## Independent Auditor's Report

The Plan Administrator  
Steel Dynamics Columbus 401(k) Plan

### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of Steel Dynamics Columbus 401(k) Plan (formerly Severstal North America 401k Plan II) (Plan), which comprise the statements of assets available for benefits as of December 31, 2014, and the related statements of changes in assets available for benefits for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### **Other Matter—Supplemental Schedule**

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

### **Other Matter—2013 Financial Statements**

The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated October 2, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974.

### **Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

# Steel Dynamics Columbus 401(k) Plan

## Notes to Financial Statements

December 31, 2014

### **1. Description of the Plan**

The following description of the Steel Dynamics Columbus 401(k) Plan (formerly Severstal North America 401(k) Plan II) (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan which provides retirement benefits for substantially all employees of Steel Dynamics Columbus, LLC (Company) and noncollectively bargained employees and certain collectively bargained employees hired or rehired by Severstal Dearborn, LLC after February 1, 2012 and noncollectively bargained employees of Mountain State Carbon, LLC hired after September 1, 2012. The Company is a wholly-owned subsidiary of Steel Dynamics, Inc. Eligible participants are those employees who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On September 16, 2014, Steel Dynamics, Inc. acquired the membership interest of Severstal Columbus, LLC, which has become a wholly-owned subsidiary of Steel Dynamics, Inc. Severstal Columbus, LLC was renamed Steel Dynamics Columbus, LLC. As a result of this transaction, Steel Dynamics Columbus, LLC has become the Plan Sponsor of the Plan and assumed all outstanding obligations of the Plan as of the date of the purchase.

Effective December 31, 2014, the Plan was frozen for purposes of contributions to this plan and no contributions were made after that date. Effective January 1, 2015, participants became eligible to participate in the Steel Dynamics, Inc. Profit Sharing and Retirement Savings Plan (Steel Dynamics Plan). As of April 1, 2015, the Plan was merged into the Steel Dynamics Plan. On April 1, 2015, Plan assets and account balances of participants were transferred to the Steel Dynamics Plan.

#### **Contributions**

Participants may contribute subject to an annual limit of the lesser of 90 percent of their annual compensation, as defined by the Plan, or a maximum amount set by law (as periodically adjusted by the Internal Revenue Service) as a pre-tax and/or Roth after-tax contribution. Participants age 50 or older may also make additional catch-up contributions to the Plan up to the maximum amount permitted by law.

## Steel Dynamics Columbus 401(k) Plan

### Notes to Financial Statements (continued)

#### **1. Description of the Plan (continued)**

The Plan provides for employer-matching contributions of 100 percent of each participant's contributions up to 6 percent of the participant's annual compensation. The Plan also provides that the Company may make annual discretionary contributions not to exceed 4 percent of the employee's annual compensation. There were no discretionary contributions made in 2014 or 2013.

In certain circumstances, participants may elect to have benefits earned under another eligible retirement plan transferred or rolled over to their account pursuant to this Plan. Additionally, the Plan allows participants to change the amount of their contribution or to elect to stop contributing as of the beginning of each payroll period.

#### **Investment Options**

Participants can direct that their pre-tax and Roth contributions, Company contributions, plus earnings or losses thereon, be invested in any of the participant directed investment options offered pursuant to the Plan. The Plan allows participants to change their investment elections, with respect to the portion of their account subject to their investment direction, at any time.

The investments of the Plan consist of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic location.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of the Company's investment earnings or losses and charged with an allocation of administrative expenses. Allocations are based on each participant's compensation as compared with the total compensation of all eligible participants or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their pre-tax and Roth contributions, rollover contributions, Company contributions, and actual investment earnings or losses thereon.

#### **1. Description of the Plan (continued)**

##### **Notes Receivable from Participants**

Participants may borrow approved amounts, not less than \$1,000, from their vested account balance up to the lesser of (a) \$50,000 reduced by the highest outstanding loan balance from the Plan during the prior twelve-month period, or (b) 50 percent of their vested account balance. A participant may have only one loan outstanding at any given time and the term of any general purpose loan is up to five years and the term of a residential loan used for the purchase of a primary residence may not extend beyond ten years. The loans are secured by the balance in the participant's vested account. The plan administrator will determine a reasonable interest rate (currently the prime interest rate plus one percent). Participants must repay their loan through payroll deduction.

##### **Benefit Payments**

Upon termination of service, due to death, disability, or retirement, a participant with a vested account balance exceeding \$1,000 can elect to receive a lump-sum distribution equal to the vested value of his or her account or partial withdrawals subject to the provisions of the Plan and minimum distribution rules required by law. Separated participants with vested account balances not exceeding \$1,000 will receive lump-sum distributions as soon as administratively feasible. The Plan also provides for participant loans as described above and certain hardship withdrawals. Distributions of benefits are recorded as withdrawals from the Plan and reduction of assets available for plan benefits in the period paid to the participant.

##### **Administrative Expenses**

Investment management fees and trustee fees are paid by the Plan or the Company at the discretion of the plan administrator. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements.

##### **Plan Termination**

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

#### **2. Significant Accounting Policies**

##### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

##### **Investments**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan includes in the statements of changes in assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Unrealized appreciation or depreciation in the aggregate fair value of investments represents the change in the difference between aggregate fair value and the cost of investments, including reinvestment of earnings. The realized gain or loss on sale of investments is the difference between the proceeds received and the average cost of investments sold.

##### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan origination and annual administration fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### Notes to Financial Statements (continued)

#### **2. Significant Accounting Policies (continued)**

##### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

##### **Use of Estimates**

Preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

##### **Reclassifications**

Certain 2013 amounts have been reclassified to conform with the 2014 presentation.

#### **3. Income Tax Status**

The Plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt and the Plan has no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## Steel Dynamics Columbus 401(k) Plan

### Notes to Financial Statements (continued)

#### 3. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2011.

#### 4. Investments

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and schedule including investments and notes receivable from participants held at December 31, 2014 and 2013 and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

The Plan's investments (including investments bought and sold, as well as held during the period) appreciated in fair value as follows:

#### 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

## Steel Dynamics Columbus 401(k) Plan

### Notes to Financial Statements (continued)

#### 5. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

*Money market funds:* Mutual funds are valued at closing quoted prices reported in active markets.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common collective trust funds:* Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### 5. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:
