NOTE A – DESCRIPTION OF THE PLAN

1. General

The Plan is a 401(k) defined contribution plan covering substantially all employees of Motco, Inc. and Subsidiaries (the Sponsor) who are age eighteen or older and who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year, participants may contribute up to the maximum allowed by the Internal Revenue Service as defined by the Plan. The contribution limit for 2014 under the Internal Revenue Code (IRC) was $17,500 for participants under age 50 plus a $5,500 catch up contribution for those aged 50 or older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation.

The Sponsor makes matching contributions of 50% of the participants' elective deferrals up to a maximum of 3% of eligible compensation with a limit of $3,000 per participant. Additional profit sharing amounts may be contributed at the option of the Sponsor.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and Sponsor matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 20% vested after their first year of credited service, and an additional 20% each year thereafter. After five full years of credited service, a participant is fully vested.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%. Principal and interest are paid through monthly payroll deductions. Participants may also make direct payments to the Trustee to pay a loan off in full.

NOTE A – DESCRIPTION OF THE PLAN – Continued

6. Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of service due to other reasons, a participant or the participant's estate or beneficiary will receive either a lump-sum amount equal to the value of the participant's vested interest in the participant's account or an annuity. Partial, systematic and hardship withdrawals are permitted by the Plan, subject to Plan provisions and Internal Revenue Service restrictions.

7. Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $-0- and $15,513, respectively. These accounts will be used to reduce future Sponsor contributions. During the year ended December 31, 2014, employer contributions were reduced by $16,481 from forfeited non-vested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The Financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts through a common collective trust. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 excess contributions to the applicable participants prior to March 15, 2014.

6. Payment of Benefits

Benefits are recorded when paid.

7. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

8. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2015, the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIAN

Other than the fair value of the common collective trust and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2014, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan. The fair value of the common collective trust and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts as of December 31, 2014 and 2013 were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by T. Rowe Price Trust Company, the custodian of the Plan.

NOTE D – INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets as of December 31, 2014 and 2013.

	2014	2013
T Rowe Price Retirement 2020	$ 759,715	$ 643,965
T Rowe Price Retirement 2025	732,626	628,210
T Rowe Price Retirement 2030	533,997	*

T. Rowe Price Equity Income	573,778	519,810
T. Rowe Price Equity Index 500	886,120	646,234
T. Rowe Price Growth Stock	891,703	865,993
T. Rowe Price Mid-Cap Growth	505,478	479,207
T.Rowe Price Stable Value Fund	1,863,297	1,849,807

* The fair value of this investment was less than 5% of the Plan's net assets

Mutual funds appreciated in value in the amount of $28,005 (including gains and losses on investments bought and sold, as well as held during the year) for the year ended December 31, 2014. Unrealized gains/(losses) from the common collective trust are not included in the statement of changes in net assets available for benefits as the common collective trust is recorded at contract value for purposes of the net assets available for benefits.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets:
- Quoted prices for identical or similar assets or liabilities in inactive markets:
- Inputs other than quoted prices that are observable for the asset or liability:
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE E – FAIR VALUE MEASUREMENTS – Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of the units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013: .

NOTE F – CORRECTIVE DISTRIBUTIONS

Corrective distributions of $5,573 for were made to certain participants during the year ended December 31, 2014 to return to them excess elective contributions, as required to satisfy the relevant nondiscrimination provisions of the IRS and the Plan. At December 31, 2014 and 2013, corrective distributions of $-0- and $4,644 respectively, are payable to participants.

NOTE G – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by T. Rowe Price. T. Rowe Price provides recordkeeping services for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note B, the Plan made direct payments to the third party administrator of $3,350 which were not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of Sponsor contributions.

NOTE I – INCOME TAX STATUS

The Plan is a qualified prototype plan under Section 401(a) of the Internal Revenue Code (IRC) from Boston Financial Data Service. The Internal revenue Service issued an opinion letter to Boston Financial Data Service dated December 21, 2001 stating that its prototype plan document was designed in accordance with IRC requirements as of that date. Although the Sponsor has not applied for a determination letter for the Plan and although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
