1. Plan Description

The following description of the Guidepoint Global, LLC 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the Plan documents governing the Plan.

General – The Plan was established on January 1, 2007 to provide benefits to eligible employees of Guidepoint Global, LLC (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). The Plan has been amended in order to comply with the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"), as well as the GUST requirements.

Guidepoint Global, LLC acquired Vista Research ("Vista") from Standard & Poor's in 2009. All Vista's employees are covered under the Guidepoint Global, LLC 401(k) Plan. Since April 2012, the custodian of the Plan has been Principal Financial Group ("Principal").

Eligibility – The Plan was established for the benefit of all salaried non-union employees. There is no age or service requirement as defined in the Plan provisions.

Contributions – Each year participants may contribute up to 100% of their annual gross earnings on a before-tax basis, as defined in the Plan, subject to certain limitations. The Company will match up to six percent (6%) of the employee's contributions. In addition, the Company may provide for a discretionary annual profit sharing contribution, as defined in the Plan. Employer matching contributions for the year ended December 31, 2014 were $32,061. Participant contributions and rollover contributions were $536,969 and $11,830, respectively, for the year ended December 31, 2014.

Participant's accounts – Participant's accounts are invested, as determined by participants, in eleven common/collective trusts, and/or fifteen pooled separate accounts, and/or five mutual funds, and/or the Group annuity contract through Principal. The amounts invested in the separate accounts are expressed in units of the applicable investment account and the dollar value of each participant's account is the number of units in the account multiplied by the fair value of the units. Participant's accounts are credited with the participant's contribution, the Company matched contribution, the Company's profit sharing contribution, if any, and allocations of investment earnings which include unrealized appreciation or depreciation. Allocations of earnings are based on account balances, as defined in the Plan agreement.

Vesting – Under this Plan, participants will at all times have a 100% vested interest in their accounts. For both matching employer contributions and any profit sharing contributions, participants are 100% vested immediately.

1. Plan Description *(continued)*

Forfeitures – Due to an overfunding generated from a return of an unclaimed benefit, the unvested funds will serve to offset the Plan's administrative expenses and/or future Company contributions. Forfeitures for the year ended December 31, 2014 were $1,371.

Payment of benefits – Benefits are recorded when paid. Upon termination of service or retirement, a participant may elect to rollover their distribution to an eligible retirement plan or receive 100% of their vested contribution in a lump sum, installment or annuity type distribution.

Withdrawals – The Plan permits hardship and in service distributions. Hardship withdrawals of the participant's contributions may be made in the event the participant demonstrates financial need in accordance with the guidelines set by the Plan. Hardship withdrawals by Plan participants may be made upon written request to, and upon approval of, the Plan administrator. If approved, the distribution is limited to the amount necessary to meet the financial need created by the hardship. Participants who are 59½ or older may request withdrawal of all or part of their before tax contributions and related earnings, subject to certain provisions as outlined in the Plan agreement.

Notes receivable from participants – Loans are available to Plan participants and are payable, with interest, in installments over a specified period not to exceed five years, except for certain residential loans. The maximum amount that can be borrowed is the lesser of 50% of the participant's entire vested interest, or $50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made.

The minimum amount of any loan is $1,000. The loans are secured by the balance in the participant's accounts. Participant principal repayments are applied to the outstanding loan balance. Both principal and interest repayments are added to the participant's account balance. The maximum number of outstanding loans is one per participant and the maximum number of loans approved in any twelve-month period is one.

As of December 31, 2014 and 2013, the amounts of loans to participants were $20,886 and $60,249, respectively.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the term of the Plan document.

1. Plan Description *(continued)*

Administrative expenses – Administrative expenses are paid by the Plan and/or participants of the Plan. Administrative expenses paid by the participants of the Plan for the year ended December 31, 2014 were $1,345.

2. Significant Accounting Policies

Basis of presentation – The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual method of accounting except in participant benefit payments, which are recorded when paid. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments which consists of realized gains or losses and the unrealized appreciation (depreciation) of those investments.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains or losses on investment sales are determined on the basis of average cost.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties – The Plan provides for various investment options, which invest in different investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassifications – Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements. These reclassifications have no effect on previously reported income.

3. Investment Contract with Insurance Company at Contract Value

The Company directed Principal to enter into a group annuity contract agreement, called the Principal Fixed Income Guaranteed Option ("PFIGO"), on their behalf.

The contract value of this investment is as follows for the years ended December 31,:

	2014	2013
Principal Fixed Income Guaranteed Option	$ 243,187	$ 156,487

4. Plan Termination Policies

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

5. Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. Information Certification by Plan's Custodian

The Plan's administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the Plan's administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the following information certified by Principal Financial Group (which includes a certification from both Principal Life Insurance Company on the Group annuity contract and Principal Trust Company which certifies all other investments), except for comparing, such information certified by the custodian to information included in the Plan's financial statements, including the attached supplemental information, *Schedule H, Line 4i - Schedule of Assets (Held at End of Year)*:

Investments	2014	2013
Group annuity contract	$ 243,187	$ 156,487
Common/collective trust	1,070,711	856,411
Pooled separate accounts	1,090,842	1,075,879
Mutual funds	255,028	452,101
Notes receivable from participants	20,886	60,249
Total	$ 2,680,654	$ 2,601,127

The custodian also certified to the completeness and accuracy of $139,298 of net appreciation in fair value of investments for the year ended December 31, 2014.

7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Principal Financial Group. Principal is the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are deducted from income earned by the respective funds.

8. Fair Value Measurements

The FASB Accounting Standards Codification No. 820 ("ASC 820") *"Fair Value Measurements and Disclosures"* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1		Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2		Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets. • Quoted prices for identical or similar assets or liabilities in inactive markets. • Inputs other than quoted prices that are observable for the asset or liability. • Inputs that are derived principally from or corroborated by observable marked data by correlation or other means.
Level 3		Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Common/collective investment trusts: Investments in common/collective trusts can be valued based on the market value of its underlying investments.

Pooled separate accounts: The underlying publicly traded mutual fund investments in the pooled separate accounts can be redeemed on a daily basis, with settlement within industry standard settlement periods. The pooled separate accounts are valued by the custodian of the Plan.

Mutual funds: Investments in mutual funds can be redeemed on a daily basis with settlement within industry standard settlement periods. The mutual funds are valued by the custodian of the Plan.

8. Fair Value Measurements *(continued)*

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ -	$ 1,070,711	$ -	$ 1,070,711
Pooled separate accounts	-	1,090,842	-	1,090,842
Mutual funds	255,028	-	-	255,028
Total investments (at fair value)	$ 255,028	$ 2,161,553	$ -	$ 2,416,581

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ -	$ 856,411	$ -	$ 856,411
Pooled separate accounts	-	1,075,879	-	1,075,879
Mutual funds	452,101	-	-	452,101
Total investments (at fair value)	$ 452,101	$ 1,932,290	$ -	$ 2,384,391

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31,:

	2014	2013
Net assets available for benefits per the financial statements	$ 2,714,974	$ 2,590,289
Excess contributions payable	-	26,872
Net assets available for benefits per Form 5500	$ 2,714,974	$ 2,617,161

9. Reconciliation to Form 5500 *(continued)*

Liabilities of $26,872 were recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service as of December 31, 2013. There was no liability as of December 31, 2014.

The following is a reconciliation of the statement of changes in net assets available for benefits per the financial statements to the Form 5500 at December 31, 2014:

Net increase in net assets available for benefits per financial statements	$	124,685
Corrective contributions		(26,872)
Net increase in net assets available for benefits per Form 5500	$	97,813

10. Prohibited Transactions

During 2014, the Company failed to remit to the Plan certain employee contributions and loan repayments, totaling approximately $144,160 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the Plan were due to administrative errors. Subsequent to year end, the Company has taken remedial action under the Department of Labor Voluntary Fiduciary Correction Program ("VFCP") to correct the matter and has paid lost earnings of $86.38.

11. New Accounting Pronouncement

Accounting Standards Codification No. 962, "Plan Accounting – Defined Contribution Plans"

In July 2015, the FASB issued ASU 2015-12 ("ASU"), *"Plan Accounting – Defined Contribution Plans"* to simplify employee benefit plan accounting. This three part amendment includes changes to the disclosure and measurement requirements for: fully benefit-responsive investment contracts, plan investments and measurement dates. Under the new amendment fully-benefit responsive investment contracts will be measured, presented and disclosed at contract value rather than fair value, detailed disclosures regarding plan investments will be reduced, and measurement dates will change for some plans. The amended guidance is effective for plan year's beginning after December 15, 2015 and permits early adaptation.

Effective January 1, 2014, the Plan elected to adopt provisions of the ASU to simplify its accounting.

12. Subsequent Events

Management has evaluated events and transactions occurring after the statement of net assets available for plan benefits date and through the date of the independent auditors' report to determine whether any of these events or transactions were required to be recognized or disclosed in the financial statements. The date of the independent auditors' report is the date that the financial statements were available to be issued.
