Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MAHLE Industrial Thermal Systems America L.P. Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by the Trustee is complete and accurate.

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description

The following description of MAHLE Industrial Thermal Systems America L.P. Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all full-time employees of the plan sponsor, who have completed at least three months of service and are age 21 or older. Eligible participants are automatically enrolled in the Plan once they have met the eligibility requirements unless they affirmatively decline to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 30, 2013, MAHLE GmbH (MAHLE) became the majority shareholder of Behr GmbH & Co. KG. The plan sponsor was a joint venture between these entities, prior to this transaction. As a result of this transaction, the plan sponsor's legal name changed from MAHLE Behr Industry America, L.P. to MAHLE Industrial Thermal Systems America, L.P. (the "Company"). Accordingly, the plan's name was changed from MAHLE Behr Industry America 401(k) Plan to MAHLE Industrial Thermal Systems America L.P. Plan.

The Plan merged into the MAHLE 401(k) Asset Accumulation Plan. Accordingly, all assets, participants and their related balances were transferred to the MAHLE 401(k) Asset Accumulation Plan at December 31, 2014. Provisions of the Plan prior to the merger are summarized as follows.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 75 percent of annual compensation subject to maximum tax deferred limitations established by the Internal Revenue Code (the "Code"). Participants may also make contributions in the form of a rollover of funds from another qualified plan. If automatically enrolled, a participant's deferral is set at 3 percent of eligible compensation until changed by the participant. The automatic deferral increases by 1 percent annually not to exceed 10 percent of eligible compensation. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

Prior to January 1, 2014, the Plan provided for employer matching contributions of 75 percent of the first 10 percent of compensation that a participant contributed to the Plan.

Effective January 1, 2014, the plan document was amended to adopt provisions for safe harbor contributions, which provide for employer matching contributions of 100 percent of the participant's contributions up to 3 percent of eligible compensation, plus 50 percent of the next 2 percent of eligible compensation.

Additional discretionary matching contributions may be contributed at the discretion of the Company's board of directors. No such amounts were contributed for 2014. All contributions are subject to certain limitations of the the Code.

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, their contributions are invested in the applicable lifecycle fund based on the participant's age until the participant changes his or her election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts - Each participant's account is credited with the participant contribution, and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's matching contributions is based on years of continuous service. Participants vest in contributions made by the Company 33 percent after one year of service and 66 percent after two years of service and are 100 percent vested after three years of service.

Payment of Benefits - Upon termination of employment, the participant or, in the case of death, the beneficiary can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$5,000 are paid in a single lump sum upon termination.

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$500 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeitures are used to reduce future company contributions.

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 9, 2015, which is the date the financial statements were available to be issued.

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions at December 31, 2013. The investment balances and related investment income and losses included in the accompanying financial statements are based solely on information provided by the Trustee.

Investments that exceed 5 percent of end of year net assets are as follows:

	2013
Common collective trust fund - Invesco National Trust Company	
Stable Value Retirement Fund - At contract value	\$ 133,725
Registered investment companies - At fair value:	
Nationwide Investor Destinations Moderate Fund	191,104
BlackRock Global Allocation Fund	529,670
Allianz Global Investors NFJ Small-Cap Value Fund	183,282
Prudential Jennison Equity Opportunity Fund	360,415
Thornburg International Value Fund	185,776
JPMorgan Market Expansion Index Fund	247,561

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Due to the merger, the Plan had no investments at December 31, 2014. The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 4 - Fair Value Measurements (Continued)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Registered Investment Companies - Registered investment companies are valued at closing quoted prices in active markets.

Common Collective Trust Fund - The common collective trust fund investment is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the common collective trust funds is based on its proportionate ownership interest in the fair value of the common collective trust fund.

