Report of Independent Certified Public Accountants

Plan Administrator
El Dorado Packaging Inc. 401(k) Retirement Plan

We have audited the accompanying financial statements of El Dorado Packaging Inc. 401(k) Retirement Plan (formally the El Dorado Paper Bag United Paperworkers International Union Local 577 401(k) Plan) (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at end of year) as of December 31, 2014 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such supplementary information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other matter

The financial statements of the Plan as of and for the year ended December 31, 2013 were audited by other auditors. Those auditors expressed an unmodified opinion on those 2013 financial statements in their report dated October 5, 2014.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A – PLAN DESCRIPTION

The following description of the El Dorado Packaging Holdings, Inc. (the "Company" or "Plan Sponsor") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and is designed to provide employees with additional security for their retirement. The Plan was established effective January 1, 1999.

On September 1, 2014, El Dorado Packaging, Inc. acquired Grief Packaging LLC, Inc. El Dorado Packaging Holdings, LLC, Inc. approved the transfer of funds from the Greif, Inc. 401(k) Retirement Plan to the Plan. The Plan was amended to allow for this transfer. The transfer of funds took place on November 3, 2014. The Plan also changed its name from the El Dorado Paper Bag United Paperworkers International Union Local 577 401(k) Plan to the El Dorado Packaging Inc. 401(k) Retirement Plan.

Eligibility

Employees become eligible to participate in the Plan when they have completed one year of service and attained age 21.

Funding Policy

Contributions made pursuant to participant salary deferrals may be made up to 50% of the participant's eligible compensation subject to limitations in the Plan and established by law. Participants satisfying certain criteria are permitted to make catch-up contributions, as stated in the Plan agreement. Participants are not permitted to make rollover contributions to the Plan.

For Arkansas employees, the Company contributes 25% of the first 3.5% of the employee's contribution. For Grief, Inc. employees, the Company contributes dollar for dollar up to 6% of employee deferrals.

Vesting

Participants have a fully vested interest in their participant elective deferral, Company contributions, and catch-up, plus actual earnings thereon.

Participants' Accounts

Participants' accounts are credited with the participant contributions (elective deferral, catch-up and roll-over), discretionary matching employer contributions (if applicable) and an allocation of Plan earnings or losses. Allocations of Plan earnings or losses are based on account balances, as defined in the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

NOTE A – PLAN DESCRIPTION – Continued

Benefits Paid to Participants

On termination of service, due to death, disability, termination of employment or retirement, the payment of benefits method depends on the participant's account balance. For termination of the participant whose account balance is less than $1,000, the participant shall receive the account balance as a lump-sum distribution or rollover. If the participant's account balance is less than $1,000 and no election was made, a single lump-sum distribution will be provided to the participant.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to the participants based on each individual participant's account balance. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear reasonable rate of interest that commensurate with prevailing rates at the issuance of notes. Principal and interest are paid ratably through payroll deductions.

Investment Options

The Plan allows participants to direct their investments and to make transfers between these accounts and funds, except for the participant loan fund. Participant loan transactions are treated as transfers between the investment funds and participant loan fund.

Administrative Expenses

The majority of expenses of maintaining the Plan are paid by the Company.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for the Plan for fiscal years, beginning after December 15, 2016. Early adoption is permitted. Management has elected to adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the 2013 financial statements being adjusted to comply with the guidance.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (1) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts 1 and II early. Accordingly, the amendments were retrospectively applied resulting in the 2013 financial statements being adjusted to comply with the guidance. Part III is not applicable to this Plan.

Investment Valuation and Income (Loss) Recognition

Investments in mutual funds are valued at the net asset value of shared based on quoted market prices.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

The collective trust investment is valued at net asset value based on the fair value of the fund's underlying investments at year end as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on an ex-dividend date. Interest income is recorded on an accrual basis.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in the fair value of investments represents the net realized gains or losses and the net unrealized appreciation or depreciation of investments. Realized gains or losses are the differences between the proceeds received and either the cost of investments sold, determined on an average cost basis, or the fair value at the end of the previous year, whichever is applicable. Unrealized appreciation or depreciation is the change in the difference between fair value and the cost of investments or the fair value at the end of the previous year, whichever is applicable.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to applicable participants in September 2015.

Benefits Paid to Participants

Benefits paid to participants are recorded by the Plan when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Risks and Uncertainties

The investment options offered by the Plan invest in various types of securities, including U.S. government securities, corporate debt securities and equities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C – INVESTMENTS

FASB ASC 820 – *Fair Value Measurement and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C – INVESTMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds/Money market fund: Valued at the net asset value of shares held by the Plan at year end, based on quoted market prices.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2014			
	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 153,219	$ -	$ -	$ 153,219
Mutual Funds	5,220,337	-	-	5,220,337
Collective Trust	-	-	134,538	134,538
Total investments at fair value	$5,373,556	$ -	$ 134,538	$5,508,094

	December 31, 2013			
	Level 1	Level 2	Level 3	Total
Money Market Fund	$106,994	$ -	$ -	$106,994
Mutual Funds	686,196	-	-	686,196
Total investments at fair value	$793,190	$ -	$ -	$793,190

NOTE C – INVESTMENTS – Continued

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2014:

Investment type	Contract value	Unfunded commitments	Redemption frequency	Redemption notice period
Collective trust				
December 31, 2014	$ 134,538	$ -	Daily	12 months

The collective trust's objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the collective trust invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

To assess the reasonableness of the fair value methodology used for the collective trust fund, the Plan Advisory Committee, with the assistance of an investment advisor, evaluates a variety of factors including review of the fund's financial statements, economic conditions, industry and market developments, and overall credit ratings.

The following are instances when the redemption of the collective trust assets may not occur at contract value:

- Material amendments to the Fund's structure or administration.
- Changes to investment options including the elimination of equity wash provisions.
- Complete or partial termination of the collective trust, including a merger with another fund. The failure of the collective trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Redemption of all or a portion of the interests in the collective trust by the Plan in conjunction with a group layoff, sale of a business unit, bankruptcy, plan merger or other major restructuring event by the Plan.
- Changes in law, regulation, ruling, administrative or judicial position or accounting standard.
- Communication to participants designed to influence participants to not invest in the collective trust.

Plan management believes the occurrence of events and circumstances that would cause the collective trust to transact at less than contract value for the Plan is not probable.

NOTE D – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE E – RELATED PARTIES

Certain employees of the Company provide administrative services to the Plan at no expense.

NOTE F – SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2014 financial statements for subsequent events through October 14, 2015, the date the financial statements were available to be issued. The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements, except as disclosed in Note B.
