401(k) PLAN

Notes to Financial Statements
December 31, 2014

Note 1 – Description of plan

The following brief description of The Yale Club of New York City 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution pension plan established on July 1, 1999. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All union employees of The Yale Club of New York City (the "Club") who have been employed for one year and reached the age of 21 are eligible to participate in the Plan.

Contributions

Upon eligibility, participants may make pre-tax contributions to the Plan subject to the limit established by the Internal Revenue Code for 401(k) plans. Each year, at its discretion, the Club may determine to make a matching contribution to the Plan. For the year ended December 31, 2014, the Club has not contributed to the Plan.

Participants may also contribute rollover amounts representing distribution from other eligible retirement plans.

Participants' accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of any account earnings net of applicable administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Each participant may direct the investment of his/her account in any of the various investment options offered by all Plan and may change their investment options at any time, subject to the terms of finding vehicle. Plan earnings are credited to a participant account according to the type of finding vehicle in which balances are in used.

Fund managers' fees are charged to participants' accounts as a reduction of the return earned on each investment option as outlined in each contract.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Note 1 – Description of plan (continued)

Benefits

On termination of service due to death, disability, retirement, or separation from service, a participant may elect to receive their benefits as either a lump-sum amount equal to the value of the participant's interest in his or her account, or in the form of installments as defined in the Plan. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching the age of 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Minimum required distributions for participants who have reached age 70½ also apply per Internal Revenue Services Regulations.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50%, whichever is less, of their vested account balance. Loans range from 1-5 years or up to 30 years for the purchase of a primary residence. The notes bear interest at 2% above prime with interest at the rate of 7.75% per annum. Principal and interest is paid through payroll deductions.

Notes are reflected at their unpaid principal plus accrued interest.

Plan termination

Although it has not expressed any intent to do so, the club has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 – Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), except for the cash basis recording of benefits paid.

Investment valuations

The Plan's investments are stated at fair value. Registered investment companies are valued at quoted market prices, which are based on the net asset value of shares held by the Plan.

THE YALE CLUB OF NEW YORK CITY
401(k) PLAN

Notes to Financial Statements (continued)
December 31, 2014

Note 2 – Summary of significant accounting policies (continued)

Investment transactions and income

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when earned. Realized gains and losses on the sale of securities are computed on each individual security.

The aggregate of (a) the net unrealized appreciation (depreciation) in the fair value of investments for the year, and (b) the net gains or losses on disposition of investments during the year is reflected as net appreciation in the fair value of investments for the year.

Management's fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits

Benefit payments to participants are recorded when paid.

Contributions

Contributions from employees' are recorded as they are withheld from the participants' wages.

Concentrations of credit risk

The Plan invests in various mutual funds. These investments are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency, accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds and similar type investments. Any default on participant loans would be treated as a taxable distribution to the participant.

401(k) PLAN

Notes to Financial Statements (continued)

Note 2 – Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2014 or 2013. As of December 31, 2014 and 2013, the Plan had outstanding participant loans of principal and interest balances totaling $324,622 and $263,824, respectively.

Administrative expenses

Substantially all general administrative expenses of the Plan are paid by the Club and are not reflected in the accompanying financial statements. Certain other transaction-related participant expenses, such as those associated with loan maintenance and administration, are paid by the Plan and are included in the accompanying financial statements.

Certain administrative functions are performed by officers or employees of the Club. No such officer or employee receives compensation from the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 28, 2015, which is the date the financial statements were available to be issued.

Note 4 – Fair value measurements

For assets measured at fair value on a recurring basis, Accounting Standards Codified Topic Fair Value Measurements requires quantitative disclosures about the fair value measurement separately for each major class of assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets.

Level 2 – Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Note 5 – Information certified by Plan Custodian

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Acensus Company, as an agent for Frontier Trust Company, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2014, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

Note 6 – Related party transactions

Certain Plan investments are managed by Acensus Company. Acensus Company is one of the Trustees as defined by the Plan, and, therefore, those transactions qualify as party-in-interest. Other fees related to investment advisory services and administrative services of the Plan were paid by the Plan or by the Club. These transactions qualify as party-in-interest transactions.

Note 7 – Tax status

The Plan has obtained a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Accordingly, the accompanying financial statements do not include a provision for income tax. The Plan's Form 5500 for 2011 and forward is subject to the usual review by the appropriate regulatory authorities.
