Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Land Title Guarantee Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1990; was restated on January 1, 2014; and is a profit sharing plan qualifying under Section 401(k) of the Internal Revenue Code (the "Code") for the benefit of eligible employees of Land Title Guarantee Company (the "Company") and its majority-owned subsidiaries, Meridian Land Title, LLC and Land Title Exchange Corporation. The Plan is available to employees who have completed three months of service, excluding leased and contract employees. Once eligible, participants can enter the Plan the following pay period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of the Company administers the Plan. Charles Schwab Trust Company ("Schwab") serves as custodian and trustee and manages the Plan's investments. Milliman, Inc. maintains the Plan's records. The Plan offers participants a variety of investment options through various mutual funds, a money market fund, and a general insurance account. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions of up to 100% of their annual compensation, subject to annual limitations established by the IRS. Additional catch-up contributions are available to any participant who is age 50 or older. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Employees are eligible to contribute on an after-tax basis, through payroll deductions, a percentage of eligible compensation subject to annual IRS limitations as Roth 401(k) contributions. A participant's combined before-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

Effective January 1, 2014, the Plan was amended to provide for automatic enrollment with respect to eligible employees hired or rehired on or after January 2, 2014. Eligible employees are automatically enrolled at a deferral rate equal to 4% of eligible compensation, unless they make an affirmative election not to defer or to defer a different percentage.

The Plan provides for a mandatory employer match, calculated on an annual basis, of 25% of the first 4% of each participant's eligible salary contributed up to a maximum of 1% of the participant's annual eligible compensation.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

The Company may also elect to make discretionary profit sharing contributions to eligible participants with 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year or who retire, die, or become disabled during the Plan year, as determined on a yearly basis by the Company. A discretionary profit sharing contribution of $500,000 was made to the Plan for the year ended December 31, 2014.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, an allocation of the Company's contributions, rollover contributions, Plan earnings or losses thereon, administrative expenses, and forfeitures. Employer discretionary profit sharing contributions and forfeitures are allocated to participant accounts based on the ratio of each participant's annual eligible compensation to the total of all participants' annual eligible compensation. Allocations of Plan earnings or losses are based upon account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, all employer matching contributions, and allocated earnings or losses thereon.

Any employer discretionary profit sharing contributions (including forfeitures) and the earnings or losses thereon will vest as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant's account becomes 100% vested upon death, permanent disability, attaining normal retirement (age 65), or if the Plan is terminated.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances and may only have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years. The loans are secured by the vested balances in the participants' accounts and bear interest at 2.00% above the Prime Rate at the date of loan origination. Certain fees are also charged for the origination of the loan. Interest rates on loans outstanding at December 31, 2014 are at 5.25% and maturity dates range from January 2015 through January 2020.

Payments of Benefits

Upon death, disability, retirement, or termination of service, a participant may elect to receive a lump-sum payment in the amount equal to the participant's vested account balance. Vested account balances less than $1,000 will be automatically distributed upon termination.

Participants may not make withdrawals from their accounts prior to retirement at age 65 without incurring penalties, except in the event of disability, death, termination of employment, or early retirement at age 59½, subject to certain restrictions. Participants may also make certain voluntary in-service withdrawals after age 59½ as a lump-sum or partial payout and are required to take mandatory required distributions at age 70½. Benefits to participants are recorded when paid.

Participant Termination and Forfeitures

If at the time of termination of employment a participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account may be placed in a separate account and may be used to offset future employer contributions. Forfeitures not used for these purposes shall be allocated to participants in the same manner as the employer's profit sharing contribution. Forfeitures allocated to participants' accounts were $12,548 for the year ended December 31, 2014. The balance in the forfeiture account at December 31, 2014 and 2013 was $32,062 and $23,750, respectively.

Valuation of Investments and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date. Interest is recognized on the accrual method.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Risks and Uncertainties

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Assets Certified by Schwab

Schwab has certified in writing to the Plan administrator that the stated amounts for investments at fair value and Plan loans at amortized cost as of December 31, 2014 and 2013 and the income earned or losses incurred on the investments and Plan loans for the year ended December 31, 2014, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

Note 2 - Assets Certified by Schwab (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by Schwab, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,	
	2014	2013
Vanguard Morgan Growth Admiral Shares Fund	$ 6,767,946	$ 6,115,427
Thornburg International Value Instl Class Fund	$ 4,720,777	$ 4,477,278
Schwab Retirement Advantage Money Market Fund	$ 4,720,562	$ 5,307,927
PIMCO Total Return Instl Class Fund	$ 3,918,957	$ 3,789,400
Vanguard 500 Index Signal Fund	$ 3,637,859	$ 3,205,360
Vanguard Windsor II Admiral Shares Fund	$ 3,606,611	$ 3,150,459
Vanguard Explorer Admiral Shares Fund	$ 2,914,047	$ 2,785,781
Royce Total Return Fund	$ 2,748,338	$ 2,615,736

Note 3 - Fair Value Accounting

Accounting principles generally accepted in the United States of America require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 3 - Fair Value Accounting (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured on a recurring basis at fair value as of December 31, 2014 and 2013.

Note 4 - Tax Status

The Plan did not obtain a Plan-specific determination letter as it operated with the volume submitter's opinion letter, which was issued on the basic plan document on March 31, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Note 4 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provided certain administrative, accounting, and legal services at no cost to the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the net assets of the Plan will be allocated to each participant as prescribed by ERISA regulations and the Plan document.

Note 7 - Related Party and Party-in-Interest Transactions

A Plan investment is a money market fund managed by Schwab. Schwab is the trustee, as defined by the Plan. In addition, the Plan provides for participant loans. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.
