The Plan was established July 1, 1981 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan only provides general information. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

For non-Drayton employees, the Plan Sponsor matched 50% of a participant's elective deferrals for the first 5% of their compensation, and matched 20% of deferrals on the next 5% of compensation during 2014 and 2013. For Drayton employees, the Plan Sponsor matched 50% of a participant's contributions, disregarding any elective deferral contribution in excess of 6% of compensation.

In addition, the Plan Sponsor may make discretionary profit sharing contributions to all participants who are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. These contributions are allocated based on participant earnings, as defined in the Plan. There were no discretionary allocations in 2014 or 2013.

1. DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participants are immediately vested in their elective deferral contributions. The vesting percentage in the Plan Sponsor's contributions is shown in the following schedule:

Vesting Service (years)	Vesting Percentage
Less than 2	0%
2	33%
3	67%
4 or more	100%

FORFEITURES

Participants who leave the Plan Sponsor with less than four years of service forfeit the non-vested portion of the Plan Sponsor's contributions. Forfeitures are available to reduce expenses associated with the Plan's administration or offset future Plan Sponsor contributions. Approximately $10,000 and $18,000 of forfeitures were utilized to pay administrative expenses during the years ended December 31, 2014 and 2013, respectively. At December 31, 2014, the Plan has approximately $19,000 of unused forfeitures.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may obtain loans up to the lesser of $50,000 (reduced by the highest outstanding loan balance the previous year less any current outstanding loan balance), or 50% of the participants' non-forfeitable accrued benefit. In addition, participants may only have one loan outstanding, with a five year maximum term. Loans are subject to a minimum of $1,000, and bear interest at a rate based upon prevailing market rates.

PLAN TERMINATION

The Plan Sponsor intends to continue the Plan indefinitely, but reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accrued benefits.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accounting records are maintained on the accrual basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The plan invests in fully benefit-responsive investment contracts through a common collective trust (Federated Capital Preservation Fund).

VALUATION OF INVESTMENTS

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from management's estimates and assumptions.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the audit report date, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 *Fair Value Measurements* (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The financial instruments' fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- Registered investment companies – Fair value is based on quoted net asset values of the shares held by the Plan.
- Common collective trusts – The fair value of the common collective trust is based upon the fair value of underlying assets in the trust's audited financial statements, as determined by discounting expected future cash flows.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INVESTMENTS

Except for the adjustment from fair value to contract value, all investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2014 and 2013, and net investment gains from registered investment companies and common collective trusts and other income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Alerus Financial, N.A., the custodian of the Plan.

4. INVESTMENTS (CONTINUED)

The Federated Capital Preservation Fund (the "Trust") is a common collective trust which invests primarily in investment contracts offered by insurance companies and commercial banks. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, could limit the Plan's ability to transact at contract value with the Trust. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2014 or 2013 are as follows:

	2014	2013
Federated Capital Preservation Fund	**$ 2,437,001**	$ 2,853,960
Manning & Napier Pro-Blend Moderate Term I Fund	**1,715,881**	1,742,482

PRIMECAP Odyssey Aggressive Growth Fund	**1,040,991**	917,937
The Jensen Quality Growth Fund	**1,021,538**	****

**** - Investment is less than 5% at respective date

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan incurs various management fees and operating expenses for its investments in registered investment companies and common collective trust. These costs are not reflected separately, but are included in the net investment return of these investments.

Expenses paid from Plan assets consist primarily of investment advisory, loan initiation, withdrawal, and recordkeeping fees. In addition, during 2013, auditing fees were paid from the Plan's forfeiture balances. Any services not paid by the Plan were provided at the expense of the Plan Sponsor. Fees paid were based upon customary and reasonable rates for such services.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Subsequent to the issuance of this opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps to maintain the Plan's qualified status.

The Plan Sponsor has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to tax examinations for reporting years prior to 2011.

7. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:
