**CONCEPT 2001, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2014 AND 2013**

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Concept 2001, Inc. (the Company) 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer plan, defined contribution plan established August 1, 2002, as amended and restated consisting of multiple participating employers ("Adopting Employers"). The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRS, for the benefit of eligible employees. Plan eligibility and entry requirements are defined in the Plan documents of each Adopting Employer. Each Adopting Employer has executed an Adoption Agreement ("AA") that is included as part of the Plan. The AA supersedes the general guidelines of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The shareholders of Concept HR administer the Plan. Transamerica Financial Life Insurance Company ("Transamerica") serves as the certifying entity, manages Plan assets, and maintains the Plan's records. Transamerica offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Employees may defer and contribute a percentage of their salary each year; however, total deferrals cannot exceed certain Internal Revenue Code ("IRC") limits. If a participant has attained age 50 prior to the end of the Plan year, they are eligible to make catch-up contributions up to the maximum allowed by the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Adopting Employers may make additional contributions to eligible employees at their discretion. Contributions can be made in the form of matching, discretionary, or safe harbor matching contributions, which are funded either by pay period or annually, based upon the election. The type of matching contribution selected determines the eligibility, calculation, and payment terms which are defined in the Plan documents. The calculation period (or true-up period) for all additional employer contributions is the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Adopting Employer's matching contributions and/or profit sharing allocation, Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Employees become fully vested upon attainment of normal retirement age, disability or death. Adopting Employer contributions, except safe harbor matching contributions, are vested based on a 6-year graded scale of continuous service and are subject to the vesting schedule defined in the Plan documents.

NOTE 1. DESCRIPTION OF THE PLAN - CONTINUED

Investment Options

Upon enrollment in the Plan, a participant directs contributions made on his or her behalf to any of the funds within the Plan. Participants' direct contributions, including any Adopting Employer contributions (if any), are allocated to specific investment funds as elected by the participant. Participants may change their investment elections at their own discretion.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to the lesser of (1) \$50,000 or (2) 50% of the present value of the participant's current vested account balance. Participants may have only one loan outstanding. The loans are secured by the participant's account balance and bear interest at 4.25%. Principal and interest are paid ratably through payroll deductions over a period of not more than 5 years, unless a principal residence was purchased and repayment terms are up to 30 years. Delinquent receivables are reclassified as distributions based upon the provisions of the Plan's documents.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum equal to the value of the participant's vested interest in his or her account. Generally, participants may not make withdrawals from their accounts prior to retirement at age 59 ½, except in the event of disability, death, termination of employment, or notice of hardship, without being subject to certain restrictions and penalties. Accounts with balances less than \$1,000 may be immediately distributed to the participant upon a distribution event.

Forfeitures

The non-vested portion of a terminated participant's account is forfeited. Forfeitures are used to reduce future Adopting Employer contributions or pay plan expenses to the Plan. At December 31, 2014 and 2013, forfeited non-vested account balances totaled \$97,055 and \$52,547, respectively. Forfeitures of \$7,841 and \$-0- were applied to the Plan for the years ended December 31, 2014 and 2013.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined contributions plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participant would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts; however, there is no adjustment of the fully benefit-responsive investment contracts from fair value to contract value as fair value approximates contract value. The Statement of Changes in Net Assets for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

CONCEPT 2001, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Risk, Valuation and Income Recognition

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair market value of investments for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document.

Reclassifications

Certain reclassifications have been made to the 2013 financial statements to conform to the 2014 financial statement presentation.

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance, which were immediately effective upon issuance. The adoption of immediately effective amendments is included in Note 4. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Recent Accounting Pronouncements - Continued

In June 2013, the FASB issued ASU 2013-09, Fair Value Measurement (Topic 820): Deferral of the Effective Date of Certain Disclosures for Non-Public Employee Benefit Plans in Update No. 2011-04, applies to disclosures of certain quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by certain employee benefit plans. The deferral applies specifically to employee benefit plans, other than those plans that are subject to Securities and Exchange Commission filing requirements that hold investments in their plan sponsors' own non-public entity equity securities including equity securities of their non-public affiliated entities. The deferral is effective immediately for all financial statements that have not yet been issued. Management does not anticipate ASU 2013-09 will have a material impact on the Plan's changes in net assets available for benefits or financial position.

NOTE 3. INFORMATION PREPARED BY AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company has provided certification that the financial information included in the financial statements as of and for the years ended December 31, 2014 and 2013 and the supplemental schedules for the year ended December 31, 2014 provided to the plan administrator is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedules as of and for the year ended December 31, 2014 is covered by such certification and has not been audited by independent auditors. The following investments represent more than 5% of the Plan's net assets as of December 31, 2014 and 2013.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2-Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by the observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts - The pooled separate accounts are segregated investment accounts established by Transamerica. Transamerica uses two types of separate accounts-separate accounts that hold investment portfolios that are actively managed by an investment advisor/sub- advisor (i.e., managed separate accounts) and separate accounts that purchase specific mutual funds at the direction of variable annuity contract owners (i.e., unit investment trusts ("UIT") separate accounts). Transamerica values the underlying investments in the separate accounts at fair value in accordance with FASB ASC 820. Assets within the UIT separate accounts are valued by Transamerica at the net asset value ("NAV") as reported by the UIT separate accounts.