The common collective trust fund primarily holds common collective trust funds. The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2013

	Level 1	Level 2	Level 3	Balance at December 31, 2013
Common collective trust fund - Stable value investment (I)	\$ -	\$ 134,789	\$ -	\$ 134,789
Registered investment companies:				
Equity investments	1,746,366	-	-	1,746,366
Fixed-income investments	158,925	-	-	158,925
International equity investments	298,581	-	-	298,581
Total	<u>\$ 2,203,872</u>	<u>\$ 134,789</u>	<u>\$ -</u>	<u>\$ 2,338,661</u>

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 4 - Fair Value Measurements (Continued)

- (1) This category includes a stable value trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in common collective trust fund and synthetic guaranteed investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 6 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 to Form 5500:

Net assets available for benefits per the financial statements	\$ 2,441,775
Adjustment to fair value for stable value fund	1,064
Other	595
Net assets available for benefits per Form 5500	<u>\$ 2,443,434</u>

The following is a reconciliation of net increase before other changes per the financial statements for the year ended December 31, 2014 to Form 5500:

Total net increase before other changes per the financial statements	\$ 324,378
Adjustment to fair value from contract value for fully benefit-responsive stable value fund at December 31, 2013	(1,064)
Other	(595)
Total net increase before other changes per Form 5500	<u>\$ 322,719</u>

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description

The following description of MAHLE Industrial Thermal Systems America L.P. Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all full-time employees of the plan sponsor, who have completed at least three months of service and are age 21 or older. Eligible participants are automatically enrolled in the Plan once they have met the eligibility requirements unless they affirmatively decline to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 30, 2013, MAHLE GmbH (MAHLE) became the majority shareholder of Behr GmbH & Co. KG. The plan sponsor was a joint venture between these entities, prior to this transaction. As a result of this transaction, the plan sponsor's legal name changed from MAHLE Behr Industry America, L.P. to MAHLE Industrial Thermal Systems America, L.P. (the "Company"). Accordingly, the plan's name was changed from MAHLE Behr Industry America 401(k) Plan to MAHLE Industrial Thermal Systems America L.P. Plan.

The Plan merged into the MAHLE 401(k) Asset Accumulation Plan. Accordingly, all assets, participants and their related balances were transferred to the MAHLE 401(k) Asset Accumulation Plan at December 31, 2014. Provisions of the Plan prior to the merger are summarized as follows.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 75 percent of annual compensation subject to maximum tax deferred limitations established by the Internal Revenue Code (the "Code"). Participants may also make contributions in the form of a rollover of funds from another qualified plan. If automatically enrolled, a participant's deferral is set at 3 percent of eligible compensation until changed by the participant. The automatic deferral increases by 1 percent annually not to exceed 10 percent of eligible compensation. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

Prior to January 1, 2014, the Plan provided for employer matching contributions of 75 percent of the first 10 percent of compensation that a participant contributed to the Plan.

Effective January 1, 2014, the plan document was amended to adopt provisions for safe harbor contributions, which provide for employer matching contributions of 100 percent of the participant's contributions up to 3 percent of eligible compensation, plus 50 percent of the next 2 percent of eligible compensation.

Additional discretionary matching contributions may be contributed at the discretion of the Company's board of directors. No such amounts were contributed for 2014. All contributions are subject to certain limitations of the the Code.

MAHLE Industrial Thermal Systems America L.P. Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, their contributions are invested in the applicable lifecycle fund based on the participant's age until the participant changes his or her election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts - Each participant's account is credited with the participant contribution, and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's matching contributions is based on years of continuous service. Participants vest in contributions made by the Company 33 percent after one year of service and 66 percent after two years of service and are 100 percent vested after three years of service.

Payment of Benefits - Upon termination of employment, the participant or, in the case of death, the beneficiary can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$5,000 are paid in a single lump sum upon termination.

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$500 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeitures are used to reduce future company contributions.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Due to the merger, the Plan had no investments at December 31, 2014. The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Note 4 - Fair Value Measurements (Continued)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Registered Investment Companies - Registered investment companies are valued at closing quoted prices in active markets.

Common Collective Trust Fund - The common collective trust fund investment is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the common collective trust funds is based on its proportionate ownership interest in the fair value of the common collective trust fund.

The common collective trust fund primarily holds common collective trust funds. The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (Continued)

- (1) This category includes a stable value trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in common collective trust fund and synthetic guaranteed investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.
