INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Investment Committee of
Oxbow Affiliated Companies Health Benefits Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Oxbow Affiliated Companies Health Benefits Plan (the "Plan"), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Oxbow Affiliated Companies Health Benefits Plan as of December 31, 2014 and 2013, and the changes in financial status for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Note 1 – Description of Plan

The following description of the Oxbow Affiliated Companies Health Benefits Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General – The Plan provides health and other benefits covering all eligible employees, corporate officers and directors of the Oxbow Carbon LLC and certain of its wholly-owned affiliates (collectively, the "Company") and their covered dependents. Certain affiliates' retired employees are entitled to health benefits if they have at least 10 years of service with the Company after age 45 or for retired employees hired after January 1, 1994 receive benefits if they have attained at least 20 years of service with the Company after age 35. As a result of the collective bargaining agreement ("CBA") affecting certain participating employers, effective July 1, 2013, only active employees of the Company who were at least age 50 and have at least 15 years of service with the Company by December 31, 2016 are entitled to postretirement health benefits. All other active employees at July 1, 2013 are no longer eligible for postretirement medical benefits.

The Plan's assets are held in a voluntary employees beneficiary association ("VEBA") trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Health Benefits – The Plan provides self-insured health benefits (medical, vision, and prescription drugs) to eligible participants and their covered dependents. Retired employees are entitled to similar health benefits (in excess of Medicare coverage). The Plan also provides continuation of certain benefits upon termination of employment through medical and vision benefits extension and the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

The Plan offers participants a Preferred Provider Organization ("PPO") and high-deductible health plan ("HDHP"). The HDHP provides participants with a health savings account ("HSA"), which qualifies a tax-advantaged medical savings account. A participant who maintains an HSA account is the sole owner of that account balance. Accordingly, claims paid by participants from their HSA accounts and amounts transferred from employee payroll deductions or the Company's general assets to the HSA are excluded from these financial statements.

The claims for self-insured benefits are processed by UnitedHealthcare Insurance Company, ("UHC") the Plan's third-party claims processor. UHC operates under an administrative services agreement ("ASA") with the Company. Under the ASA, UHC pays claims directly to or on behalf of participants and then is reimbursed by the Plan's VEBA trust. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Contributions into the Plan's VEBA Trust – Participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections (PPO or HDHP). The costs of the postretirement benefits are shared by the Company and retirees. Retirees contribute 20% of the estimated cost of providing their postretirement benefits. Qualified individuals who utilize COBRA benefits must contribute 102% of the estimated cost to provide their postemployment benefits.

The Company contributes its share of the actuarially calculated premium which is used to purchase stop-loss coverage, fund claims, and other Plan operations.

Note 2 – Summary of Accounting Policies

The following accounting policies, which conform to accounting principles generally accepted in the United States of America ("GAAP"), have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting.

Change in Accounting Principle – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement* (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. The Plan does not believe the pronouncement is applicable to this Plan.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I changes the accounting and reporting of fully benefit-responsive investment contracts ("FBRIC") as follows:

- Contract value would be viewed as the most relevant measurement for a FBRIC, eliminating the need for an adjustment from fair value to contract value;
- A synthetic investment contract would be considered a FBRIC if it meets the stated definition of a FBRIC and a wrapper of a synthetic GIC would meet the definition of a FBRIC; and
- Allows for indirect investments in a FBRIC to be valued, presented and disclosed as an investment using the NAV method prescribed in ASU Topic 820, Fair Value Measurement as opposed to being treated as a FBRIC.

Part II eliminates need to disaggregate investments by nature, risks, and characteristics, eliminates the disclosure of investments representing five percent (5%) or greater of net assets available for benefits, and eliminates the disclosure of net appreciation or depreciation for investments by general type. Part III allows for the use of a practical expedient in measuring certain investments when applicable.

Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

The Plan does not believe the pronouncement is applicable to this plan.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits – Premiums payments are recorded when paid.

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processor that have yet to be reimbursed by the Plan are recorded as amounts payable to claims administrators.

Stop-Loss Insurance – Premiums for stop-loss insurance are included in premiums paid. Stop loss refunds are netted with claims paid.

Pharmacy Benefit Rebates – The Plan utilizes a pharmacy benefit scheme ("PBS") subcontractor from an affiliate of UHC who negotiates with drug manufactures for the purposes of prescription drug rebates. The PBS periodically makes rebates to the Plan based on the Plan's actual utilization pattern of specific prescription drugs. Rebates due from the Plan's PBS are recorded when earned. Rebates due as of December 31, 2014 and 2013 have been reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling $359,406, have been netted with claims paid for the year ended December 31, 2014.

Medicare Subsidy – The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and the Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy in measuring its postretirement benefit obligations; therefore, the Plan's postretirement benefit obligations differs from that of the Company.

