Tribune Media Company Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2014

1. Plan Description

The following brief description of the Tribune Media Company Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes. Plan participants should refer to the Plan document, including amendments thereto, for more complete information.

General

The Plan is a defined contribution plan of Tribune Media Company (the "Company") that covers certain union employees whose unions have negotiated participation as part of their collective bargaining agreement with the Company. The Plan was established on June 13, 2014 to create a new and separate plan for the Company in anticipation of the Company's separation of its' principal publishing operations ("the Publishing Spin-Off") into an independent company, Tribune Publishing Company. The Publishing Spin-Off was consummated on August 4, 2014.

Employees of the Company's participating subsidiaries that are covered by certain collective bargaining agreements, and have a contribution schedule under the plan are generally eligible to participate if they are at least 21 years of age and have satisfied the service period requirements. The service period requirement is either none or one year of service depending on which subsidiary of the Company employs the employee.

On June 13, 2014, all union employees who were participants in the Local TV, LLC Employee Savings Trust were enrolled automatically in the Plan and their participant account balances were transferred to the Plan on July 1, 2014. See Note 4 for further information.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by the Tribune Media Company Employee Benefits Committee (the "Committee"), which consists of Company employees who are appointed by the Board of Directors of the Company or by the Chairman of such Committee. Vanguard Fiduciary Trust Company is the Plan's trustee (the "Trustee"). The Trustee is responsible for the custody of the Plan's assets and the investment management of some of the Plan's assets.

Contributions

Participants may elect to make before-tax contributions of either up to 25% or up to 85% of their compensation (as defined in the Plan), depending on which subsidiary of the Company employs the participant, subject to Plan and Internal Revenue Service ("IRS") limits. Certain plan participants are also eligible to make after-tax Roth contributions, subject to Plan and IRS limits. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers 23 registered mutual fund investment alternatives.

Participants can also make contributions to the Plan in the form of rollover of funds from another qualified plan, other than from certain Tribune and Tribune-related plans.

The Plan includes a matching contribution by the Company for participants who are Local TV, LLC union employees of up to 4% of an employee's eligible pay. The first 2% of employee contributions are matched dollar-for-dollar, and the next 4% are matched \$0.50 for each dollar contributed by the employee.

For all other participants, the Company makes a contribution, if any, based on each applicable union's collective bargaining agreement.

Tribune Media Company Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2014

Participants may elect to have all or a percentage (in 1% increments) of their contributions and their share of the Company's contributions (if any) invested in or transferred among one or more of the investment funds. Company and employee contributions are automatically allocated to the series of Vanguard Target Retirement Funds (selected based on the participant's expected retirement age), unless the eligible participant elected to have them allocated otherwise. Participants may change how contributions are invested at any time, and these changes are effective the next pay period. Participants may make interfund transfers on a daily basis.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Company contributions and (b) Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant elections or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are, at all times, 100% vested in their own contributions. The Plan has a variety of vesting schedules which range from 2 to 5 years for Company contributions that apply to participants depending on which subsidiary of the Company employs the participant. Full vesting is provided in certain instances regardless of a participant's period of service.

Forfeited Accounts

Forfeitures of terminated unvested account balances are used to reduce future employer contributions or pay administrative expenses at the Company's discretion. Unallocated forfeiture balances as of December 31, 2014 were \$6,691 and no forfeitures were used to reduce employer matching contributions for the period June 13, 2014 to December 31, 2014.

Payment of Benefits

Participants who have attained age 59½ or who are totally and permanently disabled may, in most instances, elect to withdraw their vested account balances through notice to the Company at any time.

Participants may make withdrawals of any part or all of the balance in their before-tax contribution accounts (excluding certain earnings), prior to termination, in order for the participant to meet an immediate and significant financial need for which a withdrawal would be permitted by IRS regulations (the "hardship withdrawals"). Participants who make hardship withdrawals will cease to be eligible to make before-tax contributions in the Plan and all other plans maintained by the Company for six months.

Distributions of account balances are generally made to participants in a lump-sum cash payment.

