PALL RETIREMENT PLAN FOR PUERTO RICO EMPLOYEES

Notes to Financial Statements

December 31, 2014 and 2013

(1) Description of Plan

The following description of the Pall Retirement Plan for Puerto Rico Employees (formerly known as Pall Section 1165(e) Retirement and Savings Plan for The Puerto Rico Employees of The Pall Corporation) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan for non-union employees who have completed three months of service with Pall Life Sciences Puerto Rico, LLC (the Company or the Plan Sponsor). The Plan was adopted by the Company and was effective as of July 1, 2000 and amended on January 1, 2011 and 2013. The Plan is administered by a management committee appointed by Pall Corporation (the Parent Company of the Plan's Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Administration of the Plan

The management committee of the Parent Company of the Plan Sponsor in charge of the Plan's administration contracted UBS Trust Company of Puerto Rico (the Trustee) to assist with certain administration shores under the terms of a trust agreement entered into between the Plan Sponsor and the Trustee. Hand Benefits & Trust Company is the custodian of the Plan.

The Plan requires that participants select the investment funds into which their accounts are invested. The Participants may select from 17 available investment fund options during the years ended December 31, 2014 and 2013.

(c) Contributions

Participants may contribute, on either a pre-tax or after-tax basis, specified percentages of their compensation to the Plan, as defined, up to the before-tax contributions limit provided under Section 1081.01 of the Puerto Rico Internal Revenue Code. Maximum allowable contributions for the years ended on December 31, 2014 and 2013 amounted to \$15,000.

Additionally, the Plan provides an employer-matching component. The employer matches 100% of the participant's contribution up to a maximum of 2.5% of the participant's compensation.

Any excess funds resulting from a forfeiture of all or any portion of the account of a participant or former participant under circumstances that do not entitle the participant, former participant, his/her spouse, or beneficiary to the full amount of his/her account under the plan agreement, shall not be applied to increase the benefits payable to any other participant, spouse, or beneficiary, but shall remain in the trust fund and shall have the effect of reducing the amount of any subsequent contributions to the Plan by the Company.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings (losses), and (c) expenses. Allocations of the Plan's

PALL RETIREMENT PLAN FOR PUERTO RICO EMPLOYEES

Notes to Financial Statements

December 31, 2014 and 2013

earnings (losses) are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon, and become vested in the Company contributions and earnings thereon, upon completion of three years of service.

(f) Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the vested portion in his or her account, or quarterly installments as well as monthly installments over an extended period. In addition, a participant may elect to receive a withdrawal in the event of financial hardship in accordance with the terms of the Plan.

(g) Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$3,053 and \$29,314, respectively. These accounts will be used to reduce future employer contributions. During 2014, employer contributions were reduced by \$35,101 from forfeited nonvested accounts.

(h) Administrative Expenses

Administrative expenses are paid by the Plan and by the Company. In 2014, the Plan and the Company paid and absorbed \$35,772 and \$58,093 of the Plan's administrative expenses, respectively. In 2013, the Plan and the Company paid and absorbed \$47,789 and \$47,502 of the Plan's administrative expenses, respectively.

(i) Notes Receivable from Participants

Participants may borrow against their vested account balance a minimum of \$500 up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance, whichever is lower. The loans are secured by the balance in the participant's account. The repayment period varies depending on the type of the loan. General-purpose loans must be repaid within a five-year period with longer repayment terms permitted for principal residence loans. Interest charged is a fixed rate equal to the "prime" rate plus one percent at the time the loan is made.

If a Participant defaults on any payment of interest or principal of a loan, the Plan Administrator may take (or direct the Trustee to take) such action or actions as it determines to be necessary to protect the interest of the Plan. Such actions may include commencing legal proceedings against the Participant, or foreclosing on any security interest in the Participant's account or other security given in connection with a loan. In the event of a default, foreclosure on the Participant's note and attachment of one or more of the Participant's accounts given as security will not occur until a distributable event occurs in the Plan.

Outstanding participants' loans as of December 31, 2014 and 2013 amounted to \$1,229,031 and \$958,920, respectively, at rates ranging between 4.25% and 9.25%.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with U.S. generally accepted accounting principles.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investments Valuation and Income Recognition*

The Plan's investments are stated at fair value based on quoted market values. Quoted market prices are used to value investments, including shares of investment securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year. For further discussion about the fair value of the Plan's investments, see note 4, Fair Value Measurements.

(d) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(e) *Payment of Benefits*

Benefits are recorded when paid.

(f) *Risk and Uncertainties*

Participants may direct investment of their account balances in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

(3) Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hand Benefits & Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investment activity reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, this note and that reflected on note 4.

Investment income from interest and dividends amounted to \$616,796 and \$274,713 for the years ended December 31, 2014 and 2013, respectively. Interest income from notes receivable from participants amounted to \$39,070 and \$40,581 for the years ended December 31, 2014 and 2013, respectively.

(4) Fair Value Measurements

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy

Notes to Financial Statements

December 31, 2014 and 2013

distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.
- Level 2: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(5) Plan Termination

Although it has no expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participants accounts and distributed in such a manner as the Company may determine.

(6) Tax Status

On January 31, 2011, Act No. 1 of the New PR Code was signed into law, which adopts new rules for qualified plans in Puerto Rico. The qualified plan provisions of the New PR Code are generally effective with respect to taxable years beginning after December 31, 2010. Among the most important changes in the New PR Code affecting the Plan are the following: (a) increase in limitation of deferred contributions by participants; (b) new definitions of highly compensated employee (HCE) and nonhighly compensated employee (NHCE); (c) the new definitions of HCE and NHCE will apply for purposes of the coverage test and general nondiscrimination test of all qualified plans in Puerto Rico; (d) limitation on annual contributions for defined contribution plans; (e) limit on annual compensation of a participant; and (f) statutory requirement for proof of exemption. Effective January 1, 2013, the Company amended the eligibility requirements for plan participation of the Plan to exclude temporary employees.

The New PR Code provides for the Plan to continue to be qualified until the year ended on December 31, 2012. The Puerto Rico Department of Treasury has determined and informed the Plan's trustee under a letter dated January 11, 2013 that the Prototype Plan is designed in accordance with the applicable sections of the PR Code. However as per the New PR Code a separate determination letter is required for any sponsor that adopts the prototype plan. The Plan Sponsor is in the process of submitting amendments to the Puerto Rico Department of Treasury in order to comply with the provisions of the New PR Code. Although the Plan is in process of obtaining a new determination letter under the New PR Code, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the New PR Code.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no

Notes to Financial Statements

uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

	December 31	
	2014	2013
Net assets available for plan benefits per financial statements	\$ 12,957,378	11,655,782
Other employer contribution receivable	—	(4,060)
Deemed distributions of notes receivable from participant	(2,300)	(2,226)
Net assets available for plan benefits per Form 5500	\$ <u>12,955,078</u>	<u>11,649,496</u>

The following is a reconciliation of benefits paid to participants per the financial statements for the years ended December 31, 2014 and 2013 to Form 5500:

	December 31	
	2014	2013
Benefits paid per the financial statements	\$ 423,661	640,749
Deemed distributions of notes receivable from participant – 2013	(2,226)	2,226
Deemed distributions of notes receivable from participant – 2014	2,300	—
Benefits paid per Form 5500	\$ <u>423,735</u>	<u>642,975</u>

A note receivable from a participant is not recorded as a loan in Form 5500 if it is considered deemed distributed during the plan year. To be considered deemed distributed, the following circumstances must apply: (1) under the plan, the participant loan is treated as a directed investment solely of the participant's individual account; and (2) as of the end of the plan year, the participant is not continuing repayment under the loan. For notes receivable from participants amounting to \$2,300 and \$2,226 in 2014 and 2013, respectively, both circumstances apply.

(8) Prohibited Transaction – Participants' Contribution Remittances

During 2013, the Plan accrued a total of \$4,060 associated with lost earnings for contributions remitted late from year 2009 to 2012 as other employer contribution receivable in the accompanying statement of net assets available for benefits. This amount was calculated under the Voluntary Fiduciary Correction Program and Prohibited Transaction Exemption 2002-51. On March 6, 2014, the Sponsor funded the entire accrued amount.

(9) Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 13, 2015, the date at which the financial statements were available to be issued, noting that on May 12, 2015, the Parent Company of the Plan's Sponsor executed an Agreement and Plan of Merger, with Danaher Corporation, a Delaware corporation (Danaher) pursuant to which, among other things and subject to the satisfaction or waiver of specified conditions, Danaher agreed to acquire the Company for \$127.20 per share in cash. The acquisition was not subject to any financial condition but required shareholders and regulatory approval and closed on August 31, 2015. Management determined there to be no impact to the Plan in 2015 and to increase the employer matching contributions to the Plan in 2016.
