NOTE 1 – DESCRIPTION OF PLAN

The Oncology Consultants, P.A. 401(k) Plan (the Plan) is a qualified retirement plan under the Internal Revenue Code (IRC) covering all eligible employees of Oncology Consultants, P.A. (the Company). In addition, Consultants in Hematology-Oncology, P.A. is a participating employer in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was effective on May 1, 2000, and has been amended and restated effective January 1, 2012.

The purpose of the Plan is to provide eligible employees with the opportunity to save for retirement on a tax-advantaged basis. Significant provisions of the Plan in effect as of December 31, 2014 are summarized below. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company are eligible to participate in the Plan after 90 days of service. An eligible employee may enter the Plan on the first day of each month coinciding with or next following the date they satisfy the service requirement.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan. Participant contributions are subject to an annual limit of the lesser of 90% of eligible compensation or a dollar limit set by law. Participants who have attained or will attain age 50 before the end of the calendar year may also make additional catch-up contributions into the Plan. Participants may also deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

The Company may make discretionary matching contributions equal to a uniform percentage of eligible contributions made by each participant. The discretionary matching contribution for 2014 equaled 50% of each participant's deferral up to 6% of eligible compensation up to an annual maximum of $1,000.

Participant Accounts – Each participant's account is credited with their contributions, rollovers, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their contributions and rollovers plus actual earnings thereon. Vesting in the employer contribution portion of their accounts plus actual Plan earnings thereon is based on periods of service. A participant vests in employer contributions over five periods.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities. The Plan currently offers various pooled separate accounts holding mutual funds as investment options for participants. Participants may redirect the investment of future contributions or exchange existing balances among available investment securities at any time.

Payment of Benefits – Upon termination of employment, disability, death, or retirement, a participant or designated beneficiary may elect to receive a distribution of the vested portion of their accounts. If the vested account balance does not exceed $5,000, then the vested account balance will only be distributed in a single lump-sum payment. If the vested account balance exceeds $5,000, participants may elect to receive a distribution in a single lump-sum payment or partial withdrawals or installments.

If an active participant has attained age 59½, they may receive an in-service distribution from the Plan from certain accounts prior to termination of employment. Hardship distributions are also available to participants who demonstrate certain immediate and heavy financial needs.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. The minimum loan is $1,000 and the maximum amount is the lesser of ½ of the participant's vested interest or $50,000 reduced by the highest outstanding loan balance during the prior one-year period. Loans are adequately secured by the balance in the participant's account and charged a reasonable rate of interest. Generally, the term of the loan may not exceed 5 years; however, the Company may permit a longer repayment term for the purchase of a principal residence. Participants may only have 1 loan outstanding at any given time.

Forfeited Accounts – Forfeitures are created when participants terminate employment before being fully vested. Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining amounts may be used to reduce future employer contributions. Forfeited non-vested accounts amounted to $20,879 and $16,986 at December 31, 2014 and 2013, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 and 2013 excess contributions to the applicable participants prior to March 15, 2015 and 2014, respectively.

Benefits Paid to Participants – Benefits are recorded when paid. As of December 31, 2014, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation in fair value of instruments.

Subsequent Events – The Plan has evaluated subsequent events through October 5, 2015, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts – Valued at the net asset value (NAV) of units of a pooled account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probably that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

All investments and investment activities included in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, *Note 5*, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, have been certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors did not perform auditing procedures with respect to the certified information except for comparing the information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2014 and 2013, all investments of the Plan were participant-directed. The following presents investments that represent 5% or more of the Plan's net assets at December 31:

		2014	2013
*	JH Ret To 2010 Managed Port	**$ 995,383**	$ 918,386

*	JH Ret To 2025 Managed Port	**	481,591
*	JH Ret To 2040 Managed Port	**	284,209

* Indicates party in interest.
** Represents less than 5% of the Plan's net assets as of December 31.

During 2014, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $193,710.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds held in pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A). As defined by the Plan, these transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 7 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 8 – TAX STATUS

The Plan adopted a volume submitter profit sharing plan with CODA that obtained a favorable opinion letter dated March 31, 2014, which stated that the form of the plan was accepted under section 401 of the IRC. The Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2014, 2013, 2012, 2011, and 2010, the Company failed to remit to the Plan certain participant contributions totaling $56,541, $148,739, $221,942, $310,354, and $263,090, respectively, within the period prescribed by Department of Labor regulations. The Company reimbursed participants for 2012, 2011, and 2010 lost earnings in 2014.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
