StarTek 401(k) Plan
Greenwood Village, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of StarTek 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of assets (held at end of year) as of December 31, 2014 and delinquent participant contributions for the year then ended are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2013 Financial Statements

The financial statements of the plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated October 15, 2014, indicated that (a) because of the significance of the information they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014

The form and content of the information included in the 2014 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

StarTek 401(k) Plan

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of the StarTek 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, which was established April 1, 2004, and most recently amended and restated effective April 1, 2013, is a defined contribution plan covering qualified employees of StarTek USA, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Trustee and Administration of the Plan

Fidelity Management Trust Company ("Trustee" or "Fidelity") is the Trustee and Fidelity Employer Services Corporation provides recordkeeping and other administrative services. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the provisions of trust agreement and service provider contract with the Company. All assets of the Plan are in investment plan accounts of Fidelity. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company, as defined in the Plan Agreement, are eligible to participate in the Plan on the first day of the quarter following their date of hire. Residents of Puerto Rico, leased, temporary employees, and union members are not eligible for the Plan.

Contributions

Participants may elect to contribute, on a pretax basis, up to 100% of their eligible compensation as defined by the Plan Agreement, subject to certain Internal Revenue Code ("IRC") limitations ($17,500 for 2014). Participants who have attained or will attain age 50 by the last day of the plan year may make catch-up contributions, as defined by the Plan, subject to IRC limitations ($5,500 for 2014). Participants may contribute rollover contributions from other qualified retirement plans. Participants may change their tax-deferred contribution percentage and investment elections as of the first day of any quarter.

The Company makes a Safe Harbor matching contribution, on a pay period basis, equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation contributed by participants. Participants must have one year of service, as defined in the Plan Agreement, to receive the Safe Harbor matching contributions.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts and Investment Options

Participant accounts are credited with (1) the participant elective deferral and rollover contributions, (2) the Company Safe Harbor matching contributions, and (3) and allocation of Plan earnings (losses), as defined in the Plan Agreement. Participant accounts are charged with withdrawals and an allocation of administrative expenses, as defined in the Plan Agreement. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears in the total balance of all participants in each fund. Participants may direct the investment of their account balances into various investment options offered by the Plan, which are comprised of a diversified selection of registered investment companies and a collective investment trust. Participants can change their investment elections on the first day of each quarter. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are fully and immediately vested in their elective deferral contributions, rollover contributions, Company Safe Harbor matching contributions, and earnings or losses thereon.

Payment of Benefits

A participant's entire vested interest in the Plan is payable in the event of termination, upon death of the participant, attaining normal retirement age (65), or becoming totally disabled, as defined in the Plan Agreement. Actively employed participants can begin withdrawing their vested interest without penalty at age 59½. A participant's benefits are payable in a lump-sum payment. In addition, hardship distributions are permitted if specified criteria are met.

Notes Receivable from Participants

A participant may borrow from his/her account the lesser of $50,000 or 50% of their vested account balance with a minimum loan amount of $1,000. Loans are secured by the participant's vested account and bear interest at a fixed rate as of the date of loan origination. The fixed rate is commensurate with local prevailing rates, as determined quarterly by the Plan Administrator. Outstanding borrowings at December 31, 2014 bore interest at 4.25%. The loans are to be repaid over a 5-year period unless they are for the purchase of a principal residence, which allow for up to a 10-year period. Principal and interest are collected ratably through payroll deductions. Only one borrowing may be outstanding at a time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Agreement to terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated for any reason, the Plan Administrator is to distribute each participant's interest to the participant or their beneficiary.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5, *Fair Value Measurements and Disclosures,* for discussion of fair value measurements. The Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors and trustees.

Net appreciation (depreciation) represents the difference between the aggregate fair value of investments at year-end and the values at the beginning of the year, and includes any realized gains and losses in shares that were bought and sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex- dividend date.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the registered investment companies and common collective trust funds are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Investment in Collective Investment Trust

The Plan is invested in the Union Bond & Trust Company Morley Stable Value Fund (the Fund). The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents.

Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at the contract value. In accordance with the Plan, net investment income, if any, and realized and unrealized gains on investments are not distributed. The average yield earned by the Fund was 1.80% and 1.39% for the years ended December 31, 2014 and 2013, respectively. The interest rate credited to participants was 0.55% and 0.40% during 2014 and 2013, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, the contract value is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Plan Benefits presents the fair value of the investment in the collective investment trust as well as the adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis. The adjustment from fair value to contract value has been presented separately in the accompanying Statements of Net Assets Available for Plan Benefits. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's net asset value. Contributions to the fund may be made daily. Withdrawals from the Fund for benefit payments are made within 30 days after written notification. Crediting interest rates are based on a formula agreed upon with the issuer and are reviewed periodically for resetting. Certain events may limit the ability of the Plan to transact at contract value with the issuer (such as termination of the Plan, termination of the fund as an investment option or disposition of the business). A twelve month notice requirement may be imposed for full or partial withdrawal by the Plan sponsor. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid, interest was de minimus. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions and related Company Safe Harbor matching contributions are recognized in the period during which the Company makes payroll deductions from the participant's compensation.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2014 and 2013, there were no benefit payments authorized and approved for payment, but not paid as of yearend.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Fees, primarily loan origination, distribution fees and asset-based fees, are charged directly to the participant's account and are included in administrative expenses or net with investment earnings. Administrative expenses of $7,244 were paid by the Plan for the year ended December 31, 2014. All other expenses of the Plan incurred during 2014 were paid by the Company and are excluded from these financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2014 and 2013 (The investment in the collective investment trust was certified at contract value)
- Investment income and interest earned on participant notes receivable as reported on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2014
- Investment information included in the Notes to Financial Statements
- All investment information included in the Supplemental Schedule – Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2014

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets as of the end of the respective Plan year:

**Investment did not represent 5% or more of the Plan's net assets available for plan benefits in the respective year.*

4. INVESTMENTS (CONTINUED)

During the year ended December 31, 2014, the Plan's investments in registered investment companies, including gains and losses on investments bought and sold, as well as held during the year appreciated in fair value by $29,461.

5. FAIR VALUE MEASUREMENTS AND DISCLOSURES

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by the observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV of units of the Collective Investment Trust (the "CIT"). The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities held by the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily at contract value with no notice requirements as further described in Note 2, *Summary of Significant Accounting Policies – Investment in Collective Investment Trust*. Fair value is determined annually for the financial statement reporting purposes only. Were the Plan to initiate full redemption of the CIT, the trustee reserves the right to temporarily delay withdrawal in order to ensure liquidity is carried out in an orderly business manner.

5. FAIR VALUE MEASUREMENTS AND DISCLOSURES (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

December 31, 2014	Level 1	Level 2	Level 3	Total

Such reclassifications did not change the type of investments presented nor the level presented of such investments.

6. TAX STATUS

The Company adopted a Volume Submitter plan document sponsored by Fidelity. The Internal Revenue Service ("IRS") has determined and informed Fidelity, by a letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA qualifies under Code Section 401(a). The Plan administrator and Company management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

Prior to March 31, 2014, the Plan had received an opinion letter dated February 9, 2010, in which the IRS stated that the Plan was designed in accordance with applicable sections of the IRC and, therefore, was qualified and tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded for the year ended December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2011.

7. RISKS AND UNCERTAINTIES

The Plan provides for various investments in registered investment companies and a collective investment trust. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. PARTIES IN INTEREST TRANSACTIONS

Certain Plan investments in registered investment companies are held and managed by the Trustee of the Plan.
