Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Employee Owned Holdings, Inc. Employee Stock Ownership Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Employee Owned Holdings, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

Employee Owned Holdings, Inc. (the "Company") established the Plan, effective January 1, 1986, and was restated on January 1, 2000, January 1, 2008 and January 1, 2014. The latest restatement incorporates all prior material modifications since 2008. The Plan is a defined contribution plan, and is intended to qualify as an employee stock ownership plan ("ESOP"), as defined in Section 4975(e)(7) of the Internal Revenue Code (the "Code"), and as a stock bonus plan under section 401(a) of the Code.

First Bankers Trust Company is the trustee of the Plan (the "Trustee"). The Plan Committee, which is appointed by the Board of Directors, is responsible for overseeing the administration of the Plan.

The Plan's Trustees have been designated to hold and invest Plan assets for the benefit of participants. The trust fund established by the Plan's Trustees is the funding medium for the accumulation of assets from which benefits will be distributed.

Eligibility

Employees of the Company are eligible to participate in the Plan after one year of service provided they worked at least 1,000 hours during such plan year and are older than 21 years of age. Participation is effective on the first day of the Plan year in which the participant becomes eligible. Participants who do not have at least 1,000 hours of service during such plan year are not eligible for an allocation of Company contributions for such year.

Employees may voluntarily elect not to participate in the Plan. The election not to participate must be communicated to the Employer, in writing, at least thirty (30) days before the beginning of a Plan year; unless such notice is waived by the Employer.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, become disabled, or dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash via the purchase of the participant's allocated stock based upon the appraised fair market value determined as of the end of the year a disbursement is made.

For allocations made after January 1, 2010, Participants will be required to wait five years post-termination before distributions will be made. For participants with allocations made before January 1, 2010, post-termination distributions will begin the year following termination. Any participant with an aggregate balance of $250,000 or less will follow the rules for allocations made before January 1, 2010. Once the distribution period begins, participants will be paid 20% of their vested balance the first year, 25% of the remaining balance in the second year, 33% of the remaining balance in the third year, 50% of the remaining balance in the fourth year and 100% of the remaining balance in the fifth year (minimum of $50,000 per year).

Participants who are terminated from the Company for reasons other than death, disability or retirement may be subject to an increased distribution period, depending on the balance in the participants account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During the year, the Plan repurchased 47,871 shares at a price determined by the Trustees based on an independent appraisal.

Voting Rights
The Company stock acquired by the Plan is owned by the ESOP Trust (the Trust). The Trustees are the legal representative of the Trust's assets. The Trustees vote the Company shares owned by the Trust.

Notwithstanding the foregoing, each participant is entitled to direct the voting of any shares of Company stock allocated to his or her account with respect to any vote for the approval or disproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all Company assets. The Trustees shall vote any unallocated shares held by the Trust as well as any allocated shares for which a participant fails to provide timely voting direction.

Plan Termination
The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the Trust will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Trustee shall pay all liabilities and expenses of the Trust fund.

Participant Accounts
The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting
If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year beginning with the second year of service and are 100% vested after six years of service.

Put Option
Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock.

The Company can pay for the purchase either by a single payment or with equal annual installments with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Diversification
Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their portfolio. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Participant Accounts and Forfeitures
Distributions resulting from diversification will be paid in the same manner as benefits paid. Any distribution paid prior to attaining age fifty-nine and one-half (59½), with no election for deposit to an Individual Retirement Account, will be subject to a ten percent penalty tax, in addition to ordinary income taxation.

Employer contributions and forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. For the year ended December 31, 2014, forfeitures of plan assets totaled $72,115. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles of the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The common shares of the Company are valued at fair value on December 31, 2014 and 2013. Fair value is determined by annual independent appraisals. The Plan recognizes unrealized appreciation of the sponsor stock in the statement of changes in net assets available for plan benefits.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

Subsequent Events
The Company evaluated all transactions from December 31, 2014, through October 13, 2015 for subsequent event disclosure consideration.

NOTE 3 - FINANCIAL INSTRUMENTS

The Company has stated financial instruments at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following hierarchy has been used as a basis to categorize the inputs to measure the fair value:

Level 1 Inputs
Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Inputs
Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 Inputs
Level 3 inputs are unobservable inputs for the asset or liability.

