To the Administrative Committee of
Findly 401(K) Savings Retirement Plan

Independent Auditor's Report

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Findly 401(K) Savings Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the ten months ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the Plan administrator that the trustee holds the Plan's investment

assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2014 and for the ten months then ended that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, listed in the foregoing table of contents, as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, I do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FINDLY 401(K) SAVINGS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Findly 401(K) Savings Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company age 18 or over who have completed one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Unless an eligible employee opts out, eligible employees of Findly Talent, LLC (the "Company") are automatically enrolled in the plan with a pre-tax, three percent salary deferral. Contributions for participants with an automatic enrollment option have their contribution percentage increased by one percent each year to a maximum of six percent. Participants may elect to contribute up to sixty percent of annual compensation on a pre-tax basis, as defined in the Plan. However, the total salary deferral in any taxable year may not exceed the dollar limit set by law, which was \$17,500 (\$23,000 if over age 50) in 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also provides a Company discretionary matching contribution to the Plan. There were no employer contributions to the Plan for the period ended December 31, 2014.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Distributions from the deferral account are not permitted before age 59-1/2 except in cases of death, disability, termination of employment or hardship. Allocations to participants who have withdrawn from the Plan at December 31, 2014 and 2013 were \$0 and \$0, respectively.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after zero years of credited service.

Participant Loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. The Plan provides for loan payments to be made not less than

quarterly, and for the loan to be amortized on a level basis over a reasonable period of time not to exceed five years. Loans used to acquire a principal residence may be made over a reasonable period of time longer than five years.

Payment of Benefits. On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not more than the assumed life expectancy of the participant. On termination due to death, the participant may receive the vested account balance as a lump sum distribution or in installments over a period not exceeding five years. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2014 there were no forfeited nonvested accounts.

Administrative Expenses. All significant expenses of maintaining the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 14, 2015, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payments of Benefits

Benefits are recorded when paid.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$9,724 as follows:

Mutual Funds	(\$9,724)

NOTE 3 - INVESTMENTS

The following presents investments at December 31, 2014 that represent 5% or more of the Plan's net assets:

NOTE 4 - CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

FINDLY 401(K) SAVINGS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Trustee (Fidelity) by a letter dated March 31, 2008 that a Plan that adopts the form submitted are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended since receiving this determination letter. In the opinion of the Plan administrator, the Plan continues to meet the Internal Revenue Code requirements and is currently operating such that its exempt status has been maintained. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

Effective March 1, 2014, the Plan adopted Fair Value Measurements and Disclosures which defines fair value under U.S. generally accepted accounting principles, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. This standard defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value.

The following provides a description of the three levels of inputs that may be used to measure fair value under the standard, the types of plan

FINDLY 401(K) SAVINGS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8 - FAIR VALUE MEASUREMENTS (continued)

investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Level 1 - inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Mutual Funds:

These investments are public investment securities valued using the Net Asset Value (NAV) provided by Fidelity. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted in an active market.

Level 2 - not used.

Level 3 - not used.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table segregates all financial assets and liabilities as of December 31, 2014 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurements.

The Fidelity Prime Fund (the "Prime Fund") invests in U.S. denominated money market securities of domestic and foreign issues, U.S. Government Securities and repurchase agreements. The average yield was 0.01% during 2014.

NOTE 10 - PARTY IN INTEREST

The Prime Fund and nine mutual funds in the Plan are managed by Fidelity, who is the Plan custodian and third party administrator. These transactions qualify Fidelity as a party in interest. Fees paid by the Plan for the investment management fees and services amounted to \$20,175 for the ten months ended December 31, 2014.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Findly 401(K) Savings Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company age 18 or over who have completed one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Unless an eligible employee opts out, eligible employees of Findly Talent, LLC (the "Company") are automatically enrolled in the plan with a pre-tax, three percent salary deferral. Contributions for participants with an automatic enrollment option have their contribution percentage increased by one percent each year to a maximum of six percent. However, the total salary deferral in any taxable year may not exceed the dollar limit set by law, which was \$17,500 (\$23,000 if over age 50) in 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also provides a Company discretionary matching contribution to the Plan. Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. NOTES TO FINANCIAL STATEMENTS

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Trustee (Fidelity) by a letter dated March 31, 2008 that a Plan that adopts the form submitted are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not been amended since receiving this determination letter. In the opinion of the Plan administrator, the Plan continues to meet the Internal Revenue Code requirements and is currently operating such that its exempt status has been maintained. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

Effective March 1, 2014, the Plan adopted Fair Value Measurements and Disclosures which defines fair value under U.S. generally accepted accounting principles, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. This standard defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value.

The following provides a description of the three levels of inputs that may be used to measure fair value under the standard, the types of plan

investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Level 1 - inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Mutual Funds:

These investments are public investment securities valued using the Net Asset Value (NAV) provided by Fidelity. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted in an active market.

Level 2 - not used.

Level 3 - not used.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table segregates all financial assets and liabilities as of December 31, 2014 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurements.
