ELGIN FASTENER GROUP, LLC
MASTER SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective June 1, 2011, as a defined contribution retirement savings plan covering all eligible employees of Elgin Fasteners Group, LLC and its affiliates (the Employer) who have been credited with 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 90% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 3% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. The Plan also provides for an automatic escalation provision in which a participant's auto-enrollment contribution rate will increase by 1% per year up to a maximum of 6% of eligible compensation until an affirmative election is made by the respective participant.

The Employer makes safe-harbor matching contributions under a Qualified Automatic Contribution Arrangement (QACA) equal to 100% of the first 2% plus 50% on the next 4% of compensation that each participant contributes to the Plan. The Employer may also elect to make discretionary non-elective contributions to the Plan. No Employer non-elective contributions were made to the Plan in 2014.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer safe-harbor matching contributions, as well as allocations of the Employer's non-elective contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 100% vested after two years of credited service.

At December 31, 2014 and 2013, forfeited nonvested accounts of terminated participants totaled $18,451 and $0, respectively. These amounts are used to reduce future non-elective contributions or restore participant accounts. In 2014, no forfeited nonvested accounts were used by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, installments or partial payments. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As discussed in Note 5, the Plan invests in a collective trust fund, which is a fully benefit-responsive investment. The Plan's statements of net assets available for benefits present the fair value of this investment, as well as the adjustment of this investment from fair value to contract value. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Expenses: Administrative expenses for maintaining the Plan are paid by the Employer or the Plan, at the Employer's discretion. Certain administrative fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan has adopted a prototype plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the prototype plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the prototype plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Reclassifications: Certain amounts in the 2013 financial statements have been reclassified to conform to the presentation of the 2014 financial statements.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 14, 2015, the date the financial statements were available to be issued. See Note 8.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the assets or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Fund Shares: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the fund include other collective trust funds quoted at the net asset value. The unit price is based on the fair value of the underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2014 and 2013:

NOTE 5 - COLLECTIVE TRUST FUND

The Plan has an investment in the Diversified Investment Advisors (DIA) Stable Pooled Fund, which is a benefit-responsive fund. As described in Note 2, because this investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits attributable to this investment. Contract value, as reported to the Plan by DIA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield rate based on actual earnings of the fund was approximately 1.40% for 2014 and 1.36% for 2013, and the average interest rate credited to participants was approximately 1.64% for 2014 and 1.52% for 2013.

NOTE 5 - COLLECTIVE TRUST FUND (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by an affiliate of Transamerica Retirement Solutions Corporation, the Plan's recordkeeper; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Plan's investment advisor and recordkeeper receive indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the recordkeeper totaled $49,950 in 2014.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 - SUBSEQEUNT EVENTS

The Plan Agreement was amended to recognize Vegas Fasteners Manufacturing and Telefast Industries, Inc. as participating employers for eligibility, vesting, and contribution allocations under the Plan, effective April 1, 2015.

Effective January 1, 2016, the Plan Agreement will be restated and amended to a volume submitter plan document to comply with the requirements of the Pension Protection Act of 2006 (PPA) and incorporates any prior discretionary amendments since its last restatement, as well as prior statutory amendments relating to the final Section 415 Regulations, the Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART), and the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA).

There were no significant changes to the Plan's provisions as a result of the regulatory updates.
