DENTAL ONE INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Dental One Inc. (the Company) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

All employees who have attained age 18 and completed sixty (60) days of elapsed time service become eligible to participate immediately following or coincident with the date the employee completes the eligibility conditions. The Plan has an automatic deferral provision whereby enrollment is automatically granted to employees meeting such eligibility requirements unless the employee makes an affirmative statement waiving such participation. Any such automatically enrolled employee is subject to a deferral rate of 3% of eligible compensation. Each July 1 thereafter, a scheduled increase of 1% will be added to the automatic deferral rate, up to a maximum of 10%. Prior to the auto escalation date, participants may opt out of this feature as well. The provisions for matching contributions or discretionary profit sharing contributions and other provisions previously enjoyed remain substantially identical to the previous arrangement.

Contributions – Each year, participants may make contributions as a percentage of annual compensation (minimum 1% to maximum 90%), not to exceed Internal Revenue Service (IRS) limitations. The plan has capped contributions for highly-compensated employees at 4% of annual compensation in an effort to increase likelihood of passing certain annually required non-discrimination tests. Participants exceeding the cap receive refunds of the excess deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. No matching contribution was made during 2014 or 2013. Discretionary employer profit sharing contributions are also permitted.

Vesting – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service or at their normal retirement date. A service year is defined as 1,000 or more hours worked in a calendar year. Forfeited balances of terminated participants' non-vested accounts are used to pay plan expenses or reduce future Company contributions. The amount of non-vested forfeitures during the years ended December 31, 2014 and 2013 was \$22,681 and \$21,503, respectively. Forfeited amounts may be used to reduce non-elective or safe harbor non-elective contributions, matching contributions, or pay plan expenses. The total available for such future occurrences totals \$96,892 and \$72,598 as of December 31, 2014 and 2013, respectively.

NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 – DESCRIPTION OF PLAN (Con't)

Excess Contributions Payable – At December 31, 2013, the plan recognized amounts payable to participants totaling \$143,430 for contributions in excess of amounts allowed by the IRS non-discrimination regulations. The Plan distributed the 2013 excess contributions to the applicable participants prior to March 15, 2014. As the plan passed the non-discrimination tests for the 2014 plan year, there is no corresponding amount payable as of December 31, 2014.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions in whole increments to any of the investment fund options offered by the Plan. In addition to participant-directed programs, the plan allows participants to self-direct their investments. The self-directed program allows participants to invest their account balances, within certain specified limitations, in lieu of the various formal investment programs offered by the plan. The accounts are established through agreement with State Street Bank as custodian in the name of the trust and valued daily. Participants may change their investment options and transfer funds between investment options daily.

Administrative Fees – The Plan sponsor pays certain administrative fees on behalf of the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits – On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the vested value of their account. Certain participants who participated in a predecessor plan may elect to receive a distribution in a lump-sum payment or to receive installment payments not to exceed the life expectancy of the participant or their beneficiary.

Participants who prove financial hardship may withdraw a portion of their account balance, as determined by the plan administrator in accordance with current regulations.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the Trust fund shall be distributed to participants within one year after the date of termination or the participant's account will be transferred as provided by the Plan agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Accounting Pronouncements – In July 2013, the financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2013-09, which amends Accounting Codification Standards (*ASC Topic 820*), *Fair Value Measurements*, to defer indefinitely the effective date of certain required disclosures included in ASU No. 2011-04 of the quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by nonpublic employee benefit plan in its plan sponsor's own nonpublic entity equity securities. As the plan is not invested in the sponsor's securities, the ASU does not directly affect the financial statements.

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments – The Plan's investments are stated at fair value. The investments in registered investment companies are stated at fair value based on the quoted market price of the funds held by the Plan at year end. All investments in the Plan are fully participant directed. As required by FASB ASC 946-10-05, the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investment in a common/collective trust which has underlying assets in investment contracts, as well as any adjustment of the underlying fully benefit- responsive investment contracts from fair value to contract value. In this case, contract value approximates fair value.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820-10-05, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Observable inputs (other than level 1) including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 3 – FAIR VALUE MEASUREMENTS (Con't)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Registered Investment Companies: Valued at the quoted market price of the mutual funds held by the plan at year end.

Common/Collective Trusts: Stated at net asset value as determined by the trustee at the end of the Plan year except when holding fully benefit-responsive investment contracts.

Participant-directed Brokerage Accounts: Account holdings are valued daily at quoted market prices of the underlying investments and updated to each participant account daily. These holdings are categorized in Level 1 of the fair value hierarchy.

The Plan's investment in Federated Capital Preservation Fund at December 31, 2014 and 2013 is a common collective trust that provides for the preservation of principal while maintaining a stable value per unit and liquidity at contract value for participant withdrawals and transfers. The fair value of these investments is determined daily using the market price of the underlying securities and the value of the investment contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014.

NOTE 5 – INCOME TAX STATUS

The nonstandardized prototype plan adopted received an opinion letter from the IRS dated March 31, 2008, stating that the form of the plan is qualified under Section 401 (a) of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2006-1 and Announcement 2001-77, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Except as described below, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In 2014, management identified a document defect and potential operational defect in the Plan. Specifically, management determined that certain non-controlled group employers have been allowed to be participating employers in the Plan. The Plan, however, does not have multiple employer provisions that allow non-controlled group participating employers. Management intends to take appropriate steps to correct the issues (including retroactive amendment of the plan and, if necessary, corrective contributions or distributions) under the terms of the Voluntary Compliance Program of the Employee Plans Compliance Resolution Systems (Revenue Procedure 2013-12). The evaluation of corrective action is ongoing.

Commencing in January 2013, the plan was subject to an examination conducted by the Department of Labor, Employee Benefits Security Administration, for plan years 2008 through 2011. The examination concluded in July 2013 and resulted in a corrective action by the plan sponsor, specifically a deposit in the amount of \$2,654, which was deposited into the plan on August 30, 2013, for repayment of lost opportunity cost associated with untimely remittance of participant contributions and participant loan repayments occurring in 2008. While management believed it had complied with the timeliness of deposits under the “general rule” due to multiple reporting centers, the Department of Labor concluded the corrective action was necessary. No other corrective action was required beyond the 2008 matter described herein. Notification that no further action is necessary was received in September 2013. The plan management believes 2012 remains the only open tax year.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST

In addition to transactions involving the plan sponsor, transactions with parties in interest consist of purchases and sales of Deutsche Asset & Wealth Management. Fees paid during the year for services rendered by parties in interest were based on customary and reasonable rates for such services. Other than as described above, the Plan has no agreements or transactions with any parties in interest.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