General Account with Insurance Company - Stable value fund - This fund is valued at the NAV based on the last reported sales price of the underlying investments held. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The investment income is allocated to participants based on their proportionate share of the net assets of the funds.

These valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting.

NOTE 4. FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

Assets at fair value as of December 31, 2014				
	Level 1	Level 2	Level 3	Fair Value

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Assets at fair value as of December 31, 2013				
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts:				
Equity	\$ 3,924,728	\$ 1,258,300	\$ -	\$ 5,183,028
Fixed income fund	239,895	814,300	-	1,054,195
Other funds	8,067,517	427,434	-	8,494,951
Transamerica stable value	-	1,381,341	-	1,381,341
Total Investments	<u>\$ 12,232,140</u>	<u>\$ 3,881,375</u>	<u>\$ -</u>	<u>\$ 16,113,515</u>

Management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014 and 2013, there were no significant transfers in or out of levels 1, 2 or 3.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company. Transamerica Life Insurance Company maintains contributions and transfers of cash into the general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the Statement of Net Assets Available for Benefits at contract value, which approximates fair value. Contract value is determined daily based on the fair value of all separate accounts under group annuity contracts and all mutual funds managed by Transamerica Life Insurance Company. Contract value for the stable value fund is the amount payable to the plan participants on demand.

The fair value of the investment contract at December 31, 2014 and 2013 was \$1,310,147 and \$1,381,341. The lowest, average and closing interest rates for the stable value fund during the year ending December 31, 2013 was 0.80%. Such interest rates are reviewed and reset on a monthly basis. The stable value fund has no statement maturity dates. Accordingly these investments are carried at contract value, which approximates fair value and is the amount a participant in the fund would receive if they were to initiate permitted transactions under the terms of the underlying defined contribution plan.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY – CONTINUED

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Transamerica Life Insurance Company. The Plan Administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with the plan participants is not probable.

NOTE 6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan to related parties for investment management services were included as a reduction of the return earned on each fund in addition administrative fees. The Plan pays certain administrative and investment advisor fees totaling \$13,288 for Morgan Stanley Insurance Services, James Carpenter for \$115,413, Hubbard Davis CPAs, LLP for \$17,000 and record-keeping for \$24,164 for the year ending December 31, 2014. These transactions qualify as party-in-interest transactions. See Note 11.

NOTE 7. TAX STATUS

The Plan has timely adopted a restated, via a non-standardized adoption agreement, prototype plan. The prototype plan has received an opinion letter from the IRS dated March 31, 2008, whereby the IRS stated that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). While the Plan cannot rely on the prototype's opinion letter, the Plan administrator believes that the Plan has been operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be substantiated upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2011.

NOTE 8. PLAN AMENDMENTS

Effective June 16, 2014, the Plan was amended to allow participant loan refinancing.

Effective June 16, 2014 the Plan was amended to allow rollover of participant loans into this Plan will be permitted provided it is in relation to a transaction that involves a group or groups of employees.

Effective September 16, 2014, the Plan will no longer permit self-directed brokerage accounts.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer contributions.

NOTE 10. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the plan years ended December 31, 2014, 2013, 2012 and 2011 the Plan Sponsor did not remit to the Plan's trust certain employee contributions including loan repayments within the period prescribed by Department of Labor regulations. The amounts of late remittances totaling \$518,416 for 2014, \$313,829 for 2013, \$399,224 for 2012 and \$661,372 for 2011 were identified. The Plan Sponsor reimbursed the Plan for lost earnings in the amount of \$784 for 2014, \$347 for 2013, \$507 for 2012 and \$1,059 for 2011, and is working with its ERISA counsel to submit corrections under the Department of Labor's Voluntary Fiduciary Correction Program (VFCP).

NOTE 11. NONEXEMPT TRANSACTIONS

The Plan Trustee received plan assets in the form of commissions in the amount of \$5,024. These commissions constituted nonexempt transactions; the payment of dual compensation to a Plan fiduciary. The Plan Trustee has repaid the commissions to the Plan, and intends to pay earnings to the plan, which will be calculated using the VFCP calculator. The Plan Sponsor is working with its ERISA counsel to submit the corrections under the Department of Labor's Voluntary Fiduciary Correction Program.

NOTE 12. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 30, 2015, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which would require disclosure in the financial statements other than that noted below.

Effective January 1, 2015, Plan adopted a restated, via a non-standardized adoption agreement, prototype plan. The prototype plan has received an opinion letter from the IRS dated July 7, 2014, whereby the IRS stated that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). All participating companies adopted updated adoption agreements and were provided updated summary plan descriptions.
