Note 1 Description of the Plan

The following description of Ted Baker Limited 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Ted Baker Limited 401(k) Plan (the "Plan") was established to provide certain benefits to the employees of Ted Baker Limited. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

The Plan is sponsored by Ted Baker Limited (the "Sponsor" or the "Company"). The Plan is administered by Ted Baker Limited (the "Plan Administrator"). The Plan is defined benefit 401(k), under which participants may elect to have the Employer contribute a portion of their compensation to the Plan.

As of January 1, 2014, Ted Baker New York, Inc. 401(k) Plan, a plan for the Plan sponsor's sister company in New York, was merged into the surviving Plan, Ted Baker Limited 401(k) Plan.

Transfers from Other Plans

During 2014, certain employees rolled over their retirement plan assets from an outside retirement plan in the amount of $254,020.

Participation

Employees who have completed six months of employment and are 21 years of age may participate.

Contributions

Each year, participants may contribute 1-100% up to the annual dollar limit permissible by law, as defined by the Plan. The annual dollar limit is imposed under the Internal Revenue Code. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company matches 100% of employee contributions up to 5% of each participant's compensation for the calendar year. The Company made total matching contributions in the amount of $193,337 for the year ended December 31, 2014.

Note 1 Description of the Plan, *continued*

Safe Harbor Non-Elective Contributions

Participants are also eligible for the Safe Harbor Non-Elective Contribution. The Safe Harbor Non-Elective Contribution is determined annually and is allocated to each participant based on total income, regardless of contributions. For the 2014 plan year, the Company made no Safe Harbor Non-Elective Contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the Company's profit sharing contribution and investment earnings. The participant is entitled to the benefit from the vested account balance.

Vesting

Participants are always 100% vested in all their plan accounts.

Participant Loans

Loans are permitted in accordance with the Plan Loan Policy. Alliance Benefit Group is authorized to process and approve all Loan Applications, though it is the responsibility of the Plan Sponsor to request any additional information needed to approve or deny the loan. Loans must be applied through the website application or by calling Alliance Benefit Group Retirement Plan Information Center.

No loans will be approved that violate a provision of the loan policy or formal Plan or in any amount that exceeds 50% of the participant's nonforfeitable account balance. The maximum total amount of loans outstanding to any one participant cannot exceed $50,000.

Loans are permitted for any reasonable purpose. Loans under $1,000 will not be granted. A participant can only have one loan currently outstanding from the Plan. Loan refinancing is not permitted. Loans may be made from all accounts.

All loans made are considered a direct investment from the accounts of the participant maintained under the Plan. The Plan will charge against an individual participant's account a non-refundable loan fee of $75 and an administrative fee of $25 per year.

Payment of Benefits

Upon retirement, disability, death, or termination of service, a participant is eligible to receive a lump-sum amount equal to the value of the vested interest in his or her account. Installment payment options are also available. Other withdrawals from participants' account balances may be made under certain circumstances, as defined in the Plan document.

Note 1 Description of the Plan, *continued*

Plan Termination

Although the Employer intends to maintain the Plan indefinitely, the Employer has the right under the Plan to discontinue its contributions and completely terminate the Plan at any time subject to the provisions of ERISA.

Administrative Expenses

Plan expenses, except settlor expenses, are paid by the Plan's Participants. Expenses may be charged pro rata to each participant in relation to the size of each Participant's account balance or may be charged equally. Fees may also be charged based on a Participant's use of a Plan feature or distribution from the Plan. Fees paid by the Plan participants for administrative fees amounted to $548 for the year ended December 31, 2014.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could materially differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents are held in demand accounts at banks. Accounts are guaranteed by the Federal Deposit Insurance Corporation ("FDIC") up to certain limits.

The cash balances maintained in bank deposit accounts may exceed federally insured limits during the year. At December 31, 2014, the Plan's cash did not exceed FDIC insured limits. The Plan has not experienced any losses in such accounts.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Note 2 Summary of Significant Accounting Policies, *continued*

Investment Valuation

The Plan assets are invested primarily in mutual funds held by a third party. Investments are held at Market Value.

Income Recognition

The Plan generates interest income, dividend income and capital gains from its investments in mutual funds. Interest income is recorded when earned. Investment income is recorded under "Additions" in the statement of changes in net assets available for benefit.

The net appreciation or depreciation in fair value of investments consists of both the realized gains or losses and the unrealized appreciation or depreciation of those investments. For the year ended December 31, 2014, the Plan recorded a net depreciation in fair value of investments in the amount of $17,339. The depreciation in fair value of investments is recorded under "Deductions" in the statement of changes in net assets available for benefit.

Participant Distributions

Benefits paid to participants are recorded when paid.

Note 3 Investment Concentration

All investment information disclosed in the accompanying financial statements and schedule including investments held at December 31, 2014, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator.

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31, 2014:

DFFVX	$ 316,145
DFUVX	$ 269,985
DFVIX	$ 227,378
DFUSX	$ 194,582
DFCEX	$ 153,971
DFSTX	$ 148,745
DISVX	$ 146,054

Note 4 Fair Value Measurements

Fair value of an investment is the amount that would be received from the sale of the investment in an orderly transaction between market participants at the measurement date. Market price observability is impacted by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1: Valuation based on quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2: Valuations based on pricing inputs that are other than quoted prices in active markets which are either directly or indirectly observable.

Level 3: Valuations are derived from other valuation methodologies, including pricing models, discounted cash flow models, and similar techniques.

The categorization of an investment within the hierarchy is based on the pricing transparency of the investment and does not necessarily correspond to the Plan's perceived risk of that investment.

As of December 31, 2014, the Plan's financial assets that were measured at fair value on a recurring basis were exclusively mutual funds, which were considered Level 1 investments.

Note 7 Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated January 31, 2006, confirming compliance with applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been subsequently amended since receiving the Letter of Determination, the Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable provisions of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require provision for income taxes in the accompanying financial statements.

Note 8 Excess Contributions

Excess contributions are amounts owed to participants who made excess contributions based on the compliance testing performed by the Plan's third-party record-keeper. There were no excess contributions made during 2014.

Note 9 Participant Notes Receivable

There were three participants during the current plan year that borrowed funds from their accounts. Future minimum receipts by the plan are as follows:

For the year ended December 31,		
2015	$	5,333
2016		3,571
2017		2,807
2018		2,929
2019		3,056
Thereafter		32,961
Total	$	50,657

Participant notes receivable incur interest at the rate of 4.25% annually.

Note 10 Party-In-Interest Transactions

Plan investments include shares of registered investment company funds managed by the trustee, and therefore qualify as exempt party-in-interest transactions.

Various participants who have made contributions and loans from the Plan also serve as Plan fiduciaries. Such activities are qualified as exempt party-in-interest transactions. During the year, contributions by such parties totaled $18,077. There were notes receivable outstanding from these parties in the amount of $47,675 as of December 31, 2014.

Note 11 Risks and Uncertainties

The Plan invests in various investments securities that are exposed to various risks, such as interest rate, market volatility and credit risk. It is reasonably possible that given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 12 Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab, custodians of the Plan's assets, have certified to the completeness and accuracy of:

- Participant-directed investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2014;
- Net appreciation or depreciation in participant-directed investments, interest income from notes receivable from participants and dividends reflected in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2014; and
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 13 Subsequent Events

The Plan evaluated subsequent events from January 1, 2015 through October 9, 2015, the date which the financial statements were available to be issued, and determined that there were no other material subsequent events that required recognition or additional disclosure in the accompanying financial statements and notes.
