NOTE 1 – DESCRIPTION OF PLAN

The following description of the A. Daigger & Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established on July 1, 1993, is a defined contribution plan covering eligible non-union employees of A. Daigger & Company, Inc. (the "Company") and certain other affiliates of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (""ERISA"), as amended.

Eligibility: Eligible employees may enroll in the Plan on the first day of the month following 90 days of employment.

Contributions: Each year, participants may contribute up to 60% of pretax annual compensation, and up to 100% of bonus payroll, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company matches 100% of the participant contributions for contributions up to the first 3% of the participant's compensation, and 50% of the next 2% of participant's compensation contributed to the Plan, up to a maximum annual contribution of $1,500 per participant. The Company may, at the discretion of its Board of Directors, make additional discretionary contributions to be allocated to the accounts of the eligible participants. In order to be eligible for the matching and/or discretionary contributions, the participant must have earned at least 1,000 hours of service during the plan year, and be employed on the last day of the plan year. No discretionary contributions were made for the year ended December 31, 2014. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their participant contributions, rollovers, and Company matching contributions plus earnings thereon. Participants who leave the Plan because of death or disability retirement, as defined by the Plan, are considered 100% vested in the Company discretionary contributions. Vesting in the Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefits are payable upon retirement, termination, disability, hardship or death. A participant is entitled to receive the vested portion of their account in the form of a lump sum distribution, installment distributions or elect a rollover into a qualified retirement plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime rate as reported by Thompson Reuters. Principal and interest are paid through payroll deductions.

Forfeitures: As of December 31, 2014 and 2013, forfeited nonvested accounts totaled $20,252 and $19,643, respectively. These accounts may be used to reduce Plan expenses. In the event that they are not used to reduce Plan expenses, these accounts shall be allocated among the accounts of eligible participants at year end. For the plan year ended December 31, 2014, no forfeitures were used to pay plan expenses.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of New Accounting Standards: In July 2015 the Financial Accounting Standards Board ("FASB") amended various disclosure requirements applicable to investments held by defined contribution pension plans. This new standard eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of this new standard resulted in changes in investment disclosure requirements. The Plan elected to early adopt this standard, which requires retrospective application to all periods presented. The adoption of this standard had no effect on the Plan's net assets available for benefits or changes therein.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company. This information has not been audited by independent accountants.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2014, Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 21,989,444	$ -	$ -
Total investments at fair value	$ 21,989,444	$ -	$ -

	Fair Value Measurements at December 31, 2013, Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 20,977,312	$ -	$ -
Total investments at fair value	$ 20,977,312	$ -	$ -

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds shares of mutual funds, which are issued or managed by an affiliate of Fidelity Management Trust Company, therefore these transactions qualify as party-in-interest transactions. The Plan's payment of record keeping fees and investment management fees also qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 – TAX STATUS

The Plan has adopted the provisions of a Fidelity Volume Submitter Basic Plan Document; therefore, the Plan is not required to file for an individual determination letter from the Internal Revenue Service ("IRS"). The volume submitter plan received a favorable opinion letter from the IRS dated March 31, 2014. Although the Plan has been amended from the original prototype plan, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 – SUBSEQUENT EVENTS

Effective October 1, 2015 the Plan changed its name from the A. Daigger & Company, Inc. 401(k) Plan to the hand2mind, Inc. 401(k) Plan. During October 2015, the participant account balances of 55 individuals totaling $2,326,095 (unaudited) were transferred out of the Plan and into the Daigger Scientific 401(k) Plan.

Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2015, which is the date the financial statements were available to be issued.
