LEISURE SPORTS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Leisure Sports Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1992 by Leisure Sports Inc. to provide retirement benefits for employees of Leisure Sports Inc. and certain affiliates (collectively referred to as the "Company"). The Plan is a defined contribution plan covering all eligible employees who have attained 21 years of age and completed 6 months of service. Union employees and non-resident aliens with no U.S. source income are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). The Board of Trustees is responsible for the oversight of the Plan. The Investment Committee, which includes a member of the Board of Trustees, determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Plan's Board of Trustees.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Each year, participants may elect to contribute up to 100% of their eligible pre-tax compensation, as defined in the Plan, with maximum contributions of $17,500 for the year ended December 31, 2014 plus annual catch-up contributions of $5,500 for participants who have attained age 50 before the end of the Plan year. Participants may also make rollover contributions from other qualified retirement plans, subject to approval by the plan administrator. Participant contributions are 100% vested at all times.

Employer Contributions – The Company may make discretionary matching or profit sharing contributions to the Plan, subject to limitations imposed by applicable provisions of the IRC. For 2014, the Company made matching contributions to each active participant's account in an amount equal to the lesser of 25% of the participant's contributions or 1.5% of the participant's eligible compensation, limited to a maximum annual employer contribution of $2,500. The discretionary profit sharing contributions, if any, are allocated in the ratio that each participant's eligible compensation bears to the total compensation paid to all eligible participants for the Plan year. A participant must complete 1,000 hours of service and be employed on the last day of the Plan year to be eligible for the discretionary profit sharing contributions. There were no profit sharing contributions for the year ended December 31, 2014.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and Company discretionary matching contributions and allocations of (a) the Company's discretionary profit sharing contributions, if any, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contributions plus actual earnings or losses thereon is based on years of continuous service. The vesting schedule as follows:

Years of Vesting Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into various mutual funds and exchange traded funds ("ETFs") available under the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear fixed interest as determined under the Plan's provisions. Principal and interest are paid ratably through payroll deductions or note repayments made directly to the Plan after termination of employment. The loan term must not be longer than five years, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be up to fifteen years. At December 31, 2014, interest rates on outstanding loans ranged from 4.25% to 9.25% with maturity dates from January 2015 to December 2029.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching early retirement age of 60 years, termination of service, or death. A participant may be eligible to receive an in-service distribution upon attainment of age 59 ½. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump-sum distribution or a direct rollover distribution of the participant's vested interest in his or her account. If a terminated participant's account is $1,000 or less, the balance will be distributed to the participant in a lump sum. Account balances between $1,000 and $5,000 will be directly rolled over into an individual retirement account ("IRA"). Mandatory distributions are required to begin no later than April 1st following the later of the end of the year a participant retires, or reaches age 70 ½.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited. Forfeited accounts may be used to pay administrative expenses and fund future employer contributions. As of December 31, 2014 and 2013, forfeited non-vested accounts amounted to $11,567 and $8,967, respectively. There were no forfeitures used during the year ended December 31, 2014.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 and 2013 excess contributions to the applicable participants prior to March 15, 2015 and 2014, respectively.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid from the Plan assets are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 for nonpublic entities. Early adoption is permitted. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements (Continued) – In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments. The amendments in all three parts of ASU 2015-12 take effect for fiscal years beginning after December 15, 2015. Earlier application is permitted. The amendments in parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan is currently evaluating the impact of adopting this guidance on its financial statements

Subsequent Events – The Plan has evaluated subsequent events through October 14, 2015, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-Traded Funds: Valued at the closing price reported on the active market on which the individual ETFs are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investments are Level 1 within the fair value hierarchy. The following table sets forth the Plan's assets at fair value at December 31:

NOTE 5 – TAX STATUS

The Plan has adopted a prototype plan that has received an opinion letter dated March 31, 2008, in which the IRS stated that the volume submitter plan, as then designed, was in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the list of funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2014 and 2013, there were unintentional delays by the Plan sponsor in remitting participant deferrals and loan payments in the amounts of $135,261 and $13,954, respectively, to the trustee. These transactions constitute prohibited transactions as defined by ERISA. The Company reimbursed the lost earnings for the participants affected by the late remittances in 2013 by contributing $374 to the Plan during 2014. The Company reimbursed the participants affected by the late remittances in 2014 by contributing $148 subsequent to December 31, 2014.

NOTE 9 – PLAN OPERATIONAL MATTERS AND VOLUNTARY COMPLIANCE RESOLUTION

During 2014, operational errors in the withholding of employee contributions related to manual checks for Plan years 2014 and 2013 were discovered. In order to correct these errors for the affected participants, the Plan sponsor remitted corrective contributions and lost earnings in the amounts of $4,164 and $6,751, respectively to the Plan during 2014, in accordance with the IRS' Voluntary Correction Program.

There were certain other operational errors related to employee and employer contributions during 2014 that were not corrected as of December 31, 2014. The Plan is currently evaluating the impact of these errors and will remit corrective contributions and lost earnings, as necessary, to the affected participants' accounts, also in accordance with the IRS' Voluntary Correction Program, subsequent to December 31, 2014.
