Independent Auditor's Report

To the Board of Directors
Apax Partners, L.P. 401(k) Retirement Plan
New York, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Apax Partners, L.P. 401(k) Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC (collectively the Custodian), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2014, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to disclosure of investments. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Our disclaimer of opinion is not modified with respect to this matter.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter
The supplemental schedules of Schedule H, Part IV, Line 4(i) - schedule of assets (held at end of year) and Schedule H, Part IV, Line 4(a) as of December 31, 2014, are required by the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by other auditors whose report, dated October 9, 2014, did not express an opinion on the 2013 financial statements for the same reasons described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2013 financial statements, other than that derived from the information certified by the Custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of the Apax Partners, L.P. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan provides employees of Apax Partners, L.P. (the Employer) with the opportunity to save for retirement on a tax advantaged-basis. This Plan is a type of qualified retirement plan commonly referred to as a 401(k) Plan. Participants under the Plan may elect to contribute a portion of their compensation to the Plan. In addition, the Employer may make contributions to the Plan on the participants' behalf. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), the Internal Revenue Code (IRC), and other federal and state laws. The provisions of the Plan are subject to revision due to changes in laws or due to pronouncements by the Internal Revenue Service (IRS) or Department of Labor (DOL).

Eligibility: Employees will generally become eligible to participate when they have completed one hour of service each month during six months of employment and have attained the age of twenty one. If an employee does not complete one hour of service each month during six months of employment, then they will have satisfied the service requirement if they are credited with a year of service. Employees will actually participate once they reach the Entry Date. The Entry Date is defined as the first day of the Plan Year quarter coinciding with or next following the date the employee satisfies the eligibility requirements.

Employee Contributions: Eligible employees may contribute a percentage of their pre-tax annual compensation as selected by the participant, as defined by the Plan, and subject to IRC limitations on maximum deferral contributions, which was $17,500 (or $23,000 for eligible employees 50 or older) for 2014. As of December 31, 2014, there were 25 different investment options to choose from. The annual compensation of each employee taken into account under the Plan may not exceed $260,000 for 2014.

Employer contributions: The Employer may make a matching contribution not to exceed 6% of the employees' compensation. This matching contribution is subject to the vesting schedule below. In order to maintain "safe harbor" status, the Employer also makes a non-elective contribution equal to 3% of the employees' compensation, which amounted to $378,942 in 2014. This contribution is 100% vested.

Vesting: Employees are always 100% vested in their accounts attributable to elective deferrals including catch-up contributions, rollover contributions, and safe harbor contributions. In order to reward employees who remain employed with the Employer for a long period of time, the law permits a "vesting schedule" to be applied to certain contributions that the Employer makes to the Plan. The vested percentage in the participant accounts attributable to the matching contributions is determined under the following schedule:

Years of Service	Vesting Percentage
Less than 1	0.00%
1	33.33%
2	66.67%
3	100.00%

Participant accounts: Each participant's account is credited with the participant's deferral contributions, withdrawals, rollover contributions, and allocations of the Employer's matching contributions and Plan earnings. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Rollover contributions: Participants may transfer to their Plan accounts part or all of an eligible rollover distribution received from other qualified plans and certain IRAs. Rollover contribution accounts will be subject to the terms of this Plan and will always be fully vested and nonforfeitable.

Distributions from Plan: A participant's vested interest may be distributed only after the participant's disability, termination from employment, attainment of early retirement age 55, the latter of age 62 or attainment of normal retirement age (59½), or death. If one of the aforementioned conditions is met, participants may withdraw all or any part of their vested account at any time. Employees may be entitled to receive in-service distributions. However, these distributions are not in addition to other benefits and will therefore reduce the value of the benefits the employee will receive at retirement. These distributions are made at the employee's election and subject to possible administrative limitations on the frequency and actual timing of such distributions. Amounts may be withdrawn from rollover contributions at any time.

Forfeitures: The Plan utilizes all of the forfeited amounts to reduce future contributions made by the Employer. Forfeited nonvested accounts amounted to $64,071 and $33,550 at December 31, 2014 and 2013, respectively.

Administrative expenses: All Administrative expenses are paid by the Plan with the exception of professional fees which are paid by the Employer.

Termination of plan: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Employer will instruct the trustee either (a) to continue to administer the Plan until all funds are depleted, or (b) to distribute the assets remaining in the funds. If the funds are to be distributed, the trustee will distribute to each participant the amount credited to his/her account on the distribution date. In the event of plan termination, participants would become 100% vested in their employer contributions.

Loan provisions: Only active employees who participate in the Plan and have a minimum vested account balance of $2,000 may request a loan. Loans can be requested in the range of $1,000 to $50,000 or 50% of the vested balance, whichever is less. The number of loans a participant may have outstanding at one time is two. The loans are secured by the vested balance in the participant's account. There are two types of loans, General Purpose and Principal Residence. The terms range from 12 to 60 months for General Purpose loans and 61 to 180 months for Principal Residence loans. The loan interest rate is set at 1% over the prime rate. Participants who leave service prior to the end of the loan term will be required to pay off the loan at termination of employment. Principal and interest is paid ratably through payroll reductions.

Hardship withdrawals: Participants may withdraw their employee pre-tax contributions (but not the earnings on the pre-tax contributions) and rollover contributions, if applicable, to satisfy immediate and heavy financial needs. In accordance with IRS regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the Plan administrator.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan holds a portfolio of investment contracts with Great Life Annuity which meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure of for fully-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contact held by the Plan. See Note 5 for discussion of contract value investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Form 5500 presents notes receivable from participants as an investment. Delinquent participant loans are reclassified as distributions based on the terms of the Plan.