Notes Receivable from Participants

If and to the extent permitted by a union's collective bargaining agreement, the Plan permits participants to borrow from their accounts. The minimum amount that can be borrowed is \$500. The maximum amount is equal to the lesser of (a) \$50,000, less the highest outstanding loan balance during the most recent 12 month period, if any, or (b) 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's outstanding loan balance. Loan terms range from 1 to 5 years, however, terms of principal residence loans range from 5 to 30 years. Participants may have up to two loans outstanding at one time. The loans are secured by the balance in the participant's account. The interest rate for a loan is the prime rate on the last business day of the month prior to loan inception and is fixed for

the life of the loan. Principal and interest are paid ratably through payroll deductions. Interest rates on notes receivable from participants at December 31, 2014 ranged from 3.25% to 4.25%.

Plan Amendment or Termination

The Company has the right under the Plan, subject to any applicable collective bargaining agreement, to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, affected participants would become 100% vested in their employer contributions and distributions would be made in accordance with the provisions of ERISA.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments in the Tribune Media Company Master Retirement Savings Trust ("Master Trust") are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

The fair value of the Plan's interest in the Master Trust is based on the specific interest that each plan has in the underlying investments of the Master Trust.

Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold and unrealized gains and losses on investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Distributions are recorded when paid. There were no benefit claims that have been processed and approved for payment prior to December 31, 2014, but not yet distributed as of that date.

Administrative Expenses

Substantially all of the administrative and recordkeeping expenses incurred in connection with the Plan are paid by the Plan and allocated per capita to each participant. The amount is reflected on each participant's quarterly statement.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)" ("ASU 2015-12"). The amendments in Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit-responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. The amendments in Part II of this ASU will require plans to disaggregate their investments measured using fair value only by general type, either on the face of the financial statements or in the notes. Part II of this ASU also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirement to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 provides a practical expedient to permit a plan to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in this ASU are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. Management is currently assessing the impact the adoption of ASU 2015-12 will have on its financial statements.

In May 2015, the FASB issued ASU No. 2015-07, "Fair Value Measurement (Topic 820)". The amendments in ASU 2015-07 provide guidance for investments for which their fair value is measured at net asset value (or its equivalent) and removes the requirement to categorize these investments within the fair value hierarchy. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Application of these amendments require retrospective application for all periods presented. The Plan is currently evaluating the impact of adopting ASU 2015-07 on its financial statements.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	<u>2014</u>
Tribune Media Company Master Retirement Savings Trust (see Note 5)	\$ 12,445,302

4. Net Transfer of Assets

On June 13, 2014, all union employees who were participants in the Tribune/Local TV 401(k) Savings Plan (formerly known as Local TV, LLC Employee Savings Trust) were enrolled automatically in the Plan and their participant account balances totaling \$10,167,564 were transferred to the Plan on July 1, 2014.

5. Interest in Tribune Media Company Master Retirement Savings Trust

The Plan's assets are invested in the Master Trust, which was established for the investment of assets of the Plan and another Tribune Media Company sponsored retirement plan. Each participating retirement plan owns units of the Master Trust. The assets of the Master Trust are held by the Trustee. At December 31, 2014, the Plan's interest in the net assets of the Master Trust was approximately 13%. Investment income (loss) and administrative expenses related to the Master Trust are allocated to the individual plans based upon balances invested by each plan.

6. Fair Value Measurements

ASC Topic 820 "Fair Value Measurements and Disclosures" ("ASC 820") establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Registered Investment Companies

Registered investment companies consist of investments in mutual funds. Mutual funds are valued based on exchange listed prices, for exchange traded registered investment companies, or the Net Asset Value ("NAV") for open-ended and continuously offered closed-end registered investment companies.

Notes to Financial Statements

December 31, 2014

The table below reports by level, within the fair value hierarchy, the Master Trust investment assets at fair value as of December 31, 2014. As required by ASC 820, the assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2014

Small/mid cap	3,069,392	-	-	3,069,392

Total Master Trust Investment Assets at Fair Value	\$ 96,410,038	\$ -	\$ -	\$ 96,410,038

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

7. Income Tax Status

The Plan is a Prototype Volume Submitter 401(k) Profit Sharing Plan sponsored by Vanguard and adopted by the Company. The prototype plan has received a favorable opinion letter from the IRS indicating the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter from the IRS. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related Party Transactions

Master Trust transactions and notes receivable from participants qualify as party-in-interest transactions (see Note 5 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year)).

9. Risks and Uncertainties

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks and values will occur in the near term and that the effect of such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Information Certified by the Trustee
