INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Members of
the Matson Individual Deferred Compensation and Profit
Sharing Plan for Salaried Non-Bargaining Employees:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years then ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The assets of the Plan, excluding receivables, are held in the Matson, Inc. Defined Contribution Plans Master Trust (the “Master Trust”). Fidelity Management Trust Company (“Fidelity”) serves as the trustee for the Master Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investments—Members direct the investment of their contributions into various investment options offered by the Plan. The investments are held in the Master Trust for the Company’s defined contribution plans. The Plan currently offers 29 mutual funds; a stable value fund; participant-directed brokerage accounts, which allow participants to directly invest in stocks or funds other than the Lifecycle or Core Investment Options offered; and the Company’s common stock as investment options for members.

Payment of Benefits—On termination of service due to death, disability, retirement, or termination for other reasons, a member may elect to receive distributions in the form of (1) a lump-sum amount equal to the value of the member’s vested interest in his or her account, (2) installments over a period designated by the member, or (3) direct rollover to an eligible retirement plan.

In-Service Withdrawals—A member may request an in-service hardship withdrawal of his rollover account, if any, from his 401(k) pre-tax contributions, and his Roth contributions. A member who incurs a disability may request a withdrawal of up to 100% of his accounts. A member who is called to active duty in the uniformed services for more than 179 days or for an indefinite period may withdraw up to 100% of his deferred account balance as a qualified reservist distribution. A member who has attained age 59-1/2 may elect to withdraw up to 100% of his rollover account, the vested portion of his matching account, his pre-tax account, and his Roth account.

Profit Sharing Accounts

Member Accounts—To participate in the profit sharing provisions of the Plan, non-bargaining salaried employees of the above-mentioned companies (1) must complete at least 1,000 hours of service during that plan year and must be a covered employee on the last day of such plan year or (2) during that plan year must have terminated covered status by reason of retirement or death or incurred a disability. Profit-sharing contributions are generally allocated to each qualified member's account in such proportion as the member's compensation for the year bears to the total compensation paid in that year to all qualified members. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions—Under the Plan's provisions, the annual contribution is determined by the board of directors of the Company subject to the following specific guidelines:

- The contribution may not exceed 25% of the aggregate compensation paid to members for the year.
- The contribution may not be more than 10% of the Company's pretax earnings for the year.
- No contribution may be made unless the Company's net income for the year, less the amount of the contribution, is at least equal to 6% of the shareholders' equity in the Company as of the first day of the year.
- The contribution amounts must not result in discrimination prohibited by IRC Section 401(a)(4).

Tax Credit ESOP Accounts—A Tax Credit ESOP Account is maintained for each member who was a member of the Alexander & Baldwin, Inc. Tax Credit Employee Stock Ownership Plan (TCESOP) on December 31, 1988. No new contributions are made to this account. Distributions may be made only upon termination of employment.

Vesting—Members are vested immediately in their profit sharing allocations and earnings thereon. They are fully vested in their Tax Credit ESOP Account.

Individual Deferred Compensation Accounts

Member Accounts—Individual accounts are maintained for each Plan member. Each covered employee generally becomes a member of the Plan on his employment commencement date. Each member's account is credited with the member's contributions and allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on member earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Member Contributions—The Plan provides for an automatic contribution arrangement under which the member is deemed to have elected to contribute 3% of their compensation on a pre-tax basis. Such pre-tax contributions shall commence as soon as administratively practicable following the date the employee becomes a member of the Plan. The member may elect to increase or decrease his contribution to another specified percentage of their compensation (from 0% to 50%, in multiples of 1%). Under Plan provisions, the member's contribution may not exceed 50% of their eligible compensation, up to the maximum permitted by statute.

Matching Contributions—Effective January 1, 2011, the Plan was amended to allow for discretionary, rather than fixed, matching contributions equal to such percentage (including zero) of a member's contributions as the Company determines for each participating company for such year, to the extent such member contributions do not exceed such amount or percentage of the member's compensation as the Company may designate for the year with respect to each or any such participating company. A member must complete one year of service before becoming eligible for matching contributions. Matching contributions of between 1% and 3% were made during 2014 and 2013, respectively.

Roth Contributions—Effective January 1, 2011, in lieu of making deferred cash contributions and catch-up contributions on a pre-tax basis, a member may elect to have some or all of the deferred cash contributions and/or catch-up contributions that otherwise would be contributed to the Plan on a pre-tax basis designated as Roth contributions or Roth catch-up contributions, as applicable, and included in their gross income at the time of deferral. Such election, once made, may only be revoked with respect to deferred cash contributions to be contributed after the effective date of the revocation election.

