## NOTE A – DESCRIPTION OF PLAN

The following description of the Infinity 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### 1. General

The Plan, established effective January 1, 2004, is a defined contribution plan covering substantially all employees of Infinity Maintenance Services, L.P. and Infinity Construction Services, L.P. (collectively the "Company" or "Plan Sponsor"). An employee shall become eligible to participate the first entry date on or after the employee has completed twelve months of service, worked one thousand hours and attained the age of eighteen. The Plan's entry dates are January 1, April 1, July 1, and October 1 of each year. John Hancock Life Insurance Company USA serves as custodian of the Plan.

The Plan was amended and restated effective January 1, 2010 to incorporate all the amendments made since the Plan was previously restated.

Effective September 26, 2011 and October 9, 2012, the Company amended the Plan to provide an employer matching contribution to all eligible employees of the Company as more fully disclosed below.

The Plan was amended on February 14, 2013. This amendment was put into place to provide prior service credit to employees hired by Infinity Maintenance Services, LP ("IMS") as a result of its takeover of a contract previously held by Zachry Industrial, Inc. ("Zachry"). With respect to Participation Service and Vesting Service, the employees who became employed by IMS as a result of the takeover of the contract previously held by Zachry, participation and vesting service was credited for the period of employment with Zachry. The rollover of the assets from the former employer plan into this Plan was reflected as a component of rollovers in the statement of changes in net assets available for benefits.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

### 2. Contributions

Participants may contribute up to 25% of pre-tax annual compensation as defined by the Plan, subject to certain maximums set by the Internal Revenue Service ("IRS") ($17,500 in 2013 and 2014). During 2014, employee contributions were reduced by $16,724 as the contributions were determined to be in excess of maximum contribution levels. These excess contributions were refunded in 2015.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the limits set forth by the IRS ($5,500 in 2014 and 2013). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollover contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as options for participants.

## NOTE A – DESCRIPTION OF PLAN – Continued

Prior to September 26, 2011, only employees working on maintenance contracts with Dow Chemical at the La Porte and Texas City, Texas, locations and with British Petroleum at the Chocolate Bayou, Texas, location received a match of 25% on all employee contributions up to 4 to 6 percent of the employees' salary, depending on the location. In addition, the Company could make discretionary contributions as determined by the Company for employees not covered under the maintenance contracts.

Effective September 26, 2011, the Company amended the Plan to provide an employer matching contribution to all eligible employees of the Company. The employer matching contribution shall be equal to fifty percent (50%) of the participant's 401(k) deferral contribution up to the first six percent (6%) of compensation contributed, such that the maximum employer matching contribution to a participant during a plan year shall be three percent (3%) of eligible compensation. In addition, the Company may make discretionary contributions as determined by the Company. The Company did not make any discretionary contributions during 2014 and 2013.

### 3. Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching, and discretionary contributions, if any, and allocations of fund earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### 4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company matching and discretionary contributions are 100% vested after normal retirement age of 65, or if the participant becomes disabled or dies while employed. Company matching and discretionary contributions vest based on years of continuous service in accordance with the following schedule:

| Years of service | Vested interest in account |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 or more | 100% |

## NOTE A – DESCRIPTION OF PLAN – Continued

### 5. Notes Receivable from Participants

Participants may borrow from their fund accounts in an amount not to exceed the lesser of $50,000 or one-half of their vested account balance. Loan payment terms cannot exceed five years. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with prevailing rates as determined by the Plan Sponsor. Principal and interest are paid ratably through monthly payroll deductions.

### 6. Benefits Paid to Participants

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments over a certain period in monthly, quarterly, or annual cash installments. The period over which such payment is to be made shall not extend beyond the participant's life expectancy or the life expectancy of the designated beneficiary. Participants may also request a direct rollover distribution paid directly to a qualified retirement plan specified by the participant.

### 7. Forfeited Accounts

Forfeited accounts are generally used to reduce any future Company matching contributions or Company discretionary contributions. At December 31, 2014 and 2013, unallocated forfeited non-vested accounts totaled $4,038 and $26,492, respectively. Forfeited amounts are recorded to unallocated cash until a determination is made as to how to use the funds. Forfeitures applied to reduce Company matching contributions during 2014 and 2013 were $22,454 and $0, respectively.

## NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows:

### 1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

### 2. Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

## NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### 3. Valuation of Investments and Income Recognition

Investments are reported at their fair value and are measured in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The stable value fund held by the Plan has been determined to be a non fully-benefit responsive contract therefore the statement of net assets available for benefits and the statement of changes in net assets available for benefits presents the fair value of the stable value fund.

### 4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

### 5. Benefits to Participants

Benefits are recorded when paid.

### 6. Administrative Expenses

Administrative expenses, including legal and accounting fees, are paid by the Company. The Plan pays monthly custodian fees. Fees related to transaction processing services such as participant loans or withdrawals are paid directly by the participants.

### 7. Transfers from an Affiliate Plan

During 2014, an employee of an affiliated employer was transferred to the Company. This resulted in the transfer of the participant's asset balance held by the affiliated employer's plan into this Plan.

## NOTE C – INVESTMENTS

The fair values of individual investments that represent five percent or more of the Plan's net assets are as follows at December 31:

| | 2014 | 2013 |
|---|---|---|
| John Hancock Stable Value | $ 2,175,424 | $ 2,207,152 |
| T. Rowe Price Blue Chip Growth | 2,309,379 | 2,473,124 |
| American Funds EuroPacific Growth | 938,055 | 1,065,129 |
| John Hancock Lifestyle Moderate | 1,007,116 | 818,423 |
| John Hancock Lifestyle Growth | * | 572,426 |
| John Hancock Lifestyle Balanced | 657,823 | 568,882 |

* Investment did not represent 5% or more of net asset available for benefits.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

| | |
|---|---|
| Pooled separate accounts | $ 436,342 |
| Stable value fund | 10,343 |
| | $ 446,685 |

## NOTE D – FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its assets into Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs). Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The assessment of the significance of a particular input to the fair value measurements requires judgment and may affect the valuation of assets and liabilities being measured and their placement or changes in their placement within the fair value hierarchy. Transfers between levels are recognized on the actual date of the event resulting in the transfer.

## NOTE D – FAIR VALUE MEASUREMENTS – Continued

The following is a description of the valuation methodologies and inputs used for assets measured at fair value.

*Pooled Separate Accounts*: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV, as provided by the asset custodian or trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying assets that can be valued in active markets.

*Stable Value Fund:* Valued at NAV, as the practical expedient of the fair value of the John Hancock Stable Value Collective Investment Trust (CIT). In estimating fair value of the fund, Plan management has used the audited financial statements of the John Hancock Stable Value Collective Investment Trust in addition to the information gathered from recently executed transactions, existing contracts and economic conditions.

The Plan management has determined the fair value of the investment in the Stable Value Fund using NAV as a practical expedient and, as such, certain disclosures required by the new accounting guidance with respect to unobservable inputs have been determined to be not applicable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value at December 31, 2014:

| Investment Category | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Pooled separate accounts: | | | | |

*Estimated using the net asset value of the funds

(a) The large-capitalization investment funds seek long-term capital growth, with income being a secondary objective. These funds seek to achieve these objectives by investing primarily in the common stock of large blue-chip growth companies. These firms are generally well established in their industries and have the potential of above average earnings.

(b) The medium-capitalization investment funds seek long-term growth of capital by investing in equity securities of medium-sized companies, such as companies with market capitalizations that approximately match the range of capitalization of the Wilshire Mid Cap 750 index or the S&P Mid Cap 400 Index.

(c) The small-capitalization investment funds have a primary objective of long-term capital appreciation. These funds seek to obtain this objective by investing in a well-diversified portfolio of securities. These investments consist of small-cap companies that offer good prospects for capital appreciation.

(d) The international growth funds seek long-term capital appreciation. The primary objective of these funds are to capture the return premiums of the emerging non-U.S. market value asset class by investing in a well-diversified portfolio of securities. The funds have strict country selection criteria to ensure that each emerging market has an adequate legal structure and market liquidity.

(e) The bonds and mortgages funds seek to maximize real return, consistent with preservation of capital and prudent investment management. The funds seek to achieve this investment objective by investing in inflation-indexed bonds of varying maturities issued by U.S. and non-U.S. governments, their agencies or instrumentalities and corporations, or fixed-income securities of varying maturities.

(f) The fixed income funds seek to realize maximum total return, consistent with preservation of capital and prudent investment management by investing, under normal conditions, at least 65% of the portfolios assets in a diversified portfolio of fixed income securities of varying maturities. The average portfolio duration will normally vary within a three year to six year time frame based on forecasts for interest rates.

## NOTE D – FAIR VALUE MEASUREMENTS – Continued

(g) The real estate investment trust seeks long-term capital appreciation and current income. The fund intends to keep at least 80% of its assets, plus the amount of any borrowings for investment purposes invested in equity securities of real estate investment trusts and real estate companies.

(h) The stable value fund seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals while maintaining a competitive interest rate. The fund will invest primarily in diversified fixed income mutual funds and separately managed bond accounts and in book value stabilizing agreements offered by high quality financial institutions. The fixed income portfolios are managed to provide high income consistent with the "AA" minimum average credit quality objective. The stabilizing agreements are designed to offset price fluctuations associated with fixed income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at book value.

**Level 3 Rollforward**

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 asset for the year ended December 31, 2014:

| | Stable value fund |
|---|---|
| Balance, beginning of year | $ 2,207,152 |
| Purchases | 104,517 |
| Sales | (161,921) |
| Unrealized gain | 10,343 |
| Realized gain | 15,333 |
| Balance, end of year | $ 2,175,424 |

## NOTE E – INVESTMENT IN STABLE VALUE FUND

Contributions to the John Hancock Stable Value Fund (Stable Value Fund) are invested solely in shares of the John Hancock Stable Value Fund (Class 1).

The Unit Value of the Sub-account is defined as the Unit Value of the underlying CIT as adjusted to account for underlying Trust distributions.

The CIT fund is determined to be generally fully benefit-responsive as it honors eligible redemptions at $1 per unit which is considered its contract value. However, per the terms of the John Hancock Group Annuity Contract, the withdrawals from the Stable Value Fund are subject to the same restrictions that apply to the underlying Trust. The Trustee of the underlying CIT has the right to delay any participant-initiated withdrawal

## NOTE E – INVESTMENT IN STABLE VALUE FUND – Continued

for up to 30 days if it determines that immediate withdrawal may have an adverse impact on the Trust. In addition, CIT has the right to delay for up to 12 months, any other withdrawal, including the withdrawal of all or a portion of the assets of an investor in the Trust. Where such or any restrictions or price adjustments are invoked by the underlying CIT with respect to withdrawals attributable to this Contract, the Custodian will apply such restrictions or price adjustments to withdrawals made under this fund with respect to this Contract. Based on the above, the Plan's investment in the Stable Value Fund is considered non fully-benefit responsive.

## NOTE F – INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of annual reporting and compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.
- Form 5500, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014.

The Plan's independent certified public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## NOTE G – RELATED PARTY TRANSACTIONS

Certain plan investments are managed by John Hancock Life Insurance Company USA, the custodian, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $82,106 for the year ended December 31, 2014. The Plan's investment transactions are covered by exemptions from the "prohibited transaction" provision of ERISA and the Code.

## NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE I – TAX STATUS

The IRS has determined and informed the Plan by a letter dated April 19, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related plan is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan remains in compliance with the applicable requirements of the Code; therefore, no provision for income taxes is included in the Plan's financial statements.

US GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

## NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

## NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

| Add: 2013 adjustment of stable value fund to its contract value | 19,904 |
| Net increase in net assets available for benefits per the Form 5500 | $ 431,601 |

Plan's investments in pooled separate accounts do not file separate Form 5500s as Direct Filing Entities. As such, the pooled separate account investments in Form 5500, Schedule H reflect the underlying investment in the pooled separate accounts which are mutual funds.