Payment of benefits: Benefits are recorded when paid.

Recent accounting pronouncements: In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification (ASC), including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this Update are effective for fiscal periods beginning after December 15, 2013, except for amendments in this Update where there was no transition guidance and which were immediately effective upon issuance. The adoption of the remaining provisions of ASU 2012-04 did not have a material impact on the financial statements.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (a consensus of the FASB Emerging Issues Task Force).* The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair values are measured at NAV per share using the practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity should apply the amendments of this update retrospectively to all periods presented. Retrospective application in this case

Note 2. Summary of Significant Accounting Policies (Continued)

requires that investments valued using the NAV per share practical expedient be removed from the fair value hierarchy in all periods presented. Early adoption is permitted. The Plan early adopted ASU 2015-07 and the impact of adopting these amendments is reflected in Note 4 to the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this

update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the NAV per share (or its equivalent), practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this update for the 2014 Plan year and the amendments in Part I and Part II were retrospectively applied to December 31, 2013. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Note 3. Investments Certified by Great West Life & Annuity Insurance Company of New York and Great West Trust Company LLC

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Great West Life & Annuity Insurance Company of New York and Great West Trust Company LLC, the custodian of the Plan. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the investment assets, notes receivable from participants and related income.

Note 3. Investments Certified by Great West Life & Annuity Insurance Company of New York and Great West Trust Company LLC (Continued)

Great West Life & Annuity Insurance Company of New York, and Great West Trust Company LLC, the custodian, certified the completeness and accuracy of the investments totaling $18,010,446 and $15,783,190 as of December 31, 2014 and 2013, respectively, and certified the completeness and accuracy of notes receivable from participants as of December 31, 2014 and 2013 totaling $40,107 and $109,293, respectively.

In addition, the Plan's custodian also certified to the completeness and accuracy of $115,710 of net appreciation in fair value of investments, $928,847 of dividend and interest income related to the aforementioned investment securities and $2,646 of interest income on notes receivable from participants for the year ended December 31, 2014.

Note 4. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no significant transfers among Levels 1, 2 and 3 during 2014.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Note 4. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Key guaranteed portfolio fund: Valued at contract value which approximates fair value as determined using a discounted cash flow methodology. See Note 5 for additional detail.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Total assets in the fair value hierarchy	$ 16,694,454	$ -	$ -	$ 16,694,454
Total investments at fair value	$ 16,694,454	$ -	$ -	$ 16,694,454

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Total assets in the fair value hierarchy	$ 14,917,352	$ -	$ -	$ 14,917,352
Total investments at fair value	$ 14,917,352	$ -	$ -	$ 14,917,352

Note 5. Key Guaranteed Portfolio Fund

In 2009, the Employer entered into a benefit-responsive contract with First Great-West Life & Annuity Insurance Company (GWLA). Participants may elect to make contributions or make transfers from other Plan funds into the Key Guaranteed Portfolio Fund, which provides a guarantee of principal and a guaranteed quarterly interest rate that is backed by the general account assets of GWLA. The interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio and reset quarterly. The minimum interest crediting rate is 0%.

Either party may terminate the contract at any time. Upon written request, either party has the right to declare a Contribution Cessation Date (Cessation Date) which must specify the exact date within the request and be at least 90 days from the request. After a Cessation Date is declared, no further contributions will be made. On the Cessation Date, the Employer may elect one of three options. One of the available options limits the ability of the Plan to transact at contract value. If the Employer elects to receive payment at book value, GWLA would pay the Employer the sum of the Participant Annuity

Account Value in the Key Guaranteed Portfolio Fund in a lump sum; however, GWLA reserves the right to defer payment of this amount up to 12 months from the Cessation Date. Despite the existence of such an option, participants may transfer their account balances at any time with no restrictions or penalties. The Employer does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Income Tax Status

The Employer adopted a prototype nonstandardized profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan as designed is qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is still designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's management believes that it is no longer subject to income tax examinations for the years prior to 2011.

Note 7 Party-in-Interest Transactions

Certain Plan investments are shares of annuities managed by the current record keeper and custodian First Great West Life & Annuity Insurance Company of New York and Great West Trust Company, LLC. As such, these transactions qualify as party-in-interest.

Note 8. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Risks and Uncertainties (Continued)

The Plan's exposure to a concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments.

The Plan may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Guaranteed Portfolio Fund represents approximately 7% and 5% of the Plan's net assets as of December 31, 2014 and 2013, respectively, and represents an obligation from First Great West Life & Annuity Insurance Company to repay as amounts come due. The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

Note 9. Prohibited Transactions

During 2014, the Plan Sponsor inadvertently failed to deposit approximately $54,371 of participant deferrals within the required time frame as stated by the United States Department of Labor. The Plan Sponsor will file Form 5330 and will pay the applicable excise tax. The excise tax payments pending for 2014 are from the Plan Sponsor's assets and not from assets of the Plan.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 18,429,495	$ 16,389,803
Less		
Employer's contribution receivable	(378,942)	(409,364)
Participants' contribution receivable	-	(87,956)
Net assets available for benefits per Form 5500	$ 18,050,553	$ 15,892,483

Net increase in net assets available for benefits per the financial statements	$ 2,039,692
Add (less)	
Employer's contribution receivable - prior year	409,364
Participants' contribution receivable - prior year	87,956
Employer contribution receivable - current year	(378,942)
Net income per Form 5500	$ 2,158,070

Note 11. Subsequent Events

The Plan was evaluated subsequent to December 31, 2014 and through October 14, 2015, the date on which the financial statements were issued and no additional disclosures were required.
