We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. Relief Enterprises, Inc. Health & Welfare Plan
Notes to the Financial Statements
December 31, 2014 and 2013

Note 1: Description of Plan:

The following description of Relief Enterprises, Inc. Health & Welfare Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan and Trust were established July 1, 2001 to provide health and other benefits to eligible participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility:

Employees are eligible to participate in the Plan on the first day of the month following two months of continuous employment.

Participants will receive coverage for any month in which they remain eligible for the Plan and for which the Plan management makes contributions to the Plan on their behalf. The participants' coverage will end at midnight on the last day of the month, two months after eligibility ceases. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Benefits:

The Plan provides medical, dental, vision, prescription drug coverage, life and supplemental accident, and dismissal wage/unemployment benefits for eligible participants and their beneficiaries. The Plan provides substantially all these benefits on a self-funded basis. The Plan also carries a stop-loss insurance policy which covers both specific and aggregate claims in excess of the deductibles as specified in the contract. Life and accidental death and dismemberment benefits are fully insured under the Plan.

Employer Contributions:

The Company contributes to the Plan monthly based on an hourly funding formula. Employer contributions are recognized as income in the month the employees worked. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company on a pay-as-you-go basis.

Note 2: Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2: Summary of Significant Accounting Policies, continued:

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Concentration of Credit Risk:

The Plan maintains its demand deposits in commercial bank accounts which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan management does not believe the Plan is exposed to any significant credit risk on cash.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded on the accrual basis.

Contributions Receivable:

Employer contributions due but not paid at year end are recorded as contributions receivable. See Note 3.

Insurance Premiums Payable:

Insurance premiums payable are based upon the actual premiums due for December 31, 2014 and 2013 and prior coverage paid by the employer, but paid by the Plan after year end.

Payment of Benefits:

Premiums paid by the Plan are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Benefits are recorded when paid. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits.

Note 2: Summary of Significant Accounting Policies, continued:

Benefit Claims Payable:

The obligation for benefit claims payable is an estimate for self-funded benefits incurred on or prior to December 31, 2014 and 2013, but paid after year end. The estimate was calculated based on a review of actual claims paid subsequent to year end, with incurred and received dates of December 31, and prior.

Benefit Claims Incurred, But Not Reported:

The obligation for benefit claims incurred, but not reported, is an estimate for self-funded benefits incurred on or prior to December 31, 2014 and 2013, but reported to and paid by the Plan after year end. The estimate was calculated using available claims experience data and projected future claims.

Estimated Obligation for Future Benefits Based on Accumulated Eligibility:

The Plan currently provides two months of extended coverage to participants once they lose their eligibility. The estimate was calculated using available claims experience data and projected future claims.

Utilization:

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Administrative Expenses:

All administrative expenses may be paid out of the Plan unless paid by the Company. During the year ended December 31, 2014, the Plan paid for substantially all administrative expenses, which consisted of administration fees, legal and accounting fees, and other miscellaneous expenses.

Income Taxes:

The Trust established under the Plan to hold the Plan's assets has not applied for exemption from California or federal income taxes. The Plan is required to pay federal and state taxes on unrelated business income as defined by Internal Revenue Code Section 512(e)(3)(E). Unrelated business income consists of the investment income earned on the excess of the net assets available for benefits over the required reserve balance allowable under the Internal Revenue Code. The Plan administrator believes the Plan does not have any net taxable income for the tax years ended December 2014 or 2013 and, therefore, no tax liability is reflected in these financial statements.

Note 2: Summary of Significant Accounting Policies, continued:

Subsequent Events:

Management has evaluated subsequent events through October 8, 2015, the date on which the financial statements were available to be issued.

Note 3: Employer Contributions Receivable:

During May 2009, the Company entered into an agreement ("the 2009 agreement") to pay a minimum of $25,000 per month to the Plan for the prior years' unpaid contributions balances.

As of December 31, 2013, the Plan recorded contributions receivable of $590,184. This represents contributions actually received by the Plan subsequent to December 31, 2013 through August 2014.

During the year ended December 31, 2013, the Company made payments of approximately $820,000 for contributions due in both the current year and prior years. The Company owed the Plan $1,971,376 in contributions receivable as of December 31, 2013. Of this amount, $1,381,192 has been offset as doubtful accounts due to the uncertainty of collection.

As of December 31, 2014, the Plan recorded contributions receivable of $386,386. This represents contributions actually received by the Plan subsequent to December 31, 2014 through June 2015.

During the year ended December 31, 2014, the Company made payments of $1,055,829 for contributions due in both the current year and prior years. The Company owed the Plan $1,844,002 in contributions receivable as of December 31, 2014. Of this amount, $1,457,616 has been offset as doubtful accounts due to the uncertainty of collection.

The Company continues to owe the Plan a substantial amount of contributions for prior years. However, the Company has made payments of contributions necessary to fund the ongoing operations of the Plan through the date of this report.

Note 4: Investments:

The following table presents investments as of December 31, 2014 and 2013:

	2014		2013	
Investments at fair value:				
Boston Private Bank & Trust Company	$ 203,539	*	$ 203,234	*

* Denotes investments which represent 5% or more of the net assets available for benefits in either year.

Note 5: Fair Value Measurement of Investments:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5: Fair Value Measurement of Investments, continued:

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market funds: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be as indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The estimated fair values of money market funds have been determined using Level 1 inputs, including available market information and valuation methodologies.

Note 6: Stop Loss Coverage:

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims). The Plan maintained an insurance policy with Gerber Life Insurance Policy during the year ended December 31, 2014. The policies contain two excess loss provisions. The first provision applies to individual participant claims, whereby when the claims paid on behalf of an eligible participant or beneficiary exceed $60,000, the insurance carrier will reimburse the Plan for 100% of the excess up to a maximum aggregate amount per person per policy period. The second provision involves aggregate plan claims, whereby when the total aggregate claims paid on behalf of all eligible participants or beneficiaries exceed a specified amount based on a percentage of employer contributions, the insurance carrier will reimburse the Plan 100% of the excess up to a maximum aggregate amount of $1,000,000, less the amount reimbursed for individuals under the specific individual policy noted above.

The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by either the Plan or the general assets of the Company. Despite the Plan's utilization of third-party claims processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Note 7: Dismissal Wage/Unemployment Benefit (DUB):

The Plan offered dismissal wage/unemployment benefits to eligible participants upon termination of employment. This benefit was discontinued in a prior year and only three participants have remaining vested benefits as of December 31, 2014.

Note 8: Transactions with Parties-in-Interest:

FCE Benefit Administrators, Inc., the Plan's third party claims processor, received commissions and reimbursement of administrative fees from two of the Plan's insurance carriers of approximately $6,936 for the year ended December 31, 2014. The insurance commissions and fees are paid by the insurance companies and are not an expense of the Plan.

Note 9: Plan Termination:

The Plan shall remain in existence from year-to-year unless written termination notice is given by the Plan management or Plan administrator to the other at least 60 days, but not more than 90 days, prior to the anniversary date of effective coverage under the Plan.

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to employees, to discontinue its contributions at any time, and terminate the Plan subject to the provisions set forth under ERISA. In the event of Plan termination, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefits of the Plan's participants.

Note 10: Tax Status:

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11: Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Plan balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 12: Reconciliation of Financial Statements to Form 5500:
