NOTE 1. DESCRIPTION OF PLAN

The following description of the Smith-Emery International, Inc. ("Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one month of service and are age twenty-one or older. The Plan is subject to the provisions of ERISA.

Contributions: Each year, participants may contribute a percentage of pretax compensation as limited by the law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company may make matching contributions, non-elective discretionary contributions and required minimum contributions.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution to the participants' accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service, or after reaching normal retirement age, as specified by the Plan agreement.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 of 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable interest rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in the account in either lump-sum amount or in periodic installments. Additionally, participants may keep their account with the Plan or rollover the balance to another qualified retirement account.

Forfeited accounts: As of December 31, 2014 and 2013, the forfeited nonvested accounts totaled $69,555 and $45,780 respectively. Forfeitures of nonvested accounts will be used to reduce any employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Operating expenses: The Company absorbs a significant portion of the Plan's administrative expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investments: The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2014 and 2013. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Key Guaranteed Portfolio Fund is fully benefit-responsive and is reported at fair value and adjusted to contract value. Contract value represents the accumulated contributions plus accrued and net earnings, less distributions. Fair value of the investment in the Key Guaranteed Portfolio Fund is estimated to be the same as contract value.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits represents the fair value of the investment contracts as well as the adjustment to the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as held during the year.

Subsequent events: The Plan has evaluated subsequent events through October 14, 2015, the date the financial statements were available for issuance.

NOTE 3. INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2014	2013
American Funds American Balanced R3	$ 614,019	$ 774,589

During the year ended December 31, 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $363,631 and $524,232, respectively.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Unadjusted quoted prices in active markets for identical investments that the Plan has the ability to access.
Level 2	Inputs other than quoted prices within Level 1 that are observable for the investment, either directly or indirectly.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the net asset value of shares held by the Plan at year-end. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The fair value of the guaranteed investment contract is based on the present value of the contract's expected cash flows, discounted at current market interest rates.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Great West Life and Annuity Company (Great West). The Key Guaranteed Portfolio Fund investment choice is invested in the general account of Great West. The account is credited with earnings based upon interest rates set monthly and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Great West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

As described in Note 2, because the Key Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Great West contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Contract value is fair value of the investment contract, and the values at December 31, 2014 and 2013 were $1,252,035 and $1,402,855, respectively. The average crediting interest rates for the years ended December 31, 2014 and 2013 was 1.20% and 1.26%, respectively.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. Certain Plan investments are mutual funds and other investments are managed by Great West Life and participant recordkeeping services are provided by Actuarial Benefits Corp. These transactions qualify as exempt party-in-interest transactions. For the years ended December 31, 2014 and 2013, total administrative expenses amounted to $30,236 and $27,637, respectively.

NOTE 7. EXCESS CONTRIBUTIONS

Participants' contributions include $3,185 and $0 of excess contributions for the years ended December 31, 2014 and 2013, respectively. These excess contributions were returned to the participants before April 15, 2015 and 2014 for the years ended December 31, 2014 and 2013, respectively.

NOTE 8. INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

The Plan's administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations of Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data in the accompanying financial statements and required supplementary information is complete and accurate:

	2014	2013
Investments, at fair value	$ 7,917,376	$ 7,735,760
Total investment income	$ 363,631	$ 524,232
Administrative expenses	$ 30,236	$ 27,637

The information included in the supplemental schedule of assets held for investment purposes at end of year.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to the respective Form 5500:

	Assets	Contributions
Net assets available for benefits/contributions per the financial statements	$ 7,914,191	$ 250,892
Excess contributions payable - 2014	3,185	3,185
Net assets available for benefits/contributions per the Form 5500	$ 7,917,376	$ 254,077

NOTE 10. TAX STATUS

The Plan currently operates under a volume submitter profit sharing plan with cash or deferred arrangement offered by Accudraft.com, Inc. The Plan has been amended since the adoption of the volume submitter plan; however, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal or state tax authorities. The Plan's administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 12. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
