HALL MARK GLOBAL TECHNOLOGIES INC
401 (K) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2014

(1) Description of the Plan

The following brief description of the Hall Mark Global Technologies INC. 401(K) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

(a) General

Hall Mark Global Technologies Inc established the Plan effective July 1, 2014. The Plan is a defined contribution plan covering certain full time employees of several affiliated companies including Performance Resources NY, Inc., HCR Group, Inc., and Tech One Staffing, LLC (collectively, the Company) . The Plan is subject to the provisions of the employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Eligibility

All full time employees are generally eligible to participate in the plan. There is no minimum age or minimum service requirement.

(c) Contributions

Participants may contribute up to the maximum allowable pretax compensation, as defined in the Plan. Participant elected salary deferrals are limited to the maximum allowable under the internal revenue Code (IRC), and adjusted annually by a cost-of-living factor, of $17,500 in 2014. The Employer may, in its sole discretion, contribute and allocate to each eligible Participants Account, a percentage of the Participant's Elective Deferrals. Matching Contributions, if any, shall be determined as of the end of the Plan year. The Company did not make a discretionary contribution to the Plan in 2014

(d) Participants' Accounts

Each participant's account is credited with salary-deferred contributions, and plan earnings, net of certain administrative fees.

(e) Vesting

Each Participant whose employment terminates for reason other than death, disability, attainment of normal retirement age or early retirement, is entitled to a non-forfeitable right to his or her employer contribution account based on the following:

Years of Vesting Service	Vested Percentage
Less than 2 year	0 %
2 year but less than 3	20
3 years but less than 4	40
4 years but less than 5	60
5 years but less than 6	80
6 or more	100

Additionally, 100% vesting of Company matching and discretionary contributions occurs upon death, disability, or qualification for retirement.

(f) Payment of Benefits

Benefits are paid according to the vested interest in the account that the participant is entitled to upon retirement, termination, death, or disability. Benefits are distributed to the participant or beneficiary in installment payments, a single lump-sum payment, or as a single life or joint and survivor annuity, as defined in the Plan document.

(g) Participant Loans

Participants may borrow from their Participants 401 (K) Account and Employer Contribution Account. Interest rates for participant loans are based on the rate a banking institution charges its most creditworthy customers. As of December 31, 2014 there were no loans borrowed or outstanding.

(h) Forfeitures

If a participant terminates employment prior to being fully vested in the Company's matching and discretionary contributions and earnings thereon for any reason except death, disability, or qualification for retirement, then the unvested contributions will be forfeited. These forfeited funds are used first to reinstate previously forfeited account balances of former participants, if any, and the remaining forfeitures, if any shall be used to reduce the contributions of the Company for the plan year.

(2) Summary of significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from estimates.

(c) Valuation of Investments and Income Recognition

The Plan's investments as of December 31, 2014 are stated at fair value as determined by State Street Bank and Trust, the Plan's trustee.

(d**) Plan Expenses**

Fees associated with loans are paid for by the Plan. Fees charged by the Plan's custodians and all other administrative expenses associated with the operation of the Plan are paid by the Company.

(**e**) **Payment of Benefits**

Benefits are recorded when paid.

(3) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 8, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the IRC. Management believes the Plan is designed and operated in accordance with the IRC. As such, there is no provision for income taxes in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As the Plan became effective in 2014, the only tax year that is open as of October 9, 2015 is 2014.

(4) Related Party Transactions

Certain of the Plan's investments are shares of mutual funds managed by State Street Bank. State Street Bank is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. All other transactions which may be considered parties-in-interest transactions relate to normal plan management and administrative services, and the related payment of fees and are accordingly exempt.

(5) Certified Financial Information

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investment balances and investment activity included in the accompanying financial statements and supplemental schedule are derived from information certified by the trustee as complete and accurate.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, the participants will become fully vested in their accounts.

During 2014 the Plan's investments including investments bought, sold, and held during the year appreciated / (depreciated) in value as follows:

Mutual Funds	$(786)

(8) Information Prepared and Certified by Trustee

The following information, as of December 31, 2014 and for the year ending December 31, 2014 as the case may be, included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	December 31
	2014
Investments, at fair value: shares of registered investment companies	$42,227
Investment income	1,270
Net appreciation/depreciation in fair value of investment	$(786)

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Fair Value Measurements

The Plan establishes a framework for measuring fair value in accordance to Financial Accounting Standards Board Statement No 157. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable fro the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014
