NATIONWIDE CHILDREN'S HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements
December 31, 2014 and 2013

Plan Description

The following description of the Nationwide Children's Hospital (Children's) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions. Copies may be obtained from Children's Human Resources Department.

General

The Plan, which became effective January 1, 1997, is a non-contributory, defined contribution plan available to substantially all employees of Children's who work at least 1,000 hours during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for Children's to contribute an amount up to 50% of the participant's contribution up to the first 3% of the participant's compensation. Participant contributions are maintained in a separate plan.

The Plan also provides for Children's to make a Basic Pension Contribution to all "pension eligible" employees. The amount of the contribution is determined based on the annual compensation and length of service of each employee as outlined in the Summary Plan Description.

Participants may not contribute to this Plan except for rollover or transfer contributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's rollover contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Effective January 1, 2007, the Plan was amended to modify the vesting schedules for both the matching and basic employer contributions. As it relates to the matching contributions, the amended vesting provisions are as follows:

- Participants hired on or before December 31, 2006 will be subject to a three-year cliff vesting schedule.
- Participants hired after December 31, 2006 will be subject to the following five-year graded vesting schedule.

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

As it relates to the basic contributions, the amended vesting provisions are as follows:

- Contributions attributable to plan years beginning before January 1, 2007 relating to participants hired on or before December 31, 2006 will be subject to a five-year cliff vesting schedule (100% vested after attaining five years of service and 0% vested prior to attaining five years of credited service).
- Contributions attributable to plan years beginning after December 31, 2006 relating to participants hired after December 31, 2006 will be subject to the same five-year graded vesting schedule described above.

One year of service represents a minimum of 1,000 hours of service.

Participants become fully vested in their account balances upon (i) attainment of normal retirement age, if an employee at such time; (ii) death or (iii) termination of employment upon becoming disabled.

Plan Description (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in any of the various investment options that the Plan offers through Teachers Insurance and Annuity Association of America – College Retirement Equities Fund (TIAA-CREF). Participants may change their investment options at any time.

Payment of Benefits

Upon normal retirement (age 65) or termination of service, married participants receive their vested benefit in the form of a joint and 50% survivor annuity, and unmarried participants receive single life annuities. Participants may waive this annuity in writing and, subject to spousal consent, elect to receive a lump-sum, another annuity or certain term installments.

Administrative Costs

Costs of plan administration are paid by Children's with the exception of certain investment management services which are included as a reduction of the return earned on applicable funds.

Forfeited Accounts

Upon termination of employment, a participant's non-vested portion of Children's contributions and related earnings are forfeited. Forfeited contributions are used to reduce future employer contributions. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$51,321 and \$46,465, respectively. During 2014 and 2013, approximately \$1,066,000 and \$866,000, respectively, was used to reduce current employer contributions. Subsequent to year-end, the plan sponsor used approximately \$532,000 in forfeitures to reduce the 2014 true-up contributions due to the Plan as of December 31, 2014. During 2014, the Plan sponsor used approximately \$105,000 in forfeitures to reduce 2013 true-up contributions due to the Plan as of December 31, 2013.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2014 and 2013

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

NATIONWIDE CHILDREN'S HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements
December 31, 2014 and 2013

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

<i>Insurance Company General Accounts:</i>	Valued at cost, which approximates fair value, plus interest credited at a guaranteed rate plus additional amounts that are established on a year-by-year basis.
<i>Pooled Separate Account:</i>	Derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. Securities held are priced using values obtained from independent pricing sources.
<i>Variable Annuity Contracts:</i>	Valued primarily using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing.
<i>Registered Investment Companies:</i>	Valued at the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NATIONWIDE CHILDREN'S HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements
December 31, 2014 and 2013

Plan Termination

Although it has not expressed any intent to do so, Children's has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, participants will become 100% vested in their accounts.

Party-in-Interest Transactions

Certain plan investments are shares of a pooled separate account, variable annuity contracts, insurance company general accounts and registered investment companies managed by TIAA-CREF. TIAA-CREF is the custodian as defined by the plan document and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) which covers the amended and restated plan document with an effective date of January 1, 2011. The determination letter stated that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax exempt. Subsequent to the issuance of the determination letter, the Plan was amended; however, the plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and currently a Department of Labor audit is in progress for the tax periods ending 2011 through 2013.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2014 statement of net assets available for benefits.

NATIONWIDE CHILDREN'S HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements
December 31, 2014 and 2013

Plan Amendments

Effective April 15, 2014, the Plan was amended to include a certain subset of new employees. These employees became participants and were credited with benefit and credited service for periods prior to April 15, 2014.

Effective June 30, 2014, the Plan was amended to clarify the eligibility requirements for participation in the Plan. In order to be benefits eligible, a covered employee must be scheduled to work at least 50% of a full-time work schedule, rather than the 40% included in the original plan document. Further, a participant must complete 40 hours of service per week to earn a matching contribution for that week, in addition to the other requirements included in the original plan document which include having a salary reduction agreement in effect and being benefits eligible at the end of such payroll period. The plan amendment also changed the verbiage for receiving a basic contribution to benefits eligible rather than pension eligible, updated job codes of employees who are eligible Supplemental Retirement Plan (SRP) participants for plan years beginning January 1, 2014 as well as implementing guidelines regarding who is an eligible SRP participant.

Effective July 1, 2014, the Plan was amended to include a certain subset of employees. These employees became participants and were credited with benefit and credited service for periods prior to July 1, 2014.

Subsequent Events

As noted in the *Tax Status* footnote herein, the Plan was under investigation by the DOL during 2014. The DOL issued the plan administrator a letter in November 2014 which stated the DOL believed the Plan was in violation of several provisions of ERISA. Plan management reviewed the findings, confirmed the facts and took corrective action. The DOL issued the plan administrator another letter in September 2015 which detailed the corrective action taken by the Plan and the DOL agreed to take no further action. The corrective actions taken by the plan were not considered quantitatively material to the financial statements.

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date that these financial statements were available to be issued.
