HOUSE OF SPICES (INDIA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF PLAN

The following description of House of Spices (India) ("Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Company established the Plan to provide employees with a systematic means of savings and investing for the future. The Plan is a defined contribution plan, under Section 401(k) of the Internal Revenue Code ("IRC"), covering all eligible employees of the Company, who are age twenty-one (21) or older. Deferrals begin on the first day of the month subsequent to enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts ("PSA"), a stable value account and collective trust accounts as investment options for participants. The Company may make a discretionary matching contribution. Discretionary contributions are allocated using annual pay for the plan year. The percentage of the Company elective deferral contribution matched, if any, is a percentage determined by the Company and applies to all eligible persons for the entire year. Contributions are subject to certain statutory limitations.

(c) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and participant's withdrawals and allocations of (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of the participant's account reflects the number of shares and the daily share price of the funds in which the participant is invested.

1. DESCRIPTION OF PLAN (CONTINUED)

(d) Vesting

Participants are vested immediately in their contributions and actual earnings thereon. The Company deferral and elective matching contributions are vested ratably over five years.

(e) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may receive hardship distributions, as defined, from their deferral contributions accounts. If the vested balance is $5,000 or less, the Plan Administrator may distribute a participant's benefit without their consent within a reasonable period of time after severance from employment.

(f) Forfeiture Application

Forfeiture of any non-vested discretionary or elective matching employer contribution is allocated to each participant who is active and has 1,000 hours of service on the last day of the plan year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

(d) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. At December 31, 2013 contributions in excess of amounts allowed by the IRS was $21,813. The Plan distributed the 2013 excess contributions to the applicable participants prior to March 31, 2014.

(e) Payment of Benefits

Benefits are recorded when paid. There were no benefit payments requested but not distributed as of December 31, 2013.

(f) Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable, if any, from participants are charged directly to participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(g) Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(h) New Accounting Standards

In July 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2013-09, Fair Value Measurement – Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans an Update to No. 2011-04. The amendments in this update defer indefinitely the effective date of certain required disclosures in Update 2011-04 of quantitative information about the significant unobservable inputs used in Level 3 fair value measurements for investments held by a nonpublic employee benefit plan.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Principal Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2013, the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the period ended December 31, 2013 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013:

Pooled separate accounts	$ 53,930
Collective investment trusts	$ 53,955
Net appreciation (depreciation) on collective investment trusts	$ 753
Net appreciation (depreciation) in fair value of pooled separate accounts	$ 1,583

4. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, 2013
Principal Trust Target 2020 Fund	$ 24,855
Principal Trust Target 2045 Fund	18,254
Equity Income Separate Account	13,377
Principal Large-Cap S&P 500 Index Separate Account	11,725
Principal Large-Cap Growth I Separate Account	9,461

4. INVESTMENTS (CONTINUED)

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,336, as follows:

	2013
Pooled Separate Accounts	$ 1,583
Collective Investment Trusts	753
	$ 2,336

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques, used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable value inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Board ("ASC") ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. There were no Level 1 assets.

Level 2: Inputs to the valuation methodology include

- Quoted prices for identical or similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Pooled separate accounts and collective trust funds are level 2 assets that are reflected at the net asset value ("NAV") price.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below. There have been no changes in the methodologies used at December 31, 2013.

Pooled Separate Accounts ("PSA's"): PSA's consist of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value ("NAV") of a PSA is based on the market value of its underlying investments but the PSA NAV is not a publicly quoted price in an active market. The NAV of each of the PSA is calculated in a manner consistent with GAAP for investment companies and is determinative of its fair value and represents the price at which the Plan would be able to initiate a transaction. As of December 31, 2013 all PSAs are reflected in Level 2. PSAs that invest in publicly quoted mutual funds and exchange-traded equity securities determine the fair value of those underlying funds and securities based on quoted prices of identical assets. The fair value of the underlying fixed income securities are based on third-party pricing vendors that utilize observable market information.

Collective Investment Trusts ("CIT"s"): CIT's are valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Crediting rates are determined by the performance of investments contained in Principal's general account. The interest rate for the period ended December 31, 2014 was 0.40 percent, respectively, for the Stable Value Fund.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 53,955	$ -	$ 53,955
Collective investment trusts	-	53,930	-	53,930
Total assets at fair value	$ -	$ 107,885	$ -	$ 107,885

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

Fair Value of Investments that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013, respectively:

December 31, 2013	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Period Notice
Collective Investment Trusts	$ 53,930	N/A	Daily	Daily
Pooled Separate Accounts	$ 53,955	N/A	Daily	Daily

6. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts, collective investment trust accounts and a stable value fund managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company on March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended on September 21, 2014, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 to Form 5500:

Net assets available for benefits per the Financial statements	$ 86,072
Excess contributions payable	21,813
Net assets available for benefits per the Form 5500	$ 107,885

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of participants' contributions per the financial statements at December 31, 2013 to Form 5500:

Participants' contributions per the financial statements	$ 78,178
Add: Excess contributions at December 31, 2013	21,813
Participants contributions per the Form 5500	$ 99,991

Amounts in excess of allowable contribution limits are recorded on the Form 5500 as participant contributions at year end that should be remitted back to the participants, but not yet paid as of that date.