The following table presents the Company's hierarchy for its financial assets on a recurring basis as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 1,030,883	$ -	$ -	$ 1,030,883
Employer securities	-	-	95,942,400	95,942,400
Contribution receivable	-	3,600,000	-	3,600,000
Total financial assets	**$ 1,030,883**	**$ 3,600,000**	**$ 95,942,400**	**$ 100,573,283**

The following table presents the Company's hierarchy for its financial assets on a recurring basis as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 522,470	$ -	$ -	$ 522,470
Employer securities	-	-	77,939,520	77,939,520
Contribution receivable	-	3,611,224	-	3,611,224
Dividends receivable	-	1,000,000	-	1,000,000
Total financial assets	**$ 522,470**	**$ 4,611,224**	**$ 77,939,520**	**$ 83,073,214**

In determining the fair value of Level 2 recurring financial instruments, the Plan uses the book value, which closely approximates fair value.

There were no non-recurring financial instruments as of December 31, 2014 and 2013.

Sponsor Company common stock held by the plan is valued at Fair Market Value based upon an independent appraisal. The appraisal was based upon a combination of the asset, market and income valuation approaches consistent with prior years. The appraiser also deducts a discount for lack of marketability, a valuation assumption with which the Plan Committee agrees.

The Sponsor Company accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report for the Trustee, who then reviews in detail, discusses, provides comments, if necessary, or approves.

The independent appraiser takes a weighted average of values of the assets from the market approach, discounted cash flow approach, the asset (cost) approach, and the public company market approach when

NOTE 3 - FINANCIAL INSTRUMENTS (CONTINUED)

performing the annual valuation of the sponsor company stock.

The value for financial statement reporting is "Fair Value" which differs from Fair Market Value. The Plan Committee has concluded that Company value, determined at Fair Market Value, would be approximately equal to "Fair Value."

Employer securities are a level 3 financial instrument as of December 31, 2014 and 2013.

The preceding methods described produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Unrealized appreciation in Sponsor company stock is reported on the statement of changes of net assets available for plan benefits in investment income. The following table is a reconciliation of the opening balance, unrealized appreciation in value, and ending balance for the year ended December 31, 2014:

Beginning balance December 31, 2013	$	77,939,520
Unrealized appreciation of assets		18,002,880
Ending balance December 31, 2014	$	95,942,400

NOTE 4 – RECEIVABLES

Receivables consist of contributions receivable and dividends receivable, which are accounted for at fair value. Interest income on receivables is treated as investment income. The Plan determines the credit quality of its receivables through internal methodology.

The following is the payment status of financial receivables by class as of December 31, 2014:

	Current	30-60 days past due	60-89 days past due	More than 90 days past due
Contribution receivable	$ 3,600,000	$ -	$ -	$ -
Total	**$ 3,600,000**	**$ -**	**$ -**	**$ -**

The following is the payment status of financial receivables by class as of December 31, 2013:

	Current	30-60 days past due	60-89 days past due	More than 90 days past due
Contribution receivable	$ 3,611,224	$ -	$ -	$ -
Dividends receivable	1,000,000	-	-	-
Total	**$ 4,611,224**	**$ -**	**$ -**	**$ -**

NOTE 5 – TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 6, 2001, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has been amended since receiving the 2001 determination letter and a new letter was requested on January 1, 2014. The IRS has issued a favorable determination on the Plan, received on May 27, 2015.

NOTE 6 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Sponsor Company common shares, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trust through contributions as determined by the Company. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE 7 – INVESTMENTS

The Plan's investments in the Sponsor Company common shares at December 31, 2014 and 2013 are as follows:

		2014 Allocated		2013 Allocated
Number of shares		912,000		912,000
Market value	$	95,942,400	$	77,939,520

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no reconciling items between the financial statements at December 31, 2014 and Form 5500 to be filed with these financial statements.

NOTE 9 – EMPLOYER CONTRIBUTIONS

The Company's policy is to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payment distributions. As of December 31, 2014 and 2013, the Plan accrued a contribution receivable of $3,600,000 and $3,611,224 respectively. In addition, the Plan accrued dividends of $0 and $1,000,000 as of December 31, 2014 and 2013, respectively, in order to fund the Company's share repurchase liability obligation.

NOTE 10 – RISK AND UNCERTAINTIES

The Plan's investments are comprised of only the Company's stock and, accordingly, are subject to a lack of investment diversity.
