401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Indus Valley Consultants, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document and the summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Indus Valley Consultants, Inc. (the "Company") who are age twenty-one or older for elective deferral contributions, and at least 1,000 hours for matching contributions and profit sharing contributions. Employees are eligible to enter the Plan upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year, participants may contribute up to limits determined by the Internal Revenue Service (IRS), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document. Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Company may make matching contributions, as well as a profit sharing contribution to the Plan. These amounts will be determined by Company management on an annual basis. There was no profit sharing or matching contribution for 2014. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with (a) employee elective 401(k) deferrals, (b) Plan earnings (losses), including a charge for allocation of administrative expenses, and (c) employer contributions. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Generally, notes are repayable through payroll deductions over periods up to 60 months. The notes are secured by the balance of the participant's account and bear interest at a reasonable rate.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service as defined in the Plan. Vesting begins upon the completion of the first year of service, and a participant is 100% vested after five years of credited service.

Forfeitures

Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the vested portion of the value of their account or any other form of payment included in the Plan document. However, participants with a vested balance of less than \$5,000 will receive a lump sum amount equal to the vested portion of their account. Participants with a vested balance in excess of \$5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

A portion of the administrative expenses, which include audit fees, are paid by the Plan's sponsor.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The process of preparing financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Payment of Benefits

Payments of benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Net Assets Available for Benefits

Net assets available for benefits at December 31, 2014 included \$0 allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Income Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2014. A determination letter has not been received specific to the Indus Valley Consultants, Inc. 401(k) Profit Sharing Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under federal statutes of limitations and remain subject to review and change. Neither the Plan nor the Company are currently under audit nor have they been contacted by any taxing authorities.

Subsequent Events

Plan management has evaluated subsequent events through October 8, 2015, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The following table presents the fair values of investments at December 31, 2014. Investments that represent 5% or more of the Plan's net assets are separately identified.

	2014

JHancock Growth Allocation R2	\$ 95,633
Other Mutual Funds	12,928
	<hr/>
Total Investments at Fair Value	\$ 108,561

During 2014, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the years depreciated in value as follows:

Net Depreciation in Fair Value of Investments:

	Year Ended December 31, 2014
Mutual Funds	\$ 321

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, provided a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2 – Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Mutual Funds – Valued at the Net Asset Value (NAV) of shares held by the Plan at year end.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2014:

	Level 1	Level 2	Level 3	Total
Balanced Funds	\$ 304	\$ -	\$ -	\$ 304
Growth Funds	104,507	-	-	104,507
Other Funds	3,750	-	-	3,750
Total Assets at Fair Value	\$ <u>108,561</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>108,561</u>

NOTE 5 – LIMITED SCOPE AUDIT

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at December 31, 2014, and the net depreciation in fair value of investments, interest, and dividends for the year then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by PAi Trust Company, Inc., the custodian of the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – FORFEITURES

No forfeitures were used to offset plan expenses or employer contributions for 2014. As of December 31, 2014, there was \$0 in unallocated forfeitures remaining.

NOTE 8 – EXCESS CONTRIBUTIONS PAYABLE

The Statement of Net Assets Available for Benefits for the Plan year ended December 31, 2014, includes payments of \$11,247, made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of mutual funds or other investments managed by PAi Trust Company, Inc. PAi Trust Company, Inc. is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees for services and administrative expenses paid by the Plan to the Plan's custodian include \$758 for 2014. There may be additional fees paid with Plan assets included in the net depreciation in fair value of investments line items on the Statement of Changes in Net Assets Available for Benefits.

NOTE 12 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net assets Available for Benefits.
