The Plan Administrator
WABCO 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WABCO 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2014, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WABCO 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2014

1. Description of Plan

The following description of the WABCO 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of WABCO Holdings Inc. and affiliated companies (collectively referred to as the Company) as defined by the Plan. Employees are automatically enrolled in the Plan upon their date of hire and have their deferral rate set at 6% of eligible compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was created at the time WABCO Holdings Inc. was legally spun-off from Trane Inc. (formerly named American Standard Companies Inc. (American Standard)), on July 31, 2007.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants age 50 and older may make catch-up contributions, subject to certain Internal Revenue Code (the Code) limitations. Such contributions may not exceed \$17,500 for calendar years 2014 and 2013 (plus an additional \$5,500 for participants over 50 for calendar years 2014 and 2013) as adjusted under the provisions of Section 415(d) of the Code.

Each pay period, the Company matches participant deferral contributions dollar-for-dollar, up to a maximum of 6% of eligible pay. In addition, each pay period, the Company contributes a basic contribution representing 3% of each participant's eligible pay to his/her account regardless of his/her contribution level. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional contributions were made during 2014 or 2013.

All investments are participant-directed and participants may change their investment options at any time. Upon enrollment, a participant may direct employee contributions in percentage increments to any of the Plan's fund options. If a participant is automatically enrolled, their contributions are invested in a Fidelity Freedom Fund, based on the participant's age, until the participant changes the election.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in both their own contributions and the Company's basic and matching contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Participants may only have two loans outstanding at any given time and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period, unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. All loans shall bear a rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2014, outstanding participant loans carried interest rates ranging from 4.25% to 9.25%.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the vested value of his or her account or installments over a period of time. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

ERISA. The plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation)/appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principle generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for further discussion and disclosure related to fair value measurements. The shares of mutual and money market funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans, which are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

New Accounting Pronouncements

Accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material effect on the Plan's financial statements.

3. Information Certified by Trustee

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information with appears throughout the financial statements and supplemental schedule related to the following assets and related income:

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

	2014	2013
Investments at fair value:		
Mutual and money market funds	\$ 27,835,232	\$ 26,840,414
Notes receivable from participants	505,719	429,825
	\$ 28,340,951	\$ 27,270,239

The trustee also certified to the completeness and accuracy of \$18,037 net depreciation in the fair value of investments and \$1,585,787 of interest and dividends for the year ended December 31, 2014, and \$3,494,912 net appreciation in the fair value of investments and \$1,152,384 of interest and dividends for the year ended December 31, 2013.

4. Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2014	2013
Neuberger Berman Genesis Institutional	\$ 2,259,995	\$ 2,491,614
Fidelity Contrafund Class K	3,716,324	3,480,340

Fidelity Freedom 2035 Fund	3,176,579	2,960,602
Spartan 500 Index Fund	2,205,316	1,648,315

* Investment did not represent more than 5% of the net assets available for benefits.

During 2014, the Plan's investments (including investments bought, sold, or held during the year) depreciated in fair value as determined by quoted market prices by \$18,037 for the year ended December 31, 2014, compared to an appreciation of \$3,494,912 for the year ended December 31, 2013. All of the losses and gains for both years were related to mutual and money market funds.

5. Fair Value Measurements

ASC 820, as amended, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation technique used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety. The valuation technique used needs to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

transact at that price. The mutual funds held by the Plan are deemed to be actively traded and were therefore classified within Level 1 of the fair value hierarchy.

Money market fund: Valued at NAV. The money market fund is invested in the Fidelity Retirement Money Market Trust. The Plan invests in the money market fund to provide daily liquidity. The fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded and was therefore classified within Level 1 of the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Code and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2009-6 and 2005-16, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Under ERISA Section 412, in order to protect the Plan against fraud or dishonesty, the Plan is required to maintain a fidelity bond of a minimum of 10 percent of net assets available for benefits as of the beginning of the plan year, with a ceiling of \$500,000. During 2013 and 2014, the Plan did not meet this requirement. The impact of this violation is uncertain at this time. Management has made necessary corrections subsequent to year end to ensure compliance with the DOL and the IRS.

8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and,

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations, except for certain participant transaction fees, which are included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2015, the date the financial statements were available to be issued.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per the financial statements	\$ 28,637,602	\$ 27,270,239

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

11. Plan Errors and Prohibited Transactions

During 2014, certain employee elected deferrals were erroneously calculated and withheld. Additionally, certain employer contributions were incorrectly calculated. Management is currently evaluating the effect of these plan errors but does not believe the net effect is material to the overall financial statements. The Plan Sponsor intends to make the above mentioned corrections as soon as administratively possible and file Form 5330.

During 2014, the plan sponsor inadvertently failed to make deposits of \$757,762 of participant deferrals and loan payments within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the employer remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. Management believes that assets can reasonably be segregated within 5 business days; therefore, any amount remitted after 5 days is considered late. The plan sponsor made deposits ranging from 6 days to 44 days after the date in which the contribution was withheld, and an additional deposit has not yet been made as of the report date. The Plan Sponsor intends to file a Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan. In addition, participant accounts will be credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis.

WABCO 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WABCO 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2014, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WABCO 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2014

1. Description of Plan

The following description of the WABCO 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of WABCO Holdings Inc. and affiliated companies (collectively referred to as the Company) as defined by the Plan. Employees are automatically enrolled in the Plan upon their date of hire and have their deferral rate set at 6% of eligible compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was created at the time WABCO Holdings Inc. was legally spun-off from Trane Inc. (formerly named American Standard Companies Inc. (American Standard)), on July 31, 2007.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants age 50 and older may make catch-up contributions, subject to certain Internal Revenue Code (the Code) limitations. Such contributions may not exceed \$17,500 for calendar years 2014 and 2013 (plus an additional \$5,500 for participants over 50 for calendar years 2014 and 2013) as adjusted under the provisions of Section 415(d) of the Code.

Each pay period, the Company matches participant deferral contributions dollar-for-dollar, up to a maximum of 6% of eligible pay. In addition, each pay period, the Company contributes a basic contribution representing 3% of each participant's eligible pay to his/her account regardless of his/her contribution level. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional contributions were made during 2014 or 2013.

All investments are participant-directed and participants may change their investment options at any time. Upon enrollment, a participant may direct employee contributions in percentage increments to any of the Plan's fund options. If a participant is automatically enrolled, their contributions are invested in a Fidelity Freedom Fund, based on the participant's age, until the participant changes the election.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in both their own contributions and the Company's basic and matching contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Participants may only have two loans outstanding at any given time and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period, unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. All loans shall bear a rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2014, outstanding participant loans carried interest rates ranging from 4.25% to 9.25%.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the vested value of his or her account or installments over a period of time. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

ERISA. The plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation)/appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principle generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for further discussion and disclosure related to fair value measurements. The shares of mutual and money market funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans, which are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

New Accounting Pronouncements

Accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material effect on the Plan's financial statements.

3. Information Certified by Trustee

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and related income:

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

	2014	2013
Investments at fair value:

Notes receivable from participants	505,719	429,825
	<u>\$ 28,340,951</u>	<u>\$ 27,270,239</u>

The trustee also certified to the completeness and accuracy of \$18,037 net depreciation in the fair value of investments and \$1,585,787 of interest and dividends for the year ended December 31, 2014, and \$3,494,912 net appreciation in the fair value of investments and \$1,152,384 of interest and dividends for the year ended December 31, 2013.

4. Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2014	2013
Neuberger Berman Genesis Institutional	\$ 2,259,995	\$ 2,491,614
Fidelity Contrafund Class K	3,716,324	3,480,340

Spartan 500 Index Fund	2,205,316	1,648,315

* Investment did not represent more than 5% of the net assets available for benefits.

During 2014, the Plan's investments (including investments bought, sold, or held during the year) depreciated in fair value as determined by quoted market prices by \$18,037 for the year ended December 31, 2014, compared to an appreciation of \$3,494,912 for the year ended December 31, 2013. All of the losses and gains for both years were related to mutual and money market funds.

5. Fair Value Measurements

ASC 820, as amended, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation technique used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety. The valuation technique used needs to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

transact at that price. The mutual funds held by the Plan are deemed to be actively traded and were therefore classified within Level 1 of the fair value hierarchy.

Money market fund: Valued at NAV. The money market fund is invested in the Fidelity Retirement Money Market Trust. The Plan invests in the money market fund to provide daily liquidity. The fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded and was therefore classified within Level 1 of the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Code and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2009-6 and 2005-16, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Under ERISA Section 412, in order to protect the Plan against fraud or dishonesty, the Plan is required to maintain a fidelity bond of a minimum of 10 percent of net assets available for benefits as of the beginning of the plan year, with a ceiling of \$500,000. During 2013 and 2014, the Plan did not meet this requirement. The impact of this violation is uncertain at this time. Management has made necessary corrections subsequent to year end to ensure compliance with the DOL and the IRS.

8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and,

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations, except for certain participant transaction fees, which are included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2015, the date the financial statements were available to be issued.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per the financial statements	\$ 28,637,602	\$ 27,270,239

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

11. Plan Errors and Prohibited Transactions

During 2014, certain employee elected deferrals were erroneously calculated and withheld. Additionally, certain employer contributions were incorrectly calculated. Management is currently evaluating the effect of these plan errors but does not believe the net effect is material to the overall financial statements. The Plan Sponsor intends to make the above mentioned corrections as soon as administratively possible and file Form 5330.

During 2014, the plan sponsor inadvertently failed to make deposits of \$757,762 of participant deferrals and loan payments within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the employer remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. Management believes that assets can reasonably be segregated within 5 business days; therefore, any amount remitted after 5 days is considered late. The plan sponsor made deposits ranging from 6 days to 44 days after the date in which the contribution was withheld, and an additional deposit has not yet been made as of the report date. The Plan Sponsor intends to file a Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan. In addition, participant accounts will be credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis.

