Independent Auditors' Report

Board of Trustees
St. Margaret Hall Money Purchase Pension Plan
Cincinnati, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of St. Margaret Hall Money Purchase Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits with fund information for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the St. Margaret Hall Money Purchase Pension Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits with fund information for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules on pages 13 through 15 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

ST. MARGARET HALL MONEY PURCHASE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

1. Description of the Plan:

The following brief description of the St. Margaret Hall (the "Company") Money Purchase Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Company's Finance Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Trustees.

Contributions:

Each year, the Company contributes 4% of each qualifying participant's compensation to the Plan. The Company's contribution consists of the calculated amount less forfeitures accumulated during the year. Participants may also contribute, at the discretion of the Plan Administrator, amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). All contributions into the Plan are invested in a portfolio of investments that are all non-participant directed.

The Plan did not meet ERISA minimum funding requirements, see Note 6.

Participant accounts:

Each participant's account is increased by the Company's contribution, participant rollover contributions and an allocation of Plan investment earnings and appreciation. Each participant's account is decreased by an allocation of Plan investment losses and depreciation, administrative expenses, and forfeitures. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in rollover contributions plus actual earnings thereon.

Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

Participants are 20% vested after completing two years of qualified service. The vested percentage then increases by 20% for each qualified year of service until it reaches 100% after the sixth year. A year of qualified service is a calendar year in which a participant has completed 1,000 or more hours of service.

ST. MARGARET HALL MONEY PURCHASE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2014 AND 2013

1. Description of the Plan (continued):

Payment of benefits:

On termination of service, a participant or his or her beneficiary will receive a lump-sum distribution if their vested account balance is less than \$1,000. If their account balance is between \$1,000 and \$5,000, their vested balance will be transferred to an IRA in their name. A participant or his or her beneficiary with an account balance in excess of \$5,000 may receive a lump-sum distribution or may elect to remain in the Plan and have his or her benefits distributed on his or her normal or early retirement date. Retirement benefit distributions are made in the form of an annuity or in a single lump-sum distribution.

Forfeitures:

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account (as defined) represents a forfeiture. Forfeitures are utilized to reduce the Company's contribution for the plan year.

The amount of forfeited nonvested account balances totaled \$7,511 at December 31, 2014 and \$1,434 at December 31, 2013, which were used to reduce the Company's contribution.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

ST. MARGARET HALL MONEY PURCHASE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2014 AND 2013

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition (continued):

Purchases and sales of securities are recorded daily. Interest income is recorded on the accrual basis. Realized gain or loss on investments is the difference between the proceeds received and the historical cost of the investments sold. Unrealized appreciation in the fair value of investments is the net change in the difference between fair value and the cost of investments, as provided by the custodian. These gains or losses and net changes in the differences between fair value and the cost of investments are reflected in the statements of changes in net assets available for benefits with fund information as net appreciation in fair value of investments.

Payment of benefits:

Benefit payments are recorded when paid.

At December 31, 2014, \$5,649 was due to one participant who withdrew from the Plan and requested benefit payment prior to the Plan year end. At December 31, 2013, no participants who withdrew from the Plan requested benefit payments prior to the Plan year end.

Expenses:

Certain administrative expenses are paid by the Plan with the expense allocated to each participant. Third-party administrator fees and other professional fees are currently paid by the Company. The Company provides other accounting and administrative services at no cost to the Plan. Administrative expenses of the Plan paid by the Company amounted to \$10,780 in 2014 and \$10,560 in 2013.

Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 14, 2015, the date the Plan's financial statements were available to be issued.

3. Investments:

The following information is included in the financial statements and supplemental schedules at fair value at December 31, 2014 and 2013. The fair values are as determined by Morgan Stanley Smith Barney LLC, the Custodian.

	<u>2014</u>	<u>2013</u>

YEARS ENDED DECEMBER 31, 2014 AND 2013

3. Investments (continued):

	<u>2014</u>	<u>2013</u>
Net investment appreciation (depreciation) in fair value of:		
Bonds and government-issued securities	\$ 23,330	\$ (42,560)
Common stock	<u>117,794</u>	<u>230,010</u>
	<u>\$ 141,124</u>	<u>\$ 187,450</u>

There is only one single individual investment that is greater than 5% of Plan assets in 2013, which is the US Treasury Notes due 8/15/2021, with a fair value of \$117,219 at December 31, 2013. There is no individual investment that is greater than 5% of Plan assets in 2014.

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market funds and common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

4. Fair value measurements (continued):

Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

U.S. government-issued securities are valued using pricing models maximizing the use of observable inputs for similar securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

5. Termination of the Plan:

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to terminate or partially terminate, participants would become 100% vested in their accounts, and the Plan's value would be determined at the fair value at that time.

6. Party-in-interest transactions:

Certain Plan investments are managed by Morgan Stanley Smith Barney, LLC (Morgan Stanley). Morgan Stanley is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

YEARS ENDED DECEMBER 31, 2014 AND 2013

6. Party-in-interest transactions (continued):

The 2014 and 2013 employer contributions, net of forfeitures, totaling \$138,896 and \$125,686, respectively, was not remitted to the Plan within the time limit prescribed by the Department of Labor. The Company will calculate and remit the earnings on the late contributions, which will be allocated to all affected participants.

7. Tax status:

The IRS has determined and informed the Plan by a letter dated December 17, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. Risk and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
