## **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013**

### ***Note 1*** **Description of Plan**

The following brief description of the Employees' Savings Plan of ALSTOM Signaling Inc. (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

#### **General**

The Plan is a defined contribution plan available to employees meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

#### **Participation Requirements and Determination of Benefit**

All union employees of ALSTOM Signaling Inc. (the "Company") who are not classified as leased employees become eligible to participate upon completing one hour of service. Participation commences as of the first payroll of the month following the date the employee meets eligibility requirements.

#### **Vesting**

Participants are immediately vested in their contributions and Company matching and profit sharing contributions plus actual earnings thereon.

#### **Payment of Benefits**

Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to have benefits distributed in a lump-sum payment or annuity payments. The Plan provides for in-service hardship withdrawals and age 59 ½ in-service withdrawals, subject to limitations.

#### **Contributions**

Under the Plan, eligible participants may elect to contribute up to 25 percent of their compensation on a tax-deferred basis or after-tax basis, but not in excess of the maximum amount permissible, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, the Plan allows for rollover contributions from other qualified plans.

The Company may make discretionary matching contributions if approved by the Board of Directors. The employer discretionary contribution matched 50 percent of the participant's first eight percent of eligible compensation contributed as elective deferrals for the plan year. The Company may also make an additional discretionary profit sharing contribution at year end, if approved by the executive staff. The profit sharing contribution is allocated to each participant based on the ratio of the participant's compensation to the compensation of all Plan members. A participant is eligible for this profit sharing contribution if employed at year end or if during the year the employee becomes disabled, dies, or leaves the Company after reaching age 65. No additional discretionary profit sharing contributions were paid during 2014 or 2013.

## **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013**

### ***Note 1* Description of Plan - Continued**

#### **Contributions - Continued**

Effective May 5, 2011, employees who are members of the International Union of Electronic, Electrical, Salaried, Machine and Furniture Workers, Communications Workers of America, AFL-CIO, Local 323 whose date of hire was on or after May 5, 1998, are eligible for employer non-elective contributions. Each eligible employee will receive a contribution of \$6.74 for each eligible pay period. These contributions are immediately 100% vested.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses), and charged with the participant's withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Notes Receivable from Participants**

Participants may borrow up to the lesser of \$50,000, reduced by the highest outstanding loan balance incurred during the previous one-year period, or 50 percent of their vested account balance, with a minimum loan amount of \$1,000. Loans are paid through payroll deductions over periods ranging from one to five years (or longer for a principal residence). The interest rate is determined by the Plan Administrator, based on the lowest prime rate published in the Wall Street Journal on the first business day of each month, plus one percent, and is fixed over the life of the loan.

### ***Note 2* Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements are prepared using the accrual method of accounting.

#### **Subsequent Events**

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 13, 2015, the date that the financial statements were available to be issued.

#### **Use of Estimates**

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013**

### ***Note 2*      Summary of Significant Accounting Policies - Continued**

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

#### **Risks and Uncertainties**

The Plan invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### **Payments of Benefits**

Benefit payments to participants are recorded when paid.

#### **Administrative Expenses**

All costs related to administering the Plan are paid by either the Plan or the Company.

### ***Note 3*      Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2      Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

# ***EMPLOYEES' SAVINGS PLAN OF ALSTOM SIGNALING INC.***

## **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013**

### ***Note 3* Investment Valuation and Income Recognition - Continued**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies: Valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Money Market Fund: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Note 4 Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, a participant shall have a nonforfeitable right to the credited balance in their account.

### **Note 5 Tax Status**

The Plan adopted a non-standardized form of a prototype plan sponsored by Merrill Lynch, Pierce, Fenner and Smith, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service, dated March 31, 2008, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.
