INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator
Ambry Genetics 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ambry Genetics 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Trust Company, FSB (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

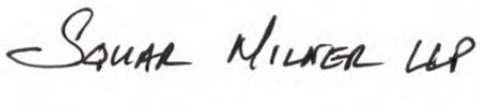

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of the year ended December 31, 2014 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2013 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Ambry Genetics 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was originally established on January 1, 2006. The Plan was restated as of January 1, 2009 to comply with current law pursuant to Section 401(k) of the Internal Revenue Code ("IRC" or "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's day-to-day operations are administered by Ambry Genetics Corporation (the "Company" or "Plan Sponsor" or "Plan Administrator"). The accounting records are maintained by Benefit Equity, Inc., a record keeper and third party administrator (the "TPA"). Nationwide Trust Company, FSB is the Plan's Custodian (the "Custodian"). Overall responsibility for administering the Plan rests with the Plan Administrator.

Eligibility

All full time employees of the Company over age of 21 are eligible to participate in the Plan.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. Participants may change their investment options or transfer funds based upon policies established by the Plan. Such policy currently allows participants to change their options at any time.

Participant Elective Deferral Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, and between 1% and 100% of compensation as an after-tax contribution, up to a maximum amount as allowed under the Code. The maximum contribution allowed by the Plan in accordance with the Code for 2014 was $17,500. In addition, participants over the age 50 are allowed to defer an additional catch-up amount in excess of the maximum contribution. For the 2014 plan year, the maximum catch-up contribution was $5,500. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit and defined contribution plans.

1. DESCRIPTION OF PLAN (continued)

Employer Contributions

The Company may make discretionary matching contributions. For the Plan year ended December 31, 2014 and 2013, the Company made $28,195 and $20,417, respectively, of discretionary matching contributions, which are included in the employer contributions in the accompanying statement of changes in net assets available for benefits and in employer contributions receivable in the accompanying statement of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and allocations of Plan earnings and administrative expenses. Allocations of Plan earnings are made according to participants' account balances, as defined. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Company matching contributions are subject to a six year graded vesting schedule.

Upon a participant's death or permanent disability, the full amount of the Company's contributions become 100% vested.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, in accordance with the Plan document, each participant is eligible to receive a distribution equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. Participants who are current employees and over age 59.5 can elect to receive distributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $10,000. The loan may not exceed 50 percent of the participant's vested account balance. Loan transactions are treated as a transfer between the respective investment fund and the loan fund. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator over a period not to exceed ten years. Principal and interest is paid ratably through semi-monthly payroll deductions. Interest rates were 4.25% on loans outstanding as of December 31, 2014 with various maturities through June 2016. There were no loans outstanding as of December 31, 2013.

1. DESCRIPTION OF PLAN (continued)

Forfeited Accounts

Forfeited nonvested amounts are used first to reduce future employer contributions, with any remaining amounts used to reduce the Plan's ordinary and necessary administrative expenses. There was approximately $1,000 in forfeited amounts for both of the Plan years ended December 31, 2014 and 2013. As of December 31, 2014 and 2013, there were forfeited non-vested accounts of approximately $10,000 and $9,000, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements and related schedules in conformity with GAAP requires management, the TPA, and the Custodian to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of additions to, and deductions from, net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds and money market fund are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Realized gains (losses) are computed using the average cost method.

The Plan's exposure to losses in the event of nonperformance of investments managed by the Custodian is limited to the carrying value of such instruments. The Plan's concentrations of risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participant's account balances and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants reflected in the accompanying statements of net assets available for benefits are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

A participant's loan is considered in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which the loan is initially considered past due. In such event, the entire principal and accrued interest are immediately due and payable, and are deemed distributions to participants. There were no loans considered to be in default at December 31, 2014.

Corrective Distributions Payable

The Plan is required to refund contributions received during the plan year as a result of failing certain nondiscrimination tests. The Plan made a corrective distribution of $28,796 during the statutory correction period to cause the tests to pass.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company and, accordingly, are not reflected in the accompanying financial statements of the Plan. At the discretion of the Board of Directors of the Company, administrative expenses totaling approximately $18,000 were paid by the Company on behalf of the Plan for the year ended December 31, 2014. Certain transaction processing fees and investment related expenses are charged to the participants' account balances and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and qualify as party-in-interest transactions (Note 5).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. Following is a summary of the revised guidance contained in ASU 2015-12.

- Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts. Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.
- The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The amendments in Part I and Part II should be applied retrospectively for all financial statements presented, and the amendments in Part III should be applied prospectively. This ASU should not change the Plan's total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. Plan Sponsor management is currently reviewing the full impact of these amendments on the Plan's financial statement presentation, which will be effective for the Plan's financial statements for the Plan year ended December 31, 2016.

In May 2015, the FASB issued updated guidance intended to eliminate the diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. Under the updated guidance, investments for which fair value is measured at net asset value per share using the practical expedient should no longer be categorized in the fair value hierarchy. The updated guidance requires retrospective adoption for all periods presented and is effective for annual reporting periods beginning after December 15, 2015, with early adoption permitted. Except for the disclosure requirements, the Company does not expect the adoption of the new guidance to impact the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 14, 2015, which is the date the financial statements were available to be issued, and noted no significant or reportable events that require a disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Plan Administrator has obtained certifications from the Custodian certifying that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value and notes receivable from participants as reflected in the statement of net assets available for benefits as of December 31, 2014 and 2013.
- Investment income and interest income from notes receivable from participants as reflected in the statement of changes in net assets available for the year ended December 31, 2014.
- Investments and notes receivable from participants as reflected in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by the Plan's Custodian need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Administrator has instructed its independent public accountants not to perform any auditing procedures with respect to information certified by the Custodian.

4. INVESTMENTS

The following presents investments at December 31, 2014 and 2013 that represent 5% or more of the Plan's net assets.

	2014	2013
American Funds Growth Fund of Amer R3	$ 243,843	$ 149,307
BlackRock Global Allocation Inv A	137,179	134,547
ClearBridge Aggressive Growth A	130,169	93,501
Dreyfus Strategic Value A	*	96,214
Ivy Asset Strategy Y	211,952	195,084
Oppenheimer Developing Markets A	172,878	150,061

**Individual assets represent less than 5% of the Plan's net assets in respective year.*

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are a money market fund managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. There were no fees paid by the Plan to the Custodian for investment management services for the year ended December 31, 2014.

6. TAX STATUS OF THE PLAN

The Plan has received a favorable determination letter, dated March 31, 2008, from the Internal Revenue Service ("IRS") indicating that the Plan is qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

7. FAIR VALUE MEASUREMENTS

The Plan adopted the provisions of FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, or ASC 820, with respect to its investments. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs.

The level in the fair value hierarchy is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of inputs used to measure fair value are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy into the three levels of inputs.

Mutual Funds

Mutual funds are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year-end and are classified as Level 1 investments.

7. FAIR VALUE MEASUREMENTS (continued)

Money Market Fund

The money market fund is carried at fair value (which approximates cost), and is classified as a Level 1 investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents financial assets that have been measured at fair value on a recurring basis. These assets are classified in accordance with the fair value hierarchy set forth in ASC 820:

December 31, 2014:

7. FAIR VALUE MEASUREMENTS (continued)

During the years ended December 31, 2014 and 2013, there were no investment transfers between Level 1 and Level 2 or in or out of Level 3. There were no changes in methodologies used to determine fair value at December 31, 2014 and 2013.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for Plan benefits per financial statements at December 31, 2014 and 2013 to Form 5500:

	2014	2013
Net assets available for plan benefits per financial statements	$ 2,277,919	$ 1,681,203

Net assets available for plan benefits per Form 5500 – Schedule H	$ 2,247,043	$ 1,644,658

The following is a reconciliation of changes in net assets available for Plan benefits per financial statements for the year ended December 31, 2014 to Form 5500:

Increase in net assets per financial statements	$ 596,716
Employee contributions receivable – current year	(31,477)
Employer contributions receivable – current year	(28,195)
Corrective contributions payable – current year	28,796
Employee contributions receivable – prior year	16,128
Employer contributions receivable – prior year	20,417
Increase in net assets per Form 5500 Schedule H	$ 602,385

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2013, the Company retained certain employee deferral elections of $1,400, beyond the maximum limitations as defined by the Department of Labor Code of Federal Regulations Title 29, Chapter XXV, Part 2510.3-102. The withholdings were accounted for by the Company as unauthorized loans from the Plan that are subject to interest due to the Plan and tax penalties due to the IRS. The interest due on the late deposits of $71 is included in employer contribution receivable in the accompanying statements of net assets available for benefits for the year ended December 31, 2013 and was received by the Plan during 2014. Management filed the applicable Form 5330 with the IRS. The Plan Sponsor believes there were no other nonexempt transactions during the years ended December 31, 2014 and 2013.
