DESOTO SALES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF THE PLAN

The following description of the DeSoto Sales, Inc. Profit Sharing 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a profit sharing plan covering substantially all eligible employees of Desoto Sales, Inc. ("the Company"). Employees become eligible to voluntarily contribute to the Plan beginning on the first day of the plan year or the first day of any successive quarter. Employees become eligible for employer contributions following completion of one year of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration: The Company is the Plan sponsor and the Plan administrator, and is responsible for Plan compliance with the provisions of ERISA.

Contributions: Participants may elect to contribute to the Plan based on a percentage of their annual earnings within the limitations as defined in the Internal Revenue Code (IRC). In addition, in any calendar year in which a participant is age 50 or above, an additional "catch-up contribution" may be made.

The Plan allows participants to roll over balances from other retirement accounts.

The Plan provides for employer matching of participant contributions. The Plan sponsor's discretionary matching contributions were 3% of eligible compensation for 2014 and 2013.

The Company also makes an annual discretionary profit sharing contribution to the plan on behalf of the employees. The 2014 and 2013 profit sharing contributions were 4% of eligible compensation. Similar to the matching contributions, employees become eligible for the employer profit sharing contribution after one year of employment from the date of hire. The 2014 contribution deposited into the employee accounts in 2015 was approximately $212,000. The contribution amount for 2013 deposited into the employee accounts in 2014 was approximately $210,000.

Participant Accounts: Each participant's account is credited with their voluntary contribution, the Company's matching contribution and an allocation of the Company's discretionary profit sharing contribution and plan earnings. Participants may direct their deferral contributions and the employer's matching and discretionary contributions, if any, to a selection of regulated investments. Allocations of the discretionary profit sharing contributions are allocated based on a proration of the participant wages, as defined. Allocations of plan earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the employer's matching contribution and the Company's discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 6 years of credited service, or upon death or disability.

1. DESCRIPTION OF THE PLAN (Continued)

Benefits: Upon termination of service, benefit payments may be made as lump-sum, partial lump-sum, or installment payments. In-service and hardship distributions are permitted if certain criteria are met.

Participant Loans: The Plan does not allow for participants to borrow from their fund accounts.

Forfeitures: Forfeited balances of terminated participants' non-invested accounts can be applied to reduce employer contributions to the Plan or offset administrative expenses of the Plan, as defined in the plan document. For the Plan years ending December 31, 2014 and 2013, forfeiture credits reduced the employer's contribution by $2,005 and $2,100, respectively.

Plan Costs: The Company absorbs a significant amount of the Plan's administrative costs, which include trustee fees, maintenance fees, audit fees and other costs associated with the annual tax return filing.

Plan Termination: Although it has not expressed any intent to do so, the Company has the authority to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNFICIANT ACCOUNTING POLICIES

Date of Management's Review: Subsequent events were evaluated through October 12, 2015, which is the date the financial statements were available to be issued.

Basis of Accounting: The financial statements of the Plan have been prepared on the cash basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair market value, based on quoted market prices. See Note 3 for further information regarding fair value measurement. The Plan presents, in the statement of changes in net assets available for Plan benefits, the net appreciation in the fair value of the investments, which consists of realized gains or losses and the unrealized appreciation or depreciation of those investments, plus interest and dividend income.

Administrative Expenses: Administrative expenses can be paid by either the Company or the Plan.

Benefit Payments: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. All of the Plan's assets at December 31, 2014 and 2013 are Level 1 assets.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan has no Level 2 assets at December 31, 2014 and 2013.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan has no Level 3 assets at December 31, 2014 and 2013.

An asset's or a liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's assets, consisting entirely of mutual funds, are valued at the net asset value ("NAV") of shares held by the plan at year end. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The valuation method described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INVESTMENTS AND CERTIFICATION BY CUSTODIAN

As permitted by an election under CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule.

Total investments held and certified by Reliance Trust Company in the Plan's Statements of Net Assets Available for Benefits are $6,200,296 and $5,561,237 as of December 31, 2014 and 2013, respectively. Net investment income certified by Reliance Trust Company in the Plan's Statement of Changes in Net Assets Available for Benefits was $300,581 for the year ended December 31, 2014.

Investments that represent 5% of more of the Plan's net assets as of December 31, 2014 and 2013 are as follows:

	2014	2013
Blackrock Global Allocation	$ 1,196,747	$ 1,202,861
JPMorgan Smartretire 2020	383,821	343,453
JPMorgan Smartretire 2030	828,410	696,303
JPMorgan Smartretire 2040	354,368	292,517
Nuveen Santa Barbara Dividend Growth	407,088	330,688
Ready Assets Prime Money	514,240	494,477

5. TAX STATUS

The Plan is governed by a standardized plan document that received its most recent favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the March 2008 opinion letter; however, the Plan's administrator and advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's administrator has identified no such uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, as of December 31, 2014, the Plan has not been advised that any of its tax filings will be audited. As of December 31, 2014 the Plan's tax returns generally remain open for the last three years.

6. PARTIES-IN-INTEREST

In addition to the Plan administrator and the Plan trustee, parties-in-interest include Merrill Lynch, the Plan's financial advisor, and ADP, the Plan's recordkeeper. Transactions with all parties-in-interest for the years ended December 31, 2014 and 2013 were exempt from the prohibited transaction rules under ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
