Estate Account (REA) generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate related investments. The REA is valued at the daily NAV, as provided by the trustee daily, which represents the fair value of the underlying investments held less liabilities.

Variable annuities: The accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account holdings are generally valued at amortized cost. Each account determines its NAV daily.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

In estimating fair value of the investments in Level 3, the Fiduciary Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Investment Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

The following table for December 31, 2014 and 2013, sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

(a) The TIAA Real Estate Account seeks favorable long-term returns primarily through rental income and appreciation of real estate investments owned by the account. The fair value of the investment is derived from the market value of the underlying real estate holdings or other real estate-related investments.

(b) The CREF Accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account holdings are generally valued at amortized cost.

Note 6. Group Annuity Contract with Insurance Company

The Plan invests in guaranteed fixed annuity contracts and fixed account options with TIAA-CREF. TIAA-CREF maintains the contributions in a general account. TIAA-CREF groups the premium dollars they receive over defined time periods into vintages, typically composed of one or more contiguous calendar months, for the purpose of determining the crediting rate to participant's accounts. The crediting rate for each vintage is determined, in part, by the net investment earnings rate or the issuer's assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract issuer of the TIAA-CREF investment contract is contractually obligated to repay the principal and a specified interest rate, generally 3%, that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. The TIAA Board of Trustees may declare additional amounts on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month declaration year that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years. The average yield based on the interest rate credited to participants for the non-fully benefit-responsive portions of the investment contract was 4.24% for the year ended December 31, 2014, which approximates the average yield based on the earnings of the contracts. The guaranteed investment contract with TIAA-CREF does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

Wilmington College Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2014

Note 6. Group Annuity Contract with Insurance Company, Continued

Certain events limit the Plan's ability to transact at contract value with TIAA-CREF. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7. Related-Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by TIAA-CREF. TIAA-CREF are the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to the third party administrator totaling \$85 which were not covered by revenue sharing. The College pays directly any other fees related to the Plan's operations.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their College contributions.

Note 9. Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter as the Internal Revenue Service does not currently provide that service for 403(b) plans. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
