NOTE 1. PLAN DESCRIPTION

The following description of the Keyes Motors, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who are employed by Keyes Motors, Inc. (the "Company" and the "Plan Sponsor"), and adopting employers, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan consists of participants' deferrals and Company discretionary contributions in accordance with Section 401(k) of the Internal Revenue Code ("IRC").

Participation

For participant contributions, participants must have attained 21 years of age and have completed one year of service. For Company contributions, participants must also be employed on the last day of the Plan year.

Contributions

As defined in the Plan, participants are permitted to make pre-tax and Roth contributions of one percent to 15 percent of their compensation, subject to certain limitations under the IRC.

The Plan provides for discretionary Company matching contributions, qualified non-elective contributions ("QNEC"), qualified matching contributions ("QMAC"), and discretionary profit sharing contributions. For the year ended December 31, 2014, the Company matched 25 percent of salary deferrals to employees with less than three years of service, not to exceed $3,500, 50 percent to employees with three to seven years of service, not to exceed $7,000, and 100 percent to employees with over seven years of service, not to exceed $14,000. For the year ended December 31, 2014, the Company made discretionary matching contributions of $2,769,108. No other Company contributions were made for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures not used to pay Plan administrative expenses will be used to reduce future Company contributions. During the year ended December 31, 2014, forfeitures of $47,250 were used to pay Plan administrative expenses. As of December 31, 2014, no forfeitures are available for future use.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are vested immediately in their contributions, QNEC and QMAC plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts is based on years of service. Participants are vested in Company discretionary matching and profit sharing contributions at 10 percent after one year of service, 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Payment of Benefits

For termination of service due to any reason other than death, a participant will receive a lump-sum distribution for the value of the vested interest in their account. For termination of service due to death, a participant's beneficiary may elect to receive either a lump-sum distribution or installment payments over a specified period of time as defined in the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Charles Schwab Bank (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value. Accounting principles generally accepted in the United States of America require that the amount representing the difference between fair value of fully benefit-responsive investment contracts and the contract value be presented on the face of the statements of net assets available for plan benefits.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Pooled Separate Account – Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSA NAV is not a publicly-quoted price in an active market, therefore, the PSA is classified as Level 2 within the valuation hierarchy.

Schwab Managed Retirement Trust Funds – The Schwab Managed Retirement Trust Funds, held in a common collective trust ("CCT"), are valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCT NAV is not a publicly-quoted price in an active market, therefore, the CCT is classified as Level 2 within the valuation hierarchy.

The CCT are designed to provide an investment solution that is adjusted over time to meet participants' changing risks and return objectives as they near retirement. The CCT and PSA do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2014

Recent Accounting Pronouncement

In July 2015, the FASB issued a new Accounting Standards Update ("ASU") that simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient. The guidance is contained in ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. The amendments are effective for all plan years beginning after December 15, 2015. Plan management does not expect this pronouncement to have a material impact on the Plan's financial statements.

NOTE 3. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 4. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

NOTE 4. INVESTMENTS (Continued)

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2014	2013
New York Life Anchor Account	$ 6,239,442 *	$ 4,979,151 *
Schwab S&P 500 Index Fund	8,757,070	8,404,705
JP Morgan Large Cap Growth Fund	***	6,458,549
Fidelity Blue Chip Growth Fund	6,488,748	***
Principal Equity Income Fund	5,473,005	4,938,567
Principal Real Estate Securities Fund	4,645,249	**

* Amount stated at contract value.
** Less than five percent of net assets at December 31.
*** Fund was not an option in the Plan as of December 31.

For the year ended December 31, 2014, net appreciation of investments in registered investment companies (mutual funds) and in common collective trusts was $2,598,412 and $595,353, respectively.

The Plan entered into a fully benefit-responsive investment contract with New York Life Insurance Company ("NYL"). NYL maintains the contributions in a pooled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. NYL is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the New York Life Anchor Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contract. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of NYL or otherwise. The crediting interest rate is based on a formula agreed upon with NYL, but may not be less than zero. Such interest rates are viewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with NYL.

The investment contract does not permit NYL to terminate the agreement prior to the scheduled maturity date.

Average yields for the New York Life Anchor Account:	2014	2013
Based on actual earnings	2.14%	2.17%
Based on interest rate credited to participants	1.85%	1.69%

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held and some are managed by the Trustee and therefore these transactions qualify as party-in-interest transactions for which exemptions exist. During the year ended December 31, 2014, the Trustee received $81,160 in administration fees, of which $37,250 was paid from forfeitures and $43,910 was paid by participants through the Plan. The Trustee also receives indirect compensation from certain investments based on a formula which is based on the average daily asset balances. In addition, the Company utilizes an investment advisor who received direct compensation of $10,000 from the Plan which was paid from forfeitures.

NOTE 6. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated June 19, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments, less the adjustment from fair value to contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits as of December 31, 2014 and 2013.

b. Net appreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2014.

c. Investments and participant loans as of December 31, 2014 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 5.25 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31:

	2014	2013

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2015, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