WABCO 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WABCO 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2014, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WABCO 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2014

1. Description of Plan

The following description of the WABCO 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of WABCO Holdings Inc. and affiliated companies (collectively referred to as the Company) as defined by the Plan. Employees are automatically enrolled in the Plan upon their date of hire and have their deferral rate set at 6% of eligible compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was created at the time WABCO Holdings Inc. was legally spun-off from Trane Inc. (formerly named American Standard Companies Inc. (American Standard)), on July 31, 2007.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants age 50 and older may make catch-up contributions, subject to certain Internal Revenue Code (the Code) limitations. Such contributions may not exceed \$17,500 for calendar years 2014 and 2013 (plus an additional \$5,500 for participants over 50 for calendar years 2014 and 2013) as adjusted under the provisions of Section 415(d) of the Code.

Each pay period, the Company matches participant deferral contributions dollar-for-dollar, up to a maximum of 6% of eligible pay. In addition, each pay period, the Company contributes a basic contribution representing 3% of each participant's eligible pay to his/her account regardless of his/her contribution level. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional contributions were made during 2014 or 2013.

All investments are participant-directed and participants may change their investment options at any time. Upon enrollment, a participant may direct employee contributions in percentage increments to any of the Plan's fund options. If a participant is automatically enrolled, their contributions are invested in a Fidelity Freedom Fund, based on the participant's age, until the participant changes the election.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately 100% vested in both their own contributions and the Company's basic and matching contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Participants may only have two loans outstanding at any given time and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period, unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. All loans shall bear a rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2014, outstanding participant loans carried interest rates ranging from 4.25% to 9.25%.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the vested value of his or her account or installments over a period of time. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

ERISA. The plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation)/appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principle generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for further discussion and disclosure related to fair value measurements. The shares of mutual and money market funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans, which are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

New Accounting Pronouncements

Accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material effect on the Plan's financial statements.

3. Information Certified by Trustee

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information with appears throughout the financial statements and supplemental schedule related to the following assets and related income:

During 2014, the Plan's investments (including investments bought, sold, or held during the year) depreciated in fair value as determined by quoted market prices by \$18,037 for the year ended December 31, 2014, compared to an appreciation of \$3,494,912 for the year ended December 31, 2013. All of the losses and gains for both years were related to mutual and money market funds.

5. Fair Value Measurements

ASC 820, as amended, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation technique used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety. The valuation technique used needs to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

transact at that price. The mutual funds held by the Plan are deemed to be actively traded and were therefore classified within Level 1 of the fair value hierarchy.

Money market fund: Valued at NAV. The money market fund is invested in the Fidelity Retirement Money Market Trust. The Plan invests in the money market fund to provide daily liquidity. The fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded and was therefore classified within Level 1 of the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Code and therefore the related trust is tax-exempt. In accordance with Revenue Procedures 2009-6 and 2005-16, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Under ERISA Section 412, in order to protect the Plan against fraud or dishonesty, the Plan is required to maintain a fidelity bond of a minimum of 10 percent of net assets available for benefits as of the beginning of the plan year, with a ceiling of \$500,000. During 2013 and 2014, the Plan did not meet this requirement. The impact of this violation is uncertain at this time. Management has made necessary corrections subsequent to year end to ensure compliance with the DOL and the IRS.

8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and,

therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations, except for certain participant transaction fees, which are included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2015, the date the financial statements were available to be issued.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per the financial statements	\$ 28,637,602	\$ 27,270,239
Participant contributions receivable not recorded on Form 5500	(151,174)	-
Employer contributions receivable not recorded on Form 5500	(145,477)	-
Net assets available for benefits per Form 5500	<u>\$ 28,340,951</u>	<u>\$ 27,270,239</u>

The following is a reconciliation of net increase per the financial statements to net income per Form 5500 for the year ended December 31, 2014:

Net increase per the financial statements	\$ 1,367,363
Participant contributions accrued per the financial statements and not accrued per Form 5500 as of December 31, 2014	(151,174)
Employer contributions accrued per the financial statements and not accrued per Form 5500 as of December 31, 2014	(145,477)
Net income per Form 5500	<u>\$ 1,070,712</u>

11. Plan Errors and Prohibited Transactions

During 2014, certain employee elected deferrals were erroneously calculated and withheld. Additionally, certain employer contributions were incorrectly calculated. Management is currently evaluating the effect of these plan errors but does not believe the net effect is material to the overall financial statements. The Plan Sponsor intends to make the above mentioned corrections as soon as administratively possible and file Form 5330.

During 2014, the plan sponsor inadvertently failed to make deposits of \$757,762 of participant deferrals and loan payments within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the employer remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. Management believes that assets can reasonably be segregated within 5 business days; therefore, any amount remitted after 5 days is considered late. The plan sponsor made deposits ranging from 6 days to 44 days after the date in which the contribution was withheld, and an additional deposit has not yet been made as of the report date. The Plan Sponsor intends to file a Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan. In addition, participant accounts will be credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis.
