Notes to Financial Statements

1. Plan Description

The following description of Hearthside Food Solutions 401(k) Plan (formerly Hearthside Food Solutions 401(k) Plan II) (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers all eligible non-union employees of the Company and is designed to provide benefits upon retirement, termination, death or disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 4, 2013, the Plan's assets were transferred from American United Life Insurance Company (AUL) to Fidelity Management Trust Company (Fidelity). Fidelity is the Plan Trustee and provides recordkeeping services. The Plan name was changed to Hearthside Food Solutions 401(k) Plan, and the Plan adopted the Fidelity Volume Submitter Plan Document.

Effective January 4, 2013, the Hearthside Food Solutions Salaried 401(k) Plan, and the Hearthside Food Solutions 401(k) Plan III were merged into the Plan. In addition, the account balances of all participants in the Hearthside Food Solutions Hourly 401(k) Plan who were not union employees were transferred into the Plan (see Note 8).

Eligibility

Employees become eligible to participate for purposes of salary deferrals and non-elective employer contributions on the first day of the month following 90 days of continuous service. Plan entry dates are the first day of each month.

Contributions and Vesting

Participants may elect to make contributions to the Plan through pretax payroll deductions of a percentage of each participant's compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may designate all or a portion of their elective deferrals as after-tax Roth contributions. Participants are auto enrolled at 3% of compensation, unless the participant affirmatively elects another percentage or to opt-out of participation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes a safe harbor non-elective employer contribution equal to 4% of employee's compensation for the plan year.

Participants' voluntary contributions and employer non-elective contributions, and related earnings, are immediately 100% vested.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer non-elective contributions, and Plan earnings. Allocations are based on participant earnings or account

balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates when issued. Interest rates on notes receivable outstanding at December 31, 2014 range from 3.25% to 5.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the notes were used to purchase a primary residence, in which case the note terms do not exceed 30 years.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, participants may elect to receive their benefits as a lump-sum amount equal to the value of their interest in their account, unless the participant elects to receive his or her benefits in the form of equal installments. Participants who have attained age 59½ are permitted to receive in-service withdrawals.

Administrative Expenses

Certain administrative expenses are paid by the Plan. Certain other costs and expenses incurred in connection with the operation of the Plan are paid by the Company.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through October 15, 2015, the date these financial statements were available to be issued.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable - Participant Loans

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as distributions based upon the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued updated guidance on investment valuation and presentation. This three-part update simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using net asset value (NAV) per share. These amendments are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. This update also provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan is currently evaluating the impact of this standard on its financial statements.

3. Investments

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Money market and mutual funds: Valued at quoted market prices in an exchange and active market, which represent the net asset value (NAV) of shares held by the Plan.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments by level within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2 or 3.

4. Information Certified by Fidelity and AUL

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We have been informed by the Plan Administrator that AUL held the Plan's investment assets and executed investment transactions from January 1, 2013 to January 4, 2013 and Fidelity held the Plan's investment assets and executed investment transactions from January 4, 2013 to December 31, 2014. Accordingly, Fidelity and AUL have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

<i>December 31,</i>	2014	2013
Money market fund	\$ 450,165	\$ 310,180
Mutual funds	48,336,393	42,086,036

Interest from notes receivable from participants	153,648	108,006

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions. Fees paid to Fidelity (and AUL in 2013) for administrative services were \$109,292 and \$72,266 in 2014 and 2013, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Income Tax Status

The Plan has adopted the Fidelity volume submitter profit sharing plan with CODA. Fidelity has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 which states that the form of the prototype plan, as amended, is a qualified plan under the Internal Revenue Code (IRC) Section 401(a) and, therefore, the prototype plan is exempt from federal taxation under IRC Section 501(a). The Plan Agreement has been amended since receiving the letter; however, the Plan Administrator believes the Plan is designed and operates in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. Plan Transfers

Effective January 4, 2013, the Hearthside Food Solutions Salaried 401(k) Plan, and the Hearthside Food Solutions 401(k) Plan III were merged into the Plan. In addition, the account balances of all participants in the Hearthside Food Solutions Hourly 401(k) Plan who were not union employees

Notes to Financial Statements

were transferred into the Plan. As a result of the Plan mergers, assets in the amount of approximately \$8,555,000 were transferred into the Plan on January 7, 2013.

As permitted by the Plan, participant accounts may be transferred from or to the Plan from the Hearthside Food Solutions Union 401(k) Plan (an affiliated plan sponsored by the Company) based on changes in job status. In 2014 and 2013, participant balances in the net amount of approximately \$10,840 and \$(22,000), respectively, were transferred into and out of the Plan from other plans sponsored by the Company.

9. Delinquent Participant Contributions

The Company determined that certain employee deferrals and loan repayments had not been remitted to the Plan in a timely manner according to Department of Labor regulations during 2012. The amount of delinquent contributions reported for 2012 was \$534,025. The Company calculated lost earnings for the 2014 late remittances and deposited these funds into the Plan in 2013.

The Company determined that certain employee deferrals and loan repayments had not been remitted to the Plan in a timely manner according to Department of Labor regulations during 2014. The amount of delinquent contributions reported for 2014 was \$6. The Company calculated lost earnings for the 2014 late remittances and deposited these funds into the Plan in 2015.