Fair Value – The carrying amounts of cash, participant contributions receivable, pharmacy rebate receivable and amounts payable to claims administrator approximate fair value due to the short maturity of those instruments.

Plan Termination – Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Risks and Uncertainties – The Plan's financial instruments that are exposed to concentrations of credit risk consists primarily of cash. The Plan places its cash with a high credit quality financial institution in order to minimize these risks. At times such deposits may be in excess of the Federal Deposit Insurance Corporations ("FDIC") insurance limits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, healthcare inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Subsequent Events – The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued.

Note 3 – Benefit Obligations

Postretirement Benefit Obligation – The postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be paid to or for (a) currently retired or terminated employees and their beneficiaries

and dependents and (b) active employees and their beneficiaries and dependents after retirement from service with the Company.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, a 7.1% weighted-average annual rate of increase in the per capita cost of covered health care benefits was assumed for 2014; the rate was assumed to decrease gradually to 4.5% for 2028 and to remain at that level thereafter. These assumptions are consistent with those used to measure the benefit obligations at December 31, 2013.

The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increased by 1% in each year, it would increase the obligation as of December 31, 2014 and 2013, by $3,622,750 and $2,314,258, respectively.

The following were other significant assumptions used to determine the postretirement benefit obligation as of December 31, 2014 and 2013:

	2014	2013
Weighted-average Discount Rate	4.300%	5.259%
Mortality	Basic Materials, Paper & Packaging Industry Table from the Mercer Industry Longevity Experience Study with the MMP-2007 mortality improvement scale for annuitants and MRP 2007 mortality table with no collar adjustment with the MMP-2007 mortality improvement scale for non-annuitants with AA scale.	RP2000 mortality table projected with BB scale to 2014 to 2021 for annuitants and projected 2029 for non-annuitants with AA scale.
Average Retirement Age	Various rates ranging from 5% at age 61 to 100% at age 65.	Various rates ranging from 5% at age 61 to 100% at age 65.
Average Retirement Age for Grandfathered Participants of the CBA*	Various rates ranging from 25% at age 60 to 100% at age 63.	Various rates ranging from 25% at age 60 to 100% at age 63.

***** Participants who were grandfathered in by the CBA (Note 1) must retire by December 31, 2016 to receive postretirement medical benefits.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of benefit obligations.

Postemployment Benefit Obligations – In addition, a postemployment benefit obligation has been recognized for health benefits for individuals currently on COBRA. COBRA benefit obligations as of December 31, 2014 and

2013 are estimated by management based on the number of employees utilizing COBRA benefits as of the year end, actual claims reported through July 2015, and prior year experience.

Claims Payable and Claims Incurred But Not Reported – Plan obligations as of December 31, 2014 and 2013 for claims payable and claims incurred but not reported are estimated by the Plan's management with principals based on actual claims reported through July 2015 and prior year experience. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Note 4 – Stop-Loss Insurance Coverage

The Company contracts with ReliaStar Life Insurance Company ("ReliaStar") in an effort to limit its exposure for self-insured benefits. Under the terms of the policy, the ReliaStar will reimburse 100% of eligible expenses in excess of $100,000 per covered individual. The policy also provides up to $2,000,000 of coverage after the minimum aggregate deductible of $10,861,470 has been met. For the year ended December 31, 2014, reimbursements paid to the Plan and netted with claims paid totaled $608,998.

Note 5 – Administrative Expenses

The Plan's administrative expenses consist of fees paid to UHC for services relating to claims processing. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan. The Plan paid amounts totally $667,767 to UHC under the ASA for the year ended December 31, 2014.

Note 6 – Related Party and Party-in-Interest Transactions

As described in Note 1 and 5, the Plan has an arrangement with a service provider for claims processing. These transactions are considered party-in-interest transactions under ERISA.

Note 7 – Tax Status

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service ("IRS") dated October 20, 2003, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code ("IRC"). However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes for unrelated business taxable income ("UBTI"). No federal or state income taxes have been recorded for the year ended December 31, 2014 in relation to UBTI.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan has not obtained a determination letter from the IRS; however, the plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements to the Form 5500 at December 31, 2014 and 2013:

	2014	2013
Net Assets Available for Benefits per the financial statements	$ 4,818,615	$ 6,946,817
Benefit obligations currently payable	(832,394)	(763,789)
Net assets per the Form 5500	$ 3,986,221	$ 6,183,028

The following is a reconciliation of claims paid per the financial statements for the year ending December 31, 2014, to Form 5500:

Claims paid per the financial statements	$ 9,811,549
Plus: Amounts currently payable at December 31, 2014	832,394
Less: Amounts currently payable at December 31, 2013	(763,789)
Claims paid per the Form 5500	$ 9,880,154

Claims that have been processed and approved for payment at year-end, but not paid and claims incurred but not reported are not considered liabilities under GAAP and, therefore, are not represented as liabilities or claims and premiums paid in the financial statements, but are recorded on the Form 5500 as a liability.
