NOTES TO FINANCIAL STATEMENTS
December 31, 2014

NOTE 1 - Description of Plan

The following description of the HC Integrated Systems 401(k) PSP & Trust (the "Plan") is provided for general information purposes only. HC Integrated Systems, Inc. (the "Company") is the Plan Sponsor. The Plan became effective January 1, 2011 and was designed to encourage employees to save for retirement and stay with the Company until their retirement. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established for the benefit of all full-time employees of the Company who have completed 90 days of service and are age twenty-one or older. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar State tax laws. The HC Integrated Systems, Inc. Plan Committee (the "Committee") is responsible for the general administration of the Plan. ADP serves as the record-keeper and the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility:

Substantially all full-time employees who are twenty-one or older of the Company are eligible to participate in the Plan. Employees are eligible to participate in the Plan after having completed 90 days of service following their date of hire.

Contributions:

Participants may make contributions limited to the maximum annual contribution allowable pursuant to the requirements of IRC Section 401(k). Participants may rollover amounts representing distributions from other qualified plans.

Employer discretionary contributions (profit sharing and employer matching) are determined annually by the Company. For the year ending December 31, 2014, there were no employer discretionary contributions.

Participant Accounts:

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contributions and the Company's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

NOTE 1 - Description of Plan (Cont.)

Vesting:

Participants are immediately vested in prevailing wage and employee deferral contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions plus applicable earnings thereon is based on years of service as follows:

Vesting Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Investment Options:

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options and allocations any time throughout the year.

Forfeited Accounts:

Participants' accounts are forfeited if the employer contribution portion has not fully vested at the time of withdrawal. These amounts will be utilized to reduce employer contributions. As of December 31, 2014, there was no forfeited non-vested accounts to reduce future employer contributions.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of the lesser of 50% of their vested account balance, or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate of two percent over the prime rate published in the Wall Street Journal on the 14th business day of the month the loan is originated. Loan terms are specified for each loan and could range from one year to five years or up to 30 years for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses:

Substantially all administrative expenses are paid directly by the Company.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting:

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Contributions by the participants are recognized in the period in which the participants' wages are earned; withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the Plan trustee. Plan expenses are recorded when incurred.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted of the United States of America requires management to make estimates and assumptions that affect the reported amounts of nets assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits:

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - Summary of Accounting Policies (Cont.)

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Excess Contributions Payable to Participants:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. As of December 31, 2014, there are no excess contributions payable to participants.

NOTE 3 - Information Prepared and Certified by Trustee

Rowe Price Retirement 2030 each represent a greater than 5% interest of net assets available for benefits.

NOTE 4 – Fair Value Measurements

FASB Accounting Standards Codification Topic No. 820, Fair Value Measurements and Disclosures ("FASB ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 – Fair Value Measurements (Cont.)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

- Common Stocks, Corporate Bonds and U.S. Government Securities: Valued at the closing price reported on the active market on which the individual securities are traded.

- Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be activity traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31, 2014:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Investments, at Fair Value:				
Mutual Funds:				
Fixed Annuities	$ 465,395	$ 51,523	$ ---	$ 516,918
Total Mutual Funds	$ 465,395	$ 51,523	$ ---	$ 516,918

NOTE 5 - Federal Income Taxes

The Trustee received a letter of determination, dated July 8, 2014, from the Internal Revenue Service under the volume submitter plan stating that the Plan is exempt from Federal income taxes under Section 401(a) of the Internal Revenue Code for the Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 5 - Federal Income Taxes (Cont.)

The Plan is subject to routine examinations by taxing jurisdiction; however, there are currently no examinations in progress for any tax period.

NOTE 6 - Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has not recognized interest or penalties related to uncertain tax positions.

NOTE 7 - Related Party and Party-in-Interest Transactions

The plan administrator, ADP, is a party-in-interest. Fees paid by the Plan for administrative services amounted to $600 for the year ended December 31, 2014. The Plan Sponsor is also a party-in-interest with respect to the Plan. Notes from participants and the related interested income are also considered related party transactions.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company, by action of its Plan Administration, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination would receive distributions of their account balances. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 - Subsequent Events

The Plan Administrator has evaluated subsequent events through October 5, 2015, the date on which the financial statements were available to be issued, and concluded that no other subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
