Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Sage 401(k) Retirement and Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established October 1, 1990, and most recently amended in September 2014. The Plan is available to employees age 20 years or older who have completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Sage Hospitality Resources, LLC (the "Company") administers the Plan. Fidelity Management Trust Company ("Fidelity") serves as trustee, manages Plan assets, and maintains the Plan's records. Fidelity offers Plan participants a variety of investment options through various mutual funds, a common and collective trust, and a money market fund. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions

Participants may make before-tax contributions up to 90% of their annual eligible compensation, not to exceed $17,500, as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. Each payroll, the Company made a matching contribution of 50% of elective deferrals up to 3% of compensation. Additionally, there is a supplemental contribution for certain collectively bargained employees whereby such employees who have completed 1,000 hours during the Plan year and are still employed on December 31st will receive a Company contribution of $0.25 per hour worked, up to a maximum of 40 work hours per week. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65), or retirement due to disability, or if the Plan is terminated.

Participant Loans Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates at 4.25%, which are commensurate with local prevailing rates at loan origination as determined quarterly by the Plan administrator, and mature at various dates through May 2024. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payments of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or annual installments over a period of not more than the participant's assumed life expectancy at the time of distribution. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Benefits are recorded when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses or reduce employer contributions. The balance of this account at December 31, 2014 and 2013 was $249,676 and $227,216, respectively, and $62,503 of forfeitures were utilized during 2014.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

As of December 31, 2014 and 2013, the Plan invests in a common and collective trust stable value fund that contains investment contracts. In accordance with GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by GAAP, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment from fair value to contract value. There are no reserves against contract value for credit risk of the issuer or otherwise. The average yields and crediting interest rate on the contracts approximated 1.5% for 2014 and 2013.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by Fidelity are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

Note 2 - Investments

Fidelity has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2014 and 2013 and the income earned thereon for the year ended December 31, 2014, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year) are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets available for benefits was the following:

	December 31,		
	2014	2013	
JP Morgan U.S. Equity Fund	$ 1,493,014	$ 1,231,393	
Fidelity New Insights Fund	$ 1,416,104	$ 1,215,597	
Fidelity Stable Value Portfolio	$ 1,325,076	$ 1,224,999	
Fidelity Freedom 2040 Fund	$ 1,230,358	$ 1,087,126	
Fidelity Freedom 2045 Fund	$ 1,182,643	$ 625,095	*

* Balance does not represent 5% of net assets available for benefits in the respective year.

The Plan's investments (including investments bought, sold, as well as held, during the year) depreciated in value as follows:

Mutual funds	$ (68,461)
Common/collective trust	23,110
	$ (45,351)

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value measured on a recurring basis as of December 31, 2014 and 2013.

Assets at fair value as of December 31, 2014 are as follows:

Description	Level 1	Level 2	Level 3	Total

Assets at fair value as of December 31, 2013 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Large-cap	$ 3,842,715	$ -	$ -	$ 3,842,715
Mid-cap	1,408,063	-	-	1,408,063

Total	$ 16,884,498	$ 1,224,999	$ -	$ 18,109,497

Mutual funds and the money market fund are valued based upon the quoted market prices at the close of business on the reporting period date, as reported by Fidelity.

The common and collective trust is valued at net asset value ("NAV"). The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments.

There were no changes to the valuation techniques used during the year.

Reported Net Asset Values

The following table, as of December 31, 2014 and 2013, sets forth a summary of the Plan's investments measured at fair value based on reported NAV.

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Investments					
Fidelity Advisor Stable Value Fund (2014)	$ 1,325,076	$ -	Daily	None	Quarterly
Fidelity Advisor Stable Value Fund (2013)	$ 1,224,999	$ -	Daily	None	Quarterly

Note 3 - Fair Value Accounting (continued)

The stable value portfolio seeks to protect principal and provide investors with the potential to achieve returns higher than other conservative investments, such as money market funds. The fund invests in instruments issued by highly rated financial institutions. The investments selected for the fund are not expected to experience significant price fluctuations in most economic or interest rate environments.

Note 4 - Income Taxes

The Plan did not obtain a plan-specific determination letter, as it operates with the trustee's determination letter, which was issued on the basic Plan document. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are mutual funds, a money market fund, and a common and collective trust fund managed by Fidelity. Fidelity is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions, distributions, receivables, and payables for financial reporting purposes differ from amounts shown on the Plan's Form 5500 as of December 31, 2014 and 2013 and for the year ended December 31, 2014 due to the accrual of employer and participant contributions recorded in 2013 but paid to the Plan subsequent to year-end, the accrual of excess contributions payable, and the adjustment from fair value to contract value for fully benefit-responsive investment contracts.

The Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

26. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Code, and we intend to continue them as a qualified plan (and trust). The plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status.

27. Required non-discrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

28. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.

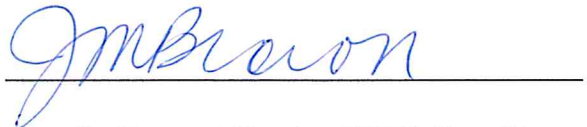

29. The Plan has complied with the fidelity bonding requirements of ERISA.

30. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

31. We believe the form and content of the supplemental schedule is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

32. We have reviewed all Plan expenditures for reasonableness.

33. We have reviewed the pay codes used to determine employee deferrals, employer contributions, and discrimination testing, in order to ensure that the payroll information is in compliance with the definition(s) of compensation defined in the Plan document.
