Notes to Financial Statements

1. Description of Plan

The following description of the Kent Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the Internal Revenue Code Section 401 covering all employees of Kent Distributors, Incorporated (the "Company") and its affiliated companies. The investment assets were held by MassMutual Retirement Services ("MMRS"), a division of Massachusetts Mutual Life Insurance Company until January 28, 2013, at which time, the assets were transferred to John Hancock Life Insurance Company USA ("John Hancock") The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to participate in the Plan on January 1 or July 1, following the completion of one year of service as defined in the Plan. If an eligible participant terminates employment and is later re-employed, that employee may become a participant upon re-employment after meeting the requirements in the Plan document.

Trustee

Bill Kent and Bennett Robb serve as the trustee for the Plan. The trustee is responsible for the administration, management and investment of the trust fund. In addition, the trustee makes all distributions and benefit payments from the trust fund to participants and beneficiaries. The trustee maintains the records of the Plan on a calendar year basis (the "Plan Year").

Contributions

Each year participants may contribute up to 15 percent of annual compensation as defined by the Plan. The Company may elect to contribute a matching contribution equal to a percentage as determined by the Company. For the Plan year ended December 31, 2014, the Company contributed 100% of the deferral not to exceed 4% of participants compensation – these are safe harbor matching contributions. For the Plan Year ended December 31, 2014, the Company contributed 50 percent of the first 6 percent of base compensation that a participant contributed to the Plan.

1. Description of Plan (Continued)

Participant Accounts

The trustee maintains an account for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) the Company's discretionary nonmatching contribution, and (c) Plan earnings or losses. Allocations are based on participant earnings. Earnings (or losses) of the Plan are allocated to participants based on the account balances in existence. Forfeitures for the nonvested portion of terminated participants' accounts are used to offset the Company's next contribution. At December 31, 2014 and 2013, such forfeitures amounted to $7,699 and $8,057, respectively.

Vesting

A Participant's vested interest in his/her account balance is determined using the following table except that a participant is 100% vested in the part of the account resulting from his/her contributions:

Participant's Years of Service	Vested %
Less than 2 years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or more	100%

The term "years of service" includes all periods of employment except for years in which an employee worked less than 1,000 hours. For purposes of vesting, the "year" is defined as a calendar year.

A participant is 100% vested, regardless of years of service, upon disability, death or attaining a normal retirement age.

Effective January 1, 2013, the plan converted to a safe harbor plan. Accordingly, a participant is always 100% vested in their safe harbor contributions.

Investment Options

All assets of the Plan are participant-directed; therefore, all investment decisions and transactions are administered by the Participants.

1. Description of Plan (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow amounts from the vested portion of their accounts. Such loans are limited to the lesser of 50% of the vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustees. Participant loans totaled $381,766 and $285,383 at December 31, 2014 and 2013, respectively. The unpaid principal balance approximates fair value.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his/her account less 20% Federal withholding or a direct rollover into another qualified benefit plan or account.

Forfeitures

The nonvested portion of a terminated participant's account is forfeited after incurring a break-in-service. Forfeitures are allocated as described above. A break-in-service occurs if an employee works 500 hours or fewer during the Plan year.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), under which income is recognized when earned and expenses are recognized when the obligation is incurred.

Investment Valuation

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. Summary of Significant Accounting Policies (Continued)

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Pooled Separate Accounts (PSA) are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV value of a PSA is based on the market value of its underlying investments. Ernst & Young LLP performed an audit on these PSA's and determined them to be observable inputs. At December 31, 2014, all investments are in a pooled separate account.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Security Transactions and Investment Income

Security transactions are accounted for on a trade-date basis. Expenses incurred with transactions, if any, are added to the purchase price or deducted from the selling price at the time of the transactions. Dividend income is record on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Administrative Expenses

All expenses, with the exception of the Plan investment advisor fees, are paid by the Employer.

2. Summary of Significant Accounting Policies (Continued)

Settlement Options

If a participant's nonforfeitable accrued benefit does not exceed $1,000 effective March 28, 2006 and $5,000 before March 28, 2006, then settlement occurs as a lump sum payment made within 60 days after the December 31 following termination of employment.

If a participant's nonforfeitable accrued benefit exceeds $1,000 effective March 28, 2006 and $5,000 before March 28, 2006, then the participant has the option to elect the method used to distribute his benefits. The participant or beneficiary may elect distribution under one, or any combination of the following methods:

(a) by payment in a lump sum; or

(b) by payment in monthly, annual or a series of installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant, or the joint life and last survivor expectancy of the participant and his/her beneficiary.

As of December 31, 2014 and 2013 the Plan had participants with unforfeitable accrued benefits of $789,740 and $420,281, respectively that the participants have not decided on their settlement option.

3. Tax Status

By letter dated January 1984, the Internal Revenue Service determined that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan adopted the Pentec Pension Management, Inc. Standardized Paired Profit Sharing 401(k) Plan document in December 2000, which is covered by a determination letter dated February 18, 1999. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore no provision for income taxes has been included in the Plan's financial statements.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Investments

The following is a summary of the investments held as of December 31, 2014 and 2013. Investments which represent 5% or more of the Plan's net assets are separately identified.
