1. DESCRIPTION OF PLAN

The following description of the Cooley Enterprise, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Cooley Enterprise, Inc. under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the following entities (the "Company"): Cooley Suzuki, LLC, L and 4C, LLC, Duncanville N, LLC, Clay Cooley GMC Investments, Clay Cooley Real Estate Holdings 1, LLC, Clay Cooley Real Estate Holdings 2, LLC, Cooley Holdings 3, LLC, Clay Cooley of Fort Worth, LP, Austin Motor Company, LLC, Clay Cooley Investment, LLC and Cooley Investments, LLC.

Substantially all employees of the Company or any affiliate who have adopted the Plan, who have completed 90 days of service and are at least 18 years of age, are eligible to participate in the Plan, provided they are an eligible employee at the end of that period as defined by the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations of the Plan, provide for prudent investment of Plan assets and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan's custodian, Capital Bank and Trust Company, is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100% of eligible pretax annual compensation, as defined by the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby the Company automatically deducts 2% from eligible employees' pay on a pre-tax basis. Employees and participants can stop or change this automatic contribution.

The Company may make discretionary matching contributions to participants of the Plan in an amount and allocation formula as determined by the Company. The Company may, in its sole discretion, also make a profit sharing contribution to the Plan. Profit sharing contributions will be allocated to the profit sharing contribution amounts of each participant eligible to share in such allocations after the end of the Plan year. Contributions are subject to certain limitations. Participants will become eligible to receive the matching and profit sharing contributions on the first day of the calendar month coincident with or next following the date they attain age 18 and have completed one year of eligibility service, provided they are an eligible employee on that date.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's non-discretionary contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after six years of credited service. Full and immediate vesting will also occur upon age 65, death or total and permanent disability. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participant loans are not allowed by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator, and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. Upon termination of employment, the Plan will make a mandatory distribution if the participant's account balance is less than $5,000. In addition, in-service and hardship distributions are permitted if certain criteria are met. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeitures

At December 31, 2014, forfeited non-vested accounts were $0. These accounts will be used to restore forfeitures, reduce future employer contributions, or to pay Plan expenses. In 2014, no forfeiture account funds were used to reduce employer contributions or to pay Plan expenses, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for these expenses.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end.

Interest-bearing cash (money market funds) is valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

3. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31, 2014:

Mutual funds:		
American Funds Target Date 2025 *	$	69,148
American Funds Target Date 2030 *		19,200
American Funds Target Date 2035 *		28,231
American Funds Target Date 2040 *		21,658
American Funds Target Date 2050 *		15,547
American Funds Target Date 2055 *		23,608

* - Party-in-interest

The net depreciation in fair value of plan investments was $4,953 for the year ended December 31, 2014, and is attributable to the investments in mutual funds.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

Investments at fair value:		
Mutual funds	$	248,500
Interest-bearing cash		398
Total investments	$	248,898
Investment income (loss):		
Net depreciation in fair value	$	(4,953)
Interest and dividends		7,371
Total investment income	$	2,418

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (Continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2014, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Target Date	$ 202,256	$ -	$ -	$ 202,256
Large Blend	10,712	-	-	10,712
Large Value	8,934	-	-	8,934
Large Growth	19,211	-	-	19,211
Mid-Cap Growth	5,980	-	-	5,980
Intermediate-Term Bond	655	-	-	655
Intermediate Government	752	-	-	752
Interest bearing cash	398	-	-	398
Total assets at fair value	$ 248,898	$ -	$ -	$ 248,898

6. REPORTABLE TRANSACTIONS

During the year ended December 31, 2014, there were no reportable transactions, no investments both acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

7. PROHIBITED TRANSACTIONS

During the year ended December 31, 2014, the Company inadvertently failed to deposit $2,433 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late deposits to be prohibited transactions.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American Funds. American Funds is an affiliate of the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Company has adopted the RJBT, LLC d/b/a Resource Benefits Administrators Volume Submitter 401(k) / Profit Sharing Plan (Resource Benefits Administrators Basic Plan Document No. P-02 and the Adoption Agreement together comprise the Volume Submitter 401(k) / Profit Sharing Plan). The Internal Revenue Service has issued an advisory letter dated September 30, 2014 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

10. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