Catch-Up Contributions—In accordance with the Internal Revenue Code (IRC), this provision, which became effective August 1, 2002, allows members who are over age 50 or reach age 50 during the Plan year January 1 to December 31 to make additional contributions. The maximum annual catch-up contribution is \$5,500 in both 2014 and 2013.

Rollover Contributions—Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Vesting—Members are vested immediately in their employee, employer matching, and rollover accounts, including earnings thereon.

Participant Loans—Members who have completed at least two years' membership in the Plan may borrow from their pre-tax, Roth, matching, and rollover accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loans have a maximum term of five years for a general purpose loan and 15 years for a loan that is to be used to purchase the principal residence of a member. Loans are secured by the member's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. At December 31, 2014, interest rates on participant loans are 4.25% to 10.50%, maturing through November 2029.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan's investment in the Master Trust utilizes various investment securities, including money market funds, mutual funds, and common stock of the Company and other companies. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the members' account balance and the amounts reported in the financial statements.

Valuation of Investment in Master Trust—The Plan's investment in the Master Trust is stated at fair value, which has been determined based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date of the Master Trust. The Master Trust holds investments in cash and cash equivalents, the Plan sponsor's common stock, other common stock and preferred stock, money market funds, equity and fixed-income mutual funds, and a stable value fund. The fair values of cash and cash equivalents, common stocks, the Plan sponsor's common stock, and mutual funds are based on quoted market prices. Money market funds are stated at amortized cost, which approximates fair value. The stable value fund is stated at fair value and then adjusted to contract value. Fair value of the stable fund as determined by management is the net asset value of its underlying investments based on the audited financial statement, and contract value is principal plus accrued interest. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Management fees and operating expenses charged to the Plan for investments in the registered investment companies are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses—Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document. Participants directly pay loan origination fees and loan maintenance fees for participants with outstanding loan balances.

Payment of Benefits—Benefit payments to members are recorded upon distribution.

Transfers —Transfers relate to account balances of any participants who are transferred into the plan. For the year ended December 31, 2014, plan transfers reported in the statement of changes in net assets available for benefits were \$606,703. There were no transfers for the year ended December 31, 2013.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

Subsequent Events—Subsequent events were evaluated through October 14, 2015, the date the financial statements were available to be issued.

New Accounting Pronouncements— In July 2015, the Financial Accounting Standards Board (the “FASB”) issued Accounting Standards Update (“ASU”) No. 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which amends Accounting Standards Codification (“ASC”) 960, *Plan Accounting – Defined Benefit Pension Plans*, ASC 962, *Plan Accounting – Defined Contribution Pension Plans*, and ASC 965, *Plan Accounting – Health and Welfare Benefit Plans*. Part I and Part II of the ASU simplify financial reporting requirements for benefit plans by eliminating or reducing certain investment disclosures. Part III provides an alternative method for measuring investments for plans having fiscal year-ends that do not fall on a month-end date. The new guidance is effective for reporting periods beginning after December 15, 2015 and shall be applied retrospectively for Part I and Part II and prospectively for Part III. Only Part I and Part II are applicable to the Plan. Upon adoption, the amended guidance is expected to have an impact on certain investment disclosures and no impact on net assets available for benefits.

In May 2015, the FASB issued ASU No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which amends ASC 820, *Fair Value Measurement*. Under this ASU, the carrying values of investments measured using the net asset value (“NAV”) per share practical expedient are no longer required to be categorized within the fair value hierarchy. The ASU also eliminates certain disclosure requirements for investments that are eligible for fair value measurement using the NAV per share practical expedient. The new guidance is effective for reporting periods beginning after December 15, 2016 and shall be applied retrospectively. Upon adoption, the amended guidance is expected to have a limited impact on certain fair value disclosures and no impact on net assets available for benefits.

3. INVESTMENT IN MASTER TRUST

The Master Trust is composed of 29 mutual funds, a stable value fund, participant-directed brokerage accounts, which allow participants to directly invest in cash and cash equivalents, stocks or funds other than the Lifecycle or Core Investment Options offered, Alexander & Baldwin, Inc. (“A&B”) common stock, and the Company’s common stock. Certain of these investment options are specific to individual plans. The assets are invested and records are maintained by each investment fund option. Funds are allocated to the three participating plans (the “Plans”) (see below) in accordance with the Plans’ provisions and member allocation elections. The allocation of net assets available for benefits is based on the respective number of units held by the Plans’ members as of the Plans’ year-end. The allocation of the changes in net assets available for benefits is calculated daily based on the units held by the Plans’ members as of that day’s end.

At December 31, 2014 and 2013, the assets of the following Plans were combined in the Master Trust:

- Matson Individual Deferred Compensation and Profit Sharing Plan for Bargaining Employees

- Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees
- Matson and Subsidiaries 401(k) Retirement Savings Plan for Bargaining Unit Employees

The fair values of investments in the Master Trust at December 31, 2014 and 2013, were as follows:

	2014	2013
Investments—at fair value:		
Mutual funds	\$ 126,384,974	\$ 118,219,514
Stable value fund	18,675,944	19,671,810

Total Master Trust investment income	<u>\$ 11,140,114</u>	<u>\$ 23,370,994</u>

The Plan's interest in the Master Trust at December 31, 2014 and 2013, was \$133,308,185 and \$126,438,535, representing 85.6% and 86.0%, respectively, of the Master Trust's net assets.

During the years ended December 31, 2014 and 2013, the Plan's interest in the Master Trust appreciated by \$9,557,677 and \$20,172,455, respectively.

The Master Trust's investments that represented 5% or more of the Master Trust's net assets available for benefits as of December 31, 2014 and 2013, are as follows:

	2014	2013
Fidelity Growth Company Fund—Class K	\$ 30,080,524	\$ 28,394,468

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Common stock is valued at the closing price reported on the active market on which the securities are traded, on the last business day of the Plan year. Common stock is categorized as Level 1.

Investments in mutual funds are valued at the publicly quoted net asset value of each fund and are categorized as Level 1. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The total net asset value is calculated by multiplying the net asset value per share by the number of shares held as of the measurement date.

The stable value fund is valued by management based on the net asset value as stated in the audited financial statements of the underlying investment multiplied by the number of shares held as of the measurement date and is categorized as Level 2.

Cash and cash equivalents are valued at cost plus accrued interest.

A summary of the Master Trust's investments measured at fair value on a recurring basis as of December 31, 2014, set forth by level within the fair value hierarchy, is as follows:

Transfer between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2014 and 2013, there were no transfers in or out of Levels 1, 2, or 3.

A summary of the Master Trust's investments with a reported net asset value at December 31, 2014 and 2013, is as follows:

Fair Value Estimated Using Net Asset Value Per Share December 31, 2014					
Investment	Fair Value *	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Wells Fargo Stable Value Fund C ^(a)	<u>\$ 18,675,944</u>	<u>\$ -</u>	Immediate	None	None

Investment	Fair Value *	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Wells Fargo Stable Value Fund C ^(a)	<u>\$ 19,671,810</u>	<u>\$ -</u>	Immediate	None	None

* The fair values of the investments have been estimated by management using the net asset value of the underlying investment as stated in the audited financial statements.

^(a) Wells Fargo Stable Value Fund C has invested all of its assets in Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo Bank, N.A. Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts (see Note 5).

5. STABLE VALUE FUND

The Wells Fargo Stable Value Fund Class C (the "Fund") is a collective trust fund sponsored by Wells Fargo Bank, N.A. The Fund invests all of its assets in Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo, N.A. The value of this investment of \$16,713,312 (12% of net assets available for benefits at fair value) as of December 31, 2014, and \$17,665,898 (14% of net assets available for benefits at fair value) as of December 31, 2013, is based on the underlying unit value reported by Wells Fargo Stable Return Fund G.

The beneficial interest of each participant is represented by units. The net asset value of the Fund is determined daily, and units are issued and redeemed at the latest net asset value. Net investment income, if any, and realized and unrealized gains on investments are not distributed.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value

Restrictions on the Plan—Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Complete or partial termination of the Plan or its merger with another plan

Circumstances that Affect the Fund—The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (“wrapper”) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund’s cash flow
- Employer-initiated transactions by participating plans as described above

In the event that wrap contracts fail to perform as intended, the Fund’s net asset value may decline if the market value of its assets declines. The Fund’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet their financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable net asset value if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company, by a letter dated November 28, 2011, that the Plan and the related trust is designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable sections of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. DISTRIBUTIONS

There were no distributions payable to terminated employees included in net assets available for benefits for the years ended December 31, 2014 and 2013.

9. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of unaudited information regarding the Plan as of December 31, 2014 and 2013, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the Plan's trustee, Fidelity, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

The adjustment from fair value to contract value for fully-benefit responsive investments of \$233,309 and \$141,665, is excluded from the table below because the trustee did not certify the fair values of the Fund at December 31, 2014 and 2013, respectively. The contract value of the stable value fund was certified, however, as complete and accurate by the trustee. The Plan's allocation of the fair value of the Fund was calculated by management from the audited financial statements of the Fund.
