(1) Plan Description

The following is a brief description of the Healthcare Partners of Nevada 401(k) Plan (Plan) and is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a multiple employer defined-contribution plan covering certain related entities of Healthcare Partners of Nevada (Company). The entities that have adopted the Plan include JSA P5 Nevada, LLC (P5 Nevada), JSA Professional Association (PA), Resource Advisors Corporation (RAC), and Healthcare Partners Medical Group Bacchus LTD. Effective April 2014, employees become eligible to participate in the Plan in the month following completion of 1 month of service and attaining the age of 18. Previously, employees had to complete nine months of service and attain the age of 18 to participate in the Plan. Employees may enter the Plan on the first day of the month after completion of the required service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company's Investment Committee, which is a committee of certain employees and senior managers of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On December 15, 2014, all Plan assets were merged into the Healthcare Partners Medical Group, Inc. 401(k) Retirement Plan.

(b) Contributions

Participants may elect to contribute up to 75% of their pre-tax compensation up to a maximum of $17,500 for the period January 1, 2014 to December 15, 2014. The Plan also provides for "catch-up" contributions subject to IRS limitations. The Plan also allows for Roth contributions.

Effective November 1, 2010, the Plan adopted the Fidelity Volume Submitter Plan (Fidelity Plan). Under the Fidelity Plan, the Company may make discretionary contributions. During 2014, the Company made discretionary contributions of approximately $1,470,000.

The Company, at its discretion, may also make discretionary profit sharing contributions. Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service in order to receive their contribution. No such contributions were made for the period from January 1, 2014 to December 15, 2014.

The Plan also accepts rollovers and direct transfers from other tax-qualified plans.

(1) Plan Description - Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. A separate account is maintained for each investment option selected by the participant. Earnings and losses of the Plan are allocated to each participant based upon the ratio of their account to the total of all participants' accounts. Participants may purchase shares of mutual funds not offered by the Plan through the brokerage account. All allocations are made on a daily basis.

(d) Vesting

Participants are immediately vested in their own salary deferral and rollover contributions, plus actual earnings thereon. Participants who were employed by the Company at any time after December 31, 2008, become 100% vested in the Company matching contributions and Company discretionary profit sharing contributions after four years of credited service based on the following table:

Years of Service	
Less than one year	0%
One year but less than two	25%
Two years but less than three	50%
Three years but less than four	75%
Four years or more	100%

Participants who are not employed by the Company at any time after December 31, 2008, and employees of MDS, an acquired company, and participants of the Fremont plan, a plan previously sponsored by the Plan Sponsor, who terminated employment prior to November 1, 2010 become 100% vested in the Company matching and Company discretionary profit sharing contributions after six years of credited service based on the following table:

Years of Service	
Less than two years	0%
Two years but less than three	20%
Three years but less than four	40%
Four years but less than five	60%
Five years but less than six	80%
Six years or more	100%

Participants also become fully vested upon reaching their normal retirement age (age 65) or when they satisfy the conditions of early retirement age, death or retirement due to disability.

(1) Plan Description - Continued

(e) Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 with the maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may not have more than one loan outstanding from the Plan at any time. Loan terms range from one to five years unless the loan qualifies as a home loan in which the loan term shall not exceed fifteen years and are collateralized by the respective participant's account and are evidenced by a note which bears interest at prevailing interest rates. For the period from January 1, 2014 to December 15, 2014, loans bore interest from 4.25% to 5.50%. Principal and interest are paid ratably through payroll deductions.

(f) Withdrawals

The Plan allows participants to withdraw a portion of their vested account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need but shall be for no less than $500, and must qualify with respect to Plan provisions. The Plan also allows for in service withdrawals from vested accounts by participants who have reached age 59 ½.

(g) Benefit Payments

In the event of termination of employment with the Company, a participant shall be entitled to benefits equal to a lump-sum amount equal to the value of the participant's vested interest in his or her account, maintain their account with the Plan, or a combination of both. If the value of a terminated participant's vested benefit does not exceed $5,000, the entire amount shall be paid to the participant in a single lump sum or combined within another qualified plan within 90 days.

(h) Forfeitures

Forfeitures from the Plan are used to reduce future employer contributions or to reduce administrative expenses. Forfeitures available for reduction of future employer contributions were approximately $0 and $71,000 at December 15, 2014 and December 31, 2013, respectively. For the period from January 1, 2014 to December 15, 2014, the Plan used approximately $39,000 and $26,000 of forfeited non-vested account balances to offset administrative expenses and employer contributions, respectively.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

(c) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 15, 2014 or December 31, 2013. If a participant ceases to make loan repayments and a distributable event occurs, the Plan Administrator will deem the participant loan to be in default and the participant loan balance will be reduced and a benefit payment will be recorded.

(d) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date based on quoted market prices. Realized and unrealized gains and losses represent the change in market value of the investments during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned.

(e) Administrative Expenses

Plan expenses may be paid out of Plan assets unless paid by the Company. Company personnel also perform various administrative services for the Plan, including limited assistance with the maintenance of participant records. The amount of payroll and related overhead costs associated with these services is not included in the accompanying financial statements.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(3) Plan Termination

As described in Note 1(a), all assets of the Plan were merged into the Healthcare Partners Medical Group, Inc. 401(k) Retirement Plan as of December 15, 2014. Effective with this merger, Plan operations were terminated.

(4) Tax Status

The Plan has adopted the Fidelity Management Trust Company (Fidelity) Volume Submitter Profit Sharing Plan with CODA Plan which obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 15, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(5) Information Prepared and Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Total investments and notes receivable from participants as of December 15, 2014 and December 31, 2013, as shown in the statements of net assets available for benefits.

- Total investment income and net depreciation in fair value of investments together with related investment activity for the period January 1, 2014 to December 15, 2014, as shown in the statement of changes in net assets available for benefits.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(6) Investments

The fair value of investments which individually comprise greater than 5% of net assets available for plan benefits as of December 15, 2014 and December 31, 2013 is as follows:

	2014	2013
Investments, at fair value:		
Fidelity Balanced Fund	$ *	2,998,171
Fidelity Freedom 2030 Fund	*	2,053,176
Fidelity Retirement Money Market Portfolio	*	4,329,138
Harbor International Fund	*	3,071,483
Janus Forty Fund Class S	*	2,663,010
Vanguard Equity-Income Fund Admiral Shares	*	1,970,382

** Investment did not represent 5% or more of the Plan's net assets.*

(7) Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. During 2014, the Plan paid Fidelity approximately $14,000 for recordkeeping services. Additionally, the Plan paid approximately $17,000 to Mayer Hoffman McCann P.C. for professional services related to the audit of the financial statements and approximately $28,000 to its investment advisors. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA. They are, however, expressly exempted from the prohibited transaction rule. The Company pays other fees related to the Plan’s operations.

(8) Excess Contributions Payable

The Plan’s statement of net assets available for benefits at December 15, 2014 and December 31, 2013 include $0 and $96,503, respectively, of excess contributions payable to certain active participants to return to them excess deferrals required to satisfy the relevant nondiscrimination provisions of the Plan.

(9) Fair Value Measurements

The Plan applies the provisions of ASC 820 in measuring fair value. ASC 820 established a three tier fair value hierarchy which prioritized the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Companies

Registered investment companies are valued at quoted market prices, which represent net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Common Stock

Common stock represents equity securities valued at the closing price reported on the active market where the individual securities are traded. Common stock is classified as Level 1 investments.

Interest Bearing Cash

Money market funds are valued at the closing price reported by the fund sponsor from an actively traded exchange. These are included within interest-bearing cash as Level 1 measurements.

There were no assets held at December 15, 2014 to be valued at fair value.

(9) Fair Value Measurements - Continued

As of December 31, 2013, the Plan's investments measured at fair value on a recurring basis were as follows:
