The Retirement Committee
Keller Technology Corporation
401(k) Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Keller Technology Corporation 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Prudential Insurance Company of America and Prudential Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

KPMG LLP is a Delaware limited liability partnership, the U.S. member firm of KPMG International Cooperative ("KPMG International"), a Swiss entity.

Other Matter

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following brief description of the Keller Technology Corporation 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

(a) General

The Plan is a defined contribution plan sponsored by Keller Technology Corporation and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective July 1, 2006, the Plan was amended to include Keller New York, LLC (collectively, the Company or Sponsor).

(b) Eligibility

Generally all employees age 18 or older are eligible to participate in the Plan, other than collectively bargained employees, nonresidents having no U.S. source income, and students under student intern or cooperative programs.

(c) Contributions

Participants may make contributions in the form of salary reductions of up to 35% of gross compensation. The Company makes a matching contribution equal to 50% of each participant's contribution, on the first 2% of compensation contributed and 25% of each participant's contribution, on the next 6% of compensation contributed. Contributions are limited to the maximum amount prescribed by the Internal Revenue Code. Catch-up contributions are permitted and matching contributions occur on the catch-up contributions.

(d) Participants' Accounts

An account is maintained for each participant, which is credited with contributions and investment income. The participants' accounts are reduced by any disbursements allowed under the Plan.

The Prudential Financial, Inc. common stock account was established and holds the shares of common stock received upon the demutualization of Prudential Insurance Company of America (Prudential) on December 13, 2001. New or transfer contributions are not allowed into this account.

Participants may allocate a portion of salary reduction contributions to premiums on life insurance purchased prior to January 1, 1994. Otherwise, life insurance purchases are no longer permitted by the Plan.

(e) Vesting

Participants are fully vested at all times in their salary reduction contributions. Sponsor matching contributions become vested on a graduated scale based on years of service. Participants are fully vested in employer matching contributions after five years of service.

(f) Distributions and Forfeitures

Participants or their beneficiaries are entitled to their entire account balance upon death, disability, or retirement at age 65, or participants with 10 years of service may retire at age 55. Salary reduction contributions may be withdrawn beginning at age 59½. Salary reduction and vested sponsor matching contributions may also be withdrawn in the event of serious financial hardship, as defined. Upon termination of employment, participants are entitled to receive their vested balance. Nonvested amounts are placed in a separate account and, if forfeited, are applied as a reduction of subsequent Company contributions. Forfeitures totaled $7,617 and $1,634 at December 31, 2014 and 2013, respectively. Benefit payments are in the form of cash, annuities, or a combination thereof.

(g) Loans

Participants may borrow a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested balance from their accounts. Loan terms generally range from one to five years with the exception of loans for the purchase of a primary residence, which may be repaid within 15 years, and generally bear interest at fixed rates approximating prevailing market rates at issuance. Interest rates on loans outstanding at December 31, 2014 range from 4.25% to 8.75%. Principal and interest are repaid through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in accordance with U.S. generally accepted accounting principles (U.S. GAAP) and present the net assets available for plan benefits and changes in those net assets.

(b) Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Under the provisions of U.S. GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by U.S. GAAP, the statements of net assets available for plan benefits present the fair value of the investment contracts as well as an adjustment from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

One of the investments offered by Prudential is held under a fully benefit-responsive investment contract known as a guaranteed interest account. The guaranteed interest account consists of investment contracts, each providing for a fixed rate of interest. Those investment contracts are fully benefit-responsive and, accordingly, are reported at fair value. Fair value is determined based on the consideration that the guaranteed interest account is an evergreen (no maturity date) product.

Contract value, as reported to the Plan by Prudential, represents contributions under the contract, plus earnings, less participant withdrawals and administrative expenses.

Net appreciation (depreciation) in fair value of investments is reflected in the statements of changes in net assets available for plan benefits and includes realized gains and losses on investments bought and sold and the change in unrealized gains and losses from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased, and sales are recorded net of selling expenses.

(c) Cash Surrender Value of Life Insurance Contracts

Life insurance contracts are recorded at cash surrender value, which approximates fair value.

(d) Notes Receivable from Participants

Notes receivable from participants are recorded at amortized cost.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Costs of managing investments are paid by the fund investment vehicles and are included in the net appreciation (depreciation) in the fair value of investments. Generally, all other administrative costs of the Plan are paid by the Company.

(g) Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in their value could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

The plan's investments may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations, and commercial mortgage backed securities, including securities backed by sub prime mortgage loans. The value, liquidity, and related income of these securities is sensitive to changes in economic conditions, including real estate value, delinquencies of defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(Continued)

(h) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the changes in net assets available for plan benefits during the year. Actual results could differ from those estimates.

(3) Information Certified by the Plan's Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information, which was certified by Prudential Insurance Company of America and Prudential Trust Company, the Plan's trustees, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule H, line 4i – schedule of assets (held at end of year):

	2014	2013
Investments:		
Guaranteed interest account	$ 11,041,391	9,923,173
Mutual funds	17,702,763	17,230,754
Common stock – Prudential Financial, Inc.	129,024	135,766
Notes receivable from participants	342,147	356,437

The trustees also certified to the completeness and accuracy of $495,717 and $456,304 of dividend and interest income, and $1,081,246 and $3,642,940 of net appreciation in fair value of investments related to the aforementioned investments for the years ended December 31, 2014 and 2013, respectively. Additionally, information in the supplemental schedule is presented in reliance on the certification.

(4) Investments

The Plan maintains a fully benefit-responsive investment contract and mutual funds with Prudential.

As described in note 2(b), because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on an annual calendar year basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal

income taxes or any required prohibited transaction exemption under the ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value, is probable.

There are no events that allow Prudential to terminate the contract or that require the Plan to settle at an amount different than contract value paid either within 90 days or over time.

Average yields earned for the years ended December 31 are as follows:

	2014	2013
Average yields:		
Based on actual earnings	3.00%	3.00%
Based on interest rate credited to participants	3.00	3.00

Individual investments that comprise 5% or more of the Plan's net assets available for plan benefits at either December 31, 2014 or 2013 are as follows:

	2014	2013
Prudential Guaranteed Interest Account*	$ 11,041,391	9,923,173
Prudential Jennison Growth Fund Class Z	3,591,832	3,597,914
Prudential Stock Index Fund Class Z	2,984,496	2,338,278
Prudential International Equity Fund Class Z	1,172,259	1,576,864
Prudential Asset Allocation Fund Class Z	2,557,948	2,465,193

* At December 31, 2014 and 2013, the contract value of the Prudential Guaranteed Interest Account is $11,041,391 and $9,923,173, respectively.

Net appreciation (depreciation) in fair value of investments (including investments bought, sold, as well as held during the year) for the years ended December 31 is summarized as follows:

	2014	2013
Common stock – Prudential Financial, Inc.	$ (2,710)	65,786
Mutual funds:		
Large cap equity funds	1,068,713	2,783,459
Mid cap equity fund	106,304	386,166
Small cap equity fund	(35,624)	240,464
Fixed income fund	47,969	(55,769)
International equity fund	(103,406)	222,834
	$ 1,081,246	3,642,940

(Continued)

(5) Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market funds and equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (note 4).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies

or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**

Total investments	$ 17,366,520	9,923,173	—	27,289,693

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants' accounts will become fully vested and nonforfeitable.

(Continued)

(7) Related-Party Transactions

The Plan's investments, including common stock, guaranteed interest accounts, and mutual funds, are managed by Prudential Insurance Company of America, and therefore qualify as related-party transactions. Fees paid by the Plan to Prudential for services amounted to $1,233 and $1,581 for the years ended December 31, 2014 and 2013, respectively. Additionally, the Plan's investments in cash surrender value of life insurance contracts are contracts with employees and therefore qualify as related-party transactions.

(8) Tax Status

The Plan has received a favorable determination letter dated July 8, 2010 from the Internal Revenue Service indicating that the Plan meets the requirements of Sections 401(a) and 501(a) of the Internal Revenue Code and is exempt from federal income taxes. The prototype sponsor has also received an opinion letter dated March 31, 2008. The Plan has been amended subsequently; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with application requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(9) Subsequent Events

In connection with the preparation of the financial statements, the Plan Administrator has evaluated subsequent events after December 31, 2014 through October 15, 2015, which was the date the financial statements were available to be issued, and has concluded that no additional disclosures were required.
