Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Focus Management Group, LLC Safe Harbor 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Investments, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedules

The supplemental schedules of assets as of or for the year ended December 31, 2014, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter—2014 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Investments, the trustee of the Plan. Their report, dated October 15, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014

The form and content of the information included in the 2014 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FOCUS MANAGEMENT GROUP, LLC SAFE HARBOR 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Focus Management Group, LLC Safe Harbor 401(k) Plan (the “Plan”, formerly known as the Employer Operation, LLC Safe Harbor 401(k) Plan until a name change amendment effective May 1, 2013) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all full time employees of Focus Management Group, LLC (the “Company” and “Plan Sponsor”, successor company to Employer Operations, LLC the previous Plan Sponsor). It is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The administrative committee is responsible for the oversight of the Plan. The investment committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the administrative committee.

Employees of the Company become eligible to participate in the plan at age of nineteen, provided they are not excluded employees.

Plan Trustee and Recordkeeper

The Plan’s assets are held and invested in products sold by Fidelity Investments (“Fidelity”). Fidelity has certified that the information provided in its capacity as trustee and recordkeeper is complete and accurate. The Plan also uses the services of a third party administrator, Alliance Benefit Group.

Contributions

All eligible employees may make elective deferral contributions into the Plan. For each year the Company elects to satisfy the Safe Harbor, the Company will contribute to the Plan an amount equal to 100% of the participant’s contribution not to exceed 3% of compensation plus 50 % of the contributions between 3% and 5% of compensation. The Company may elect to make a matching contribution on employee elective deferral contributions in excess of the minimum, but is not obligated to do so per the plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Eligible participants may make an additional catch-up contribution to the Plan. Contributions are subject to certain Internal Revenue Code Limitations.

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2014

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company contribution, if any, and Plan earnings, if any, and charged with an allocation of administrative expenses paid by the Plan. The Company's contribution is generally allocated to participants based upon the participant's considered compensation for the Plan year. Allocation of Plan earnings to participants is based on the performance of participant selected investment options as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan provides that participants may direct how their account balance is invested among the investment alternatives offered by the Plan.

Vesting

A participant's elective deferral account balance is always 100% vested. If the company makes a qualified matching contribution or qualified non-elective contribution, the participant is 100% vested on any match except profit sharing contributions for which the participant is vested as follows:

<u>Years of Service*</u>	<u>Vested %</u>
1 year	33%
2 years	66%
<u>3 years or more</u>	<u>100%</u>

*All years of service will be counted except for years with less than 1,000 hours.

Notes Receivable from Participants

Participants may borrow from their fund account balances a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate based on other financial institutions' base rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested benefit or receive the vested benefit in installments over a period of not more than the assumed life expectancy of the participant or their beneficiary. If the value of the vested account balance is \$5,000 or less, the balance will be distributed in a single lump-sum payment.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

There were no forfeited non-vested accounts for the year ended December 31, 2014. Forfeitures are held for five years after which the Company can use these funds as part of the Company matching contribution. There were no forfeited non-vested accounts applied to employer contributions for the year ended December 31, 2014.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with generally accepted accounting principles.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains (or losses) and the unrealized appreciation (depreciation) on those investments.

Contributions

Contributions include all participant elective and employer-matching contributions accrued through year-end. Amounts due terminated participants, if any, are included in net assets available for plan benefits.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan allows for administrative expenses to be paid from Plan assets, such expenses are recorded as incurred. During the year ended December 31, 2014, certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 13, 2015, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FOCUS MANAGEMENT GROUP, LLC SAFE HARBOR 401(K) PLAN

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted market prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Money Market Funds

Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their NAV daily and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Collective Trust Funds

Valued at the current net asset value which is based on the fair value of the underlying assets in the trust, net of adjustments from fair value to contract value for each investment deemed fully benefit responsive and can be redeemed immediately. The underlying assets of the common collective trust fund include conventional investment contracts, synthetic investment contracts, wrap contracts and other investments. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Underlying investments of synthetic investment contracts are generally valued as follows: domestic and foreign fixed income securities are valued at fair value based on market values obtained from independent pricing services, quotes by dealers who are market makers in these securities, or by a methodology approved by the trust. Commercial paper and other investment securities with less than 60 days to maturity when purchased are valued at amortized cost, which approximates fair value. Investments in regulated investment companies or collective investment trusts are valued at the net asset value per share/unit on valuation date. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes. The fair value of wrap contracts is determined using the market approach discounting methodology which incorporates the difference between current market level rates for contract level wrap fees and the wrap fee being charged. The difference is calculated as a dollar value and discounted by the prevailing interpolated yield curve as of year-end. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2014.

The Plan's investment in the Morley Stable Value Fund seeks to provide low-risk, moderate-yield investment and is managed to earn a consistent level of return while providing for preservation of capital, high credit quality and liquidity. Withdrawals for benefit payments and participant directed transfers to noncompeting options are made to plan participants promptly, to the extent possible, but within 30 days after notification has been received. The Morley Stable Value Fund reserves the right to delay plan sponsor initiated redemptions for up to 365 days, subject to certain conditions.

NOTE 5: PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6: INCOME TAX STATUS

The Plan received a favorable determination ruling from the Internal Revenue Service dated February 1, 2011, that it is a qualified Plan under §401(a) of the Internal Revenue Code and as such, the Plan is exempt from federal income tax. The Plan has been amended since the latest amendment covered by the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Generally accepted accounting principles requires Plan management to determine whether a tax position of the Plan is “more likely than not” to be sustained upon examination based on the technical merits of the position. For tax positions meeting the “more likely than not” threshold, the tax amount recognized in the financial statements is reduced by the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relevant taxing authority. There are no uncertain tax positions requiring accrual or disclosure at December 31, 2014. Management is not aware of any tax positions for which it is reasonably possible that amounts of unrecognized tax benefits or liabilities will change significantly in the next twelve months. However, management’s conclusions may be subject to future reviews based on changes in, or the interpretation of, tax laws and regulations or the accounting standards. The Plan files returns as prescribed by tax laws in the jurisdictions in which it operates. The Plan’s returns for the prior three fiscal years generally remain subject to examination.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan administrative expenses have been paid directly by the Plan Sponsor, this practice could be terminated by the Plan Sponsor at its option. Plan participants have the option of investing in funds that are managed by the custodian of the Plan, such investment transactions qualify as party in interest transactions.

Fees incurred by the Plan for certain investment and administrative services are included in net appreciation in fair value of investments, as they are paid, through revenue sharing, rather than a direct payment. Participants may borrow money from their Plan account balances, such Loans are included in the Notes Receivable line item on the financial statements.

During the year the Plan authorized a related party successor Sponsor.

Investments in the amount of \$5,621,629 were transferred into a new Plan under the same successor Sponsor. Participant maintained their eligibility and vesting under the new Plan.
